**Re: Rulemaking Docket and Record Pursuant to Minn. Stat. § 14.116, paragraph (a)**

Dear Senators and Representatives:

The Minnesota Environmental Quality Board (EQB) is pleased to deliver our 2026 update on completed, planned, and in-progress rulemakings, pursuant to Minn. Stat § 14.116, subd. (a). No rulemakings were completed in 2025. EQB has three active rulemaking proceedings in 2026; these rulemakings were directed by the legislature in 2024 and 2025.

As noted last year, EQB in 2024 completed the triennial Mandatory Category Report, pursuant to Minn. Stat. § 116D.04, Subd. 5. That report outlined potential rule changes for the environmental review program; further information-gathering and stakeholder conversations will be needed to scope any necessary changes. EQB staff also continue to consider housekeeping changes. Please feel free to contact me at 651-757-2607 or [catherine.neuschler@state.mn.us](mailto:catherine.neuschler@state.mn.us) if you have any questions or would like further detail.

Sincerely,

Catherine Neuschler  
Executive Director
