Dear Senators and Representatives:

In accordance with Laws of Minnesota 2024, chapter 113, subdivision 6, I am submitting required reporting pertaining to Tax-Forfeited Lands Settlement. The 2024 legislature appropriated \$109 million for payments resulting from the settlement while requiring that participating counties make a good faith effort to sell any remaining properties that forfeited prior to 2024, and remit to the state a portion of the proceeds from those sales.

February 4, 2026

Page 2

The report details this information reported by counties and includes information on parcels, sale status, sale price if applicable, and brief description of good faith efforts made to list and sell properties.

The law required counties to report to Minnesota Management and Budget (MMB) by December 31, 2025. MMB worked with the Association of Minnesota Counties and Minnesota Inter-County Association to make counties aware of this reporting requirement. We continue to work with non-reporting counties to obtain their reports.

As directed by law, the claims administrator agreed to in the settlement is coordinating claim submissions and issuance of settlement payments. MMB was directed to make a one-time payment to the claims administrator under the terms of the settlement.

At this time, information has not been remitted by the following counties:

Clay	Swift
Lincoln	Wadena
Meeker	Watsonwan
Norman	Winona
Sibley	Yellow Medicine

If you have questions, please contact Ronika Rampadarat, Chief Financial Officer, at ronika.rampadarat@state.mn.us or 651-201-8115.

The cost of preparing this report was approximately \$2,011.

Sincerely,

Erin Campbell
Commissioner

Brown	003.040.002.08.081	124 Park Ave N Springfield, MN 56085	7/8/2017	\$ 820	The City of Springfield EDA purchased the parcel as part of a rehabilitation program intended to support the development of affordable housing. The vacant lot was offered for sale at auction in 2020 and again in 2023, and was available for over-the-counter sale in the interim. The lot is not currently build-ready due to conditions resulting from the demolition of the condemned house (SA on parcel), including a significant crater, and it sits at a lower elevation than the adjoining property. Sale at auction for more money was hindered because the City is giving away lots to spur construction in a newer area of town.	Yes	7/3/2025	\$ 500	375

The City was selling a property located at 320 N Broadway to a developer, and relocated that existing house to this site and sold it to the family that had been renting and trying to purchase their first home in a difficult housing market. They alleviated blight on one property, readying publicly -owned property for private sale, and saving a single family home from demolition in the community and thereby responding to the City's documented need for more affordable single family housing options.
