Legislative Charge

Minnesota Statutes 2024, section 124D.992 designates an annual distribution of School Library Aid to school districts and charter schools. The statute reads:

“Subdivision 1. **School library aid.** (a) For fiscal years 2024 and later, school library aid for an independent or special school district equals the greater of \$16.11 times the district's adjusted pupil units for the school year or \$40,000. For fiscal years 2024 and 2025, school library aid for a charter school equals the greater of \$16.11 times the charter school's adjusted pupil units for the school year or \$20,000.

Subd. 1a. **State school librarian.** In fiscal years 2026 and each fiscal year thereafter, the Department of Education may retain up to \$130,000 of the amount appropriated for school library aid under this section for the costs of the state school librarian under section 127A.151. The aid for each school district and charter school under subdivision 1 must be reduced proportionately. The reduction in aid under this subdivision must be applied to the current year aid payment.

Subd. 2. **Uses of school library aid.** School library aid must be reserved and used for directly funding the costs of the following purposes within a library:

- (1) the salaries and benefits of a school library media specialist;
- (2) electronic, computer, and audiovisual equipment;
- (3) information technology infrastructure and digital tools;
- (4) electronic and material resources; or
- (5) furniture, equipment, or supplies.

Subd. 3. **Report.** By January 15, 2025, and annually thereafter, the commissioner of education must report to the chairs and ranking minority members of the legislative committees with jurisdiction over kindergarten through grade 12 education on how school districts and charter schools used aid under this section in the previous fiscal year. In preparing the report, the commissioner may use information available from the uniform financial accounting and reporting system.”

Introduction

School library aid is automatically distributed to qualifying school districts and charter schools through the School Finance division within the Minnesota Department of Education (MDE).

Estimated amounts of School Library Aid were posted to the MDE Data Center under Data Reports and Analytics > School Finance Spreadsheet > General Education (for school districts) or Charter Schools > Subcategory “Library Aid,” and Fiscal Year 2025.

State Library Services and School Finance staff at MDE developed guidance on the appropriate uses of school library aid through a Frequently Asked Questions document and offered additional assistance to school districts and charter schools.

School districts and charter schools reported school library aid expenditures through the Uniform Financial Accounting Report Standards (UFARS). All Minnesota school districts and charter schools are required to report

their audited financial data for the previous fiscal year to MDE by November 30 and submit an audited financial statement by December 31. Minn. Stat. 123B.77, subd. 3 (2024).

Analysis

This report shows total expenditures reported in UFARS Finance Code 343 School Library Aid.

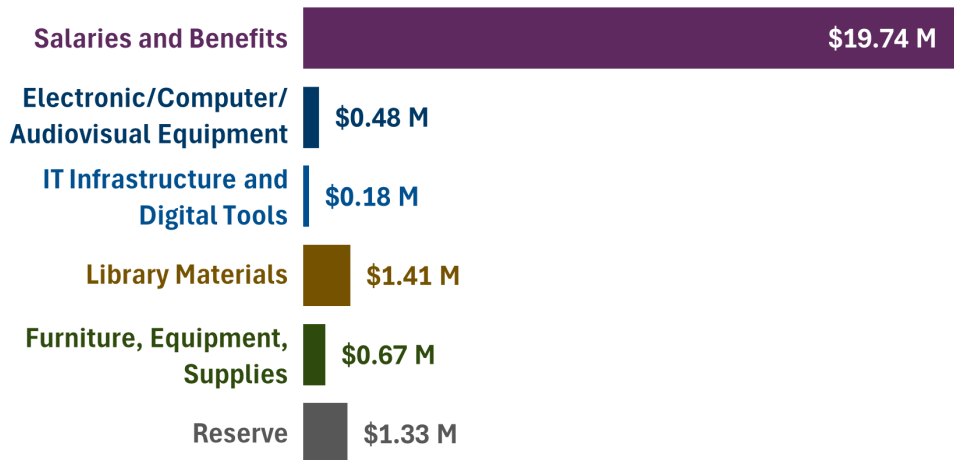

In FY25, 306 public school districts and 129 charter school districts reported a total of \$22,479,052 in school library aid expenditures.

Table 1

Finance Code 343: School Library Aid	Public	Charter	Total
Total Distributions	\$20,192,890	\$3,613,139	\$23,806,030
Reserve Balance	\$267,431	\$1,059,547	\$1,326,978
Summary	\$19,925,459	\$2,553,592	\$22,479,052

To summarize the usage of the school library aid expenditures, the 37 allowable UFARS object codes have been grouped by the five categories outlined in statute. See [Appendix A](#) for the full list of UFARS object codes included in each use category and [Appendix B](#) for expenditures by school district or charter school.

FY25 School Library Aid Expenditures, by Statutory Use

Tables 2 through 4 group the districts reporting school library aid expenditures by strata: three strata for metro-area districts, three for non-metro districts by student enrollment, and one stratum for charter schools. These tables show the total expenditures and district-average expenditures for each category of statutory use.

The category most utilized in FY25 school library aid spending was salaries and wages. The category is further divided in Table 2 into licensed staff salaries (UFARS object code 143), non-licensed staff salaries (UFARS object code 144), and all other project codes pertaining to salaries and benefits.

Conclusion

In this second year of the distribution of school library aid, districts primarily used these funds for salaries and benefits for school library staff, followed by library materials and holding funds in reserve. These expenditures are similar to what was reported in FY24, the first year of distribution.

In FY26, the categories of school library aid expenditures will no longer include electronic/computer/audiovisual equipment and IT infrastructure and digital tools. Additionally, there will be a decrease in school library aid distributions to each public and charter school district. Minn. Stat. 124D.992 (2025).
