

INDEPENDENT AUDIT REPORT

Chief Brian Struffert
Granite Falls Police Department
415 9th Ave., Suite 102
Granite Falls, MN 56241

Dear Chief Struffert:

An independent audit of the Granite Falls Police Department's Portable Recording System (body-worn cameras (BWCs)) was conducted on September 23, 2022. The objective of the audit was to verify Granite Falls Police Department's compliance with Minnesota Statutes §§13.825 and 626.8473.

Data elements the audit includes:

Minnesota Statute §13.825

- Data Classification
- Retention of Data
- Access by Data Subjects
- Inventory of Portable Recording System Technology
- Use of Agency-Issued Portable Recording Systems
- Authorization to Access Data
- Sharing Among Agencies

Minnesota Statute §626.8473

- Public Comment
- Body-worn Camera Policy

The Granite Falls Police Department is located in Yellow Medicine and Chippewa Counties and employs six (6) peace officers. The Granite Falls Police Department utilizes WatchGuard Vista body-worn cameras and software. BWC data is stored on a server hosted by Yellow Medicine County. The audit covers the time period August 25, 2020, through September 15, 2022.

Audit Requirement: Data Classification

Determine if the data collected by BWCs are appropriately classified.

BWC data is presumptively private. All data collected by the Granite Falls Police Department during the time period August 25, 2020, through September 15, 2022, is classified as private or non-public data. The Granite Falls Police Department had no instances of the discharge of a firearm by a peace officer in the course of duty, use of force by a peace officer that resulted in substantial bodily harm, requests from data subjects for the data to be made accessible to the public, or court orders directing the agency to release the BWC data to the public.

No discrepancies noted.

Audit Requirement: Retention of Data

Determine if the data collected by BWC's are appropriately retained and destroyed in accordance with statutes.

The Granite Falls Police Department utilizes the General Records Retention Schedule for Minnesota Cities and agency specified retention periods in WatchGuard. At the conclusion of a BWC recording, a WatchGuard category type is assigned. Each WatchGuard category type has an associated retention period. Upon reaching the retention date, data is systematically deleted.

Random records from a server Purged Vista Events Report were selected and the record date was verified against the purge date. All randomly selected records were retained for at least the minimum ninety (90) days required by statute and purged in accordance with the record retention. Records selected were from the time period August 25, 2020, through September 15, 2022. Deleted BWC video, meta data, and audit trails are not accessible in the WatchGuard Evidence Library.

Active BWC data is accessible in the WatchGuard Evidence Library. The server log maintains a listing of all active and deleted BWC data with associated meta data.

The Granite Falls Police Department has not received a request from a data subject to retain BWC data beyond the applicable retention period.

The Chief of police monitors BWC data for proper categorization to ensure BWC data are appropriately retained and destroyed.

No discrepancies noted.

Audit Requirement: Access by Data Subjects

Determine if individuals who are the subject of collected data have access to the data, and if the data subject requests a copy of the data, other individuals who do not consent to its release must be redacted.

BWC data is available to data subjects and access may be requested by submission of a Granite Falls Police Department Data Request Form. During the audit period, the Granite Falls Police Department had received no requests to view BWC data but did receive a request for a copy of BWC data. Data subjects who did not consent to the release of data were redacted.

No discrepancies noted.

Audit Requirement: Inventory of Portable Recording System Technology

Determine the total number of recording devices owned and maintained by the agency; a daily record of the total number of recording devices actually deployed and used by officers, the policies and procedures for use of portable recording systems by required by section 626.8473;

and the total amount of recorded audio and video collected by the portable recording system and maintained by the agency, the agency's retention schedule for the data, the agency's procedures for destruction of the data, and that the data are available to the public.

Granite Falls Police Department's BWC inventory consists of six (6) devices. Device inventory is maintained in the WatchGuard Evidence Library.

The Granite Falls Police Department has established and enforces a BWC policy that governs the use of portable recording systems by peace officers while in the performance of their duties. The policy requires officers to ensure the BWC is functioning properly and to report any malfunction to their supervisor. Peace officers were trained on policy and use of portable recording systems during implementation. New officers are trained as part of their field training program.

A review of randomly selected dates from the patrol schedule were verified against the Vista Active and Purged Event Reports and confirmed that recording devices are being deployed and activated by officers. A comparison of BCW data collected quarterly and a comparison to calls for services shows a consistent collection of data.

The total amount of active data is accessible in the WatchGuard Evidence Library. Total amount of active and deleted data is documented in the server Active and Purged Vista Events Reports.

The Granite Falls Police Department utilizes the General Records Retention Schedule for Minnesota Cities and agency specified retention in WatchGuard. BWC video is fully deleted from the local file server upon the scheduled deletion date. Meta data information is maintained on the server. BWC data is available upon request, and access may be requested by submission of a Granite Falls Police Department Data Request Form.

No discrepancies noted.

Audit Requirement: Use of Agency-Issued Portable Recording Systems

Determine if peace officers are only allowed to use portable recording systems issued and maintained by the officer's agency.

The Granite Falls Police Department's BWC policy authorizes and requires the use of department-issued BWC's and states that officers may use only department-issued BWC's.

No discrepancies noted.

Audit Requirement: Authorization to Access Data

Determine if the agency complies with sections 13.05, Subd. 5, and 13.055 in the operation of portable recording systems and in maintaining portable recording system data.

The Chief of Police conducts random reviews of BWC data to ensure proper labeling and compliance with policy.

Nonpublic BWC data is only available to persons who work assignment reasonably requires access to the data. User access to BWC data is managed by the assignment of group roles and permissions in WatchGuard. Permissions are based on staff work assignments. User access is administered by Yellow Medicine County IT under the direction of the Chief of Police.

The BWC policy governs access to and sharing of data. Agency personnel may access BWC data only when there is a business need for doing so. Agency personnel are prohibited from accessing BWC data for non-business reasons and from sharing the data for non-law-enforcement-related purposes. Access to data is captured in the audit log.

When BWC data is deleted from WatchGuard, its contents cannot be determined.

Neither the Granite Falls Police Department nor Yellow Medicine County has had a security breach.

No discrepancies noted.

Audit Requirement: Sharing Among Agencies

Determine if nonpublic BWC data is shared with other law enforcement agencies, government entities, or federal agencies.

The Granite Falls Police Department's BWC policy allows for the sharing of data with prosecutors, courts and other criminal justice entities as provided by law. Sharing of data is documented in WatchGuard Cloud Share and the Records Management System dissemination log.

No discrepancies noted.

Audit Requirement: Biennial Audit

Determine if the agency maintains records showing the date and time the portable recording system data were collected, the applicable classification of the data, how the data are used, and whether data are destroyed as required.

The WatchGuard Evidence Library and the server Active and Purged Event Reports document the date and time portable recording system data was collected, and the retention period of the data. The WatchGuard Cloud Share report, the audit log, and the Records Management System dissemination log document how the data are used and shared.

No discrepancies noted.

Audit Requirement: Portable Recording System Vendor

Determine if portable recording system data stored in the cloud, is stored in accordance with security requirements of the United States Federal Bureau of Investigation Criminal Justice

Information Services Division Security Policy 5.4 or its successor version.

Granite Falls Police Department's BWC data is stored on a server hosted by Yellow Medicine County. The server is located in a secure area, and access to the server is password protected. A BCA security audit was conducted in March, 2022.

No discrepancies noted.

Audit Requirement: Public Comment

Determine if the law enforcement agency provided an opportunity for public comment before it purchased or implemented a portable recording system and if the governing body with jurisdiction over the budget of the law enforcement agency provided an opportunity for public comment at a regularly scheduled meeting.

The Granite Falls Police Department solicited for public comment by publication in the City's official newspaper. The Granite Falls City Council held a public hearing at their May 21, 2018, meeting. The body worn camera program was implemented August 1, 2018.

No discrepancies noted.

Audit Requirement: Body-worn Camera Policy

Determine if a written policy governing the use of portable recording systems has been established and is enforced.

The Granite Falls Police Department's BWC policy is posted on the agency's website. The policy was compared to the requirements of Minn. Stat. § 626.8473. The agency's policy includes all minimum requirements of Minn. Stat. § 626.8473, Subd. 3.

No discrepancies noted.

This report was prepared exclusively for the City of Granite Falls and Granite Falls Police Department by Lynn Lembcke Consulting. The findings in this report are impartial and based on information and documentation provided and examined.
