2023 - 2024 Minnesota Campaign Finance Summary

The Campaign Finance and Public Disclosure Board is charged with collecting campaign finance disclosure reports from the state office candidates, political party units, political committees and funds, independent expenditure committees and funds, and ballot question committees and funds that are regulated by Minnesota Statutes Chapter 10A. This summary of campaign finance information is derived from the reports filed with the Board during 2023 and 2024, and provides condensed information on financial activity and status at the end of 2024 as reported by each candidate, party unit, and committee or fund. Additionally, this summary includes a comprehensive listing of all major donors during the two-year period with the amount of each contribution. The summary also lists independent expenditures made for and against candidates in 2024.

Contribution and spending limits apply to a two-year period of time. The two-year periods are referred to as election cycle segments. Each segment contains one odd-numbered non-election year and one even-numbered election year. However, while contribution and expenditure limits apply to a two-year segment, campaign finance activity is reported on a calendar year basis. The information for each committee or fund in the summary is provided for calendar years 2023 and 2024.

The 2023-2024 election cycle segment contained the 2024 general election at which state House of Representatives, and select judicial offices were up for election. Constitutional offices and the state Senate were not on the ballot in 2024. In 2024 there was one constitutional amendment ballot question (extending the dedication of lottery-derived revenue to the Environment and Natural Resources Fund for 25 years) before the voters. Special elections were held for House District 52B in 2023, and for House District 27B, Senate Districts 45 and 60 in 2024.

Reports were filed by the principal campaign committees of 251 House of Representatives candidates for 134 House seats, and 22 candidates for judicial seats up for election. The summary includes indicators that identify the candidates who won primary and general elections. Additionally, this summary includes data supplied by 300 political party units and 364 general purpose political committees and funds registered with the Board.

Independent expenditure political committees and funds and ballot question committees and funds are permitted to accept corporate and other unregistered association contributions but are limited to making independent expenditures, making ballot question expenditures, and contributing to other independent expenditure and ballot question committees and funds. This summary includes reported information for 75 independent expenditure committees and funds and seven ballot question committees and funds.

The information provided for each party unit, committee, or fund includes total contributions received, total contributions made, total expenditures, beginning and ending cash balances, and, if applicable, the total amount of public subsidy payments received. Outstanding loans payable, unpaid bills, and disbursements other than campaign expenditures are not itemized in the summary but are reflected in the totals reported in the summary. The data filed in campaign finance reports generally has not been verified or audited by the Board. The data will not be updated to reflect amendments filed after the issue date of the summary.

Over the years 2023 and 2024, House candidates who filed for office reported receiving $7,529,359 from individual contributors, $1,376,679 from political committees and funds, $978,655 from political parties, and $512,795 from lobbyists. Public subsidy payments to House candidates totaled $2,046,940. During that period a total of $803,803 in receipts was reported by 20 judicial candidates who filed for office.

Not included in the above totals are committees of candidates who did not file to appear on the ballot during the 2023-2024 election cycle segment. During that period committees for constitutional office candidates reported receiving $2,905,780 in receipts and making total disbursements of $1,903,558. Legislative candidates who did not file for office reported receiving $2,516,069 in receipts and making $2,507,287 in total disbursements.

The following is a summary of contributions of $500 or more received during the 2023-2024 election cycle segment by all candidate committees. Contributions totaling at least $500 within a calendar year made by a contributor to a single candidate are treated as a single contribution. In total, candidate committees received $7,545,690 from 9,052 contributions. Constitutional office candidates received $1,399,613 from 1,340 contributions. Senate candidates received $878,349 from 1,199 contributions. House candidates received $4,720,575 from 5,985 contributions. Judicial candidates received $547,153 from 528 contributions. A listing of the candidate committees that received contributions of $500 or more and the source of those contributions begins on page 97.

Most non-judicial candidates voluntarily agree to limit expenditures in order to receive public subsidies. These subsidies include direct payments to eligible candidates during election years and the right to participate in the Political Contribution Refund (PCR) program. Agreements to abide by spending limits in order to receive public subsidies were signed by 93% of non-judicial candidates who filed for office and registered a principal campaign committee. A total of $2,107,940 in public subsidy funds was distributed to House candidates for the 2024 election and an additional $40,596 was distributed to legislative candidates for special elections held in 2023 and 2024. See page 2 for a breakdown of public subsidy payments to 2024 general election candidates by office and party.

Campaign expenditures are made for the purpose of influencing the nomination or election of a candidate and apply toward the expenditure limit applicable to candidates who signed a public subsidy agreement. During the 2023-2024 election cycle segment campaign expenditures by House candidates who filed for office totaled $8,889,019. The committees of candidates who did not file for office in 2024 reported a total of $2,738,715 in campaign expenditures during the 2023-2024 election cycle segment.

Reports filed by political party units during the 2023-2024 election cycle segment disclosed receipt of contributions totaling $41,445,013, contributions made totaling $8,533,157 to state candidate committees, other political party units, and political committees and funds, and $10,232,620 in independent expenditures. Information on political party units starts on page 169.

Reports filed by general purpose political committees and funds (not including independent expenditure and ballot question committees and funds) disclosed receipt of contributions totaling $57,309,296, contributions made totaling $25,532,817 to state candidate committees, political party units, and other political committees and funds, and $1,610,724 in independent expenditures, during the 2023-2024 election cycle segment. Information on political committees and funds starts on page 186.

Reports filed by independent expenditure committees and funds disclosed receipt of contributions totaling $31,222,739, contributions made totaling $6,285,128, which were made to other independent expenditure committees and funds, and independent expenditures made totaling $14,580,901, during the 2023-2024 election cycle segment. Information on independent expenditure committees and funds starts on page 266. An itemization of the independent expenditures made for and against candidates begins on page 301.

Reports filed by ballot question committees and funds disclosed receipt of contributions totaling $976,304, and ballot question expenditures totaling $594,732. Information on ballot question committees and funds starts on page 325.

(A) Beginning with tax year 1980, taxpayers may check off $2.00; beginning in tax year 1987 taxpayers may check off $5.00.
(B) Beginning with tax year 1984, no minor parties qualified for inclusion on the state income tax blank; in 1995, two minor parties qualified.
(C) Beginning with tax year 1990, 3% of check-off is retained in the general fund for administrative costs.
(D) For tax years 2001 - 2010, the Green Party is the only party qualifying under “Other”. In 2011, the Green Party and the Grassroots Party are combined in the other column. In 2012, only the Grassroots Party is included in “Other”. In 2013 and 2014, the Grassroots Legalize Cannabis Party and Libertarian Party are included in “Other”. Starting in 2015, the “Other” column contains the Green Party, Legal Marijuana Now Party, Libertarian Party, and Grassroots Legalize Cannabis Party. Starting in 2020, the “Other” column contains the Legal Marijuana Now Party, Libertarian Party, and Grassroots Legalize Cannabis Party.
In 2023 and 2024 the Independence Alliance Party failed to maintain political party status.
