EXECUTIVE SUMMARY - NONELECTION YEAR 2001

LEGISLATIVE REFERENCE LIBRARY
STATE OFFICE BUILDING
ST. PAUL, MN 55155

The Campaign Finance and Public Disclosure Board is charged with the administration of the Ethics in Government Act, Minnesota Statutes Chapter 10A. Each year the campaign committees for Constitutional offices (Governor, Attorney General, Secretary of State, State Auditor, State Treasurer), Senators, Representatives, and Judges are required to disclose financial campaign activity. Disclosure is also required by campaign committees of nonofficeholders. Nonofficeholders are individuals who were candidates in previous elections or who have registered campaign committees for the 2002 election. Political party units, political committees, and political funds that attempt to influence state elections are also required to disclose financial campaign activity.

Data from filed reports is compiled and included in an annual summary. The 2001 summary also reports financial campaign activity disclosed by candidates in three special elections. Campaign information filed by officials and candidates includes cash balances, contributions received, and expenditures made (pages 6 through 37). Data in the summary was compiled as of June 6, 2000. The data has not been verified or audited.

Officeholders reported cash balances of \$1.8 million as of December 31, 2001. This figure is compared with 1997 and 1995 on page 4. State Senate and State House of Representative campaigns report \$2.5 million cash available to begin the 2002 election year. Constitutional office candidates report \$1,058,004 cash available for election in 2002.

All campaigns reported receiving contributions of \$4 million during 2001; \$1.9 million of which was received by 494 Senate and House of Representative campaigns, and 52 Constitutional office candidates received \$2.1 million. The names of donors who contribute in excess of \$100 to legislative and constitutional office campaigns are listed beginning on page 38.

Campaign expenditures of \$2.3 million were made by legislative, and constitutional office candidate committees during 2001. Most candidates voluntarily agree to limit campaign expenditures in order to receive public subsidies. These subsidies include direct payments to eligible candidates during election years and participation in the Political Contribution Refund (PCR) program. The PCR program allows campaign contributors to receive up to \$50 per year from the State as a refund of contributions made. Contributions made to qualifying political party units also qualify for refund under the PCR program.

The summary includes selected data from reports filed by principal campaign committees, political party units, political committees and political funds.

The final section lists the names of donors who have contributed more than \$1,000 during 2001 (page 104).
