Presented in this annual report of the State Auditor are the revenues, expenditures, indebtedness, taxable valuations, and the levies of the local governments in Minnesota for the fiscal years ended during the period July 1, 1972 to June 30, 1973. These data have been collected and are published and distributed pursuant to Minnesota Statutes § 3.976 and § 3.977.

Legislators, local governing bodies and interested citizens have available, through this report, over-all information of local government financial transactions.

Acknowledgment is made of the cooperation of local officials and state agencies who furnished much of the material that is summarized in this report.

GENERAL SUMMARY

ALL LOCAL UNITS OF GOVERNMENT COMBINED

This report is a continuation of the Revenues, Expenditures and Debt of State and Local Governments issued in previous years by this office. Several changes in the content and format have been made this year. The principal change is that the report is now of units of local government and other agencies and no longer contains information of the state government, which is available at the Department of Finance. In addition, the report no longer contains the elimination of intergovernmental transactions in order to show net revenues and expenditures.

The financial data for all local governmental units in Minnesota covered by this report have been combined in Tables 1 through 6A to show the total local governmental revenue and expenditures as well as the total amount of revenue from each source and the total cost of each function. The gross revenue and expenditures of each governmental unit shown in the detailed tables includes grants, shared taxes, and service charges paid by one unit to another.

Tables 1 and 2 show revenues and expenditures of the counties, cities, towns, schools and other units and totals for each type of revenue and expenditure. Tables 3 and 4 show the same information in a two year comparative schedule, in somewhat more detail and a separation of current expense and capital outlay expenditure items.

INDEBTEDNESS

In former years the indebtedness was classified by purpose of issue. It was determined that a classification of indebtedness by type of bonds would be of greater interest and value. The five types are general obligation, which are bonds payable from a general tax levy; special assessment, which are payable wholly or in part from special assessments; revenue bonds, which are payable from revenue of public service enterprises; refunding bonds; and "other" which consists primarily of bonds payable from Municipal State-aid Street Allocations.

Table 6A, which shows outstanding indebtedness for 10 years was necessarily reclassified for the prior years. The "all other" category could not be restated for cities and villages, and therefore the years 1971 and 1972 should not be compared to prior years in this category.

THE COUNTIES

OPERATION

In addition to its governmental functions, counties serve as agents for other governmental units

in the collection and distribution of taxes and grants. Such funds are classified as agency transactions in the classification of receipts and disbursements in this report. The governmental operations are reflected in the revenue receipts and expenditures for current expense and capital outlay. County hospitals and nursing homes are considered public service enterprises and their financial operations are presented in separate tables.

REVENUE

The two main sources of county income are property taxes and intergovernmental revenue which together accounted for 94.8% of total revenue in 1972. Over the past five years the percentage of revenue from taxes has dropped from 35.9% to 32.1%, and intergovernmental revenue has risen from 59.0% to 65.5%. During this period, the amount of tax received increased \$66.0 million and intergovernmental revenue increased \$233.2 million. The later is attributed largely to State grants for welfare which rose \$163.2 million and State shared taxes which rose \$31.4 million. State grants counties for education dropped \$6.5 million as a result of the consolidation of ungraded schools with graded and secondary schools, which consolidation eliminated county payments to school districts for tuition and transportation.

EXPENDITURES

Expenditures by counties for governmental function in 1972 totaled \$692.8 million which represents an increase of \$294.1 million or 73.8% in the past five years. Most of this increase came from highway expenditures which rose \$32.8 million and welfare which rose \$205 million.

Welfare is the largest county function accounting for 59.2% of the total expenditures in 1972. Current expense for each type of welfare in 1971 and 1972 is presented in the following table.

Type of Welfare	1971	1972	Increase (Decrease)
Medical Assistance	\$118,172,953	\$155,748,630	\$37,575,677
Direct relief	25,753,820	27,235,940	1,482,120
Old age assistance	32,368,397	23,085,694	(9,282,703)
Aid to families with dependent children	97,031,857	111,580,062	14,548,205
Aid to blind	1,291,642	1,239,616	(52,026)
Aid to Disabled	46,430,496	33,708,094	(12,722,402)
All other cost	42,659,263	57,392,812	14,733,549
TOTAL	\$363,708,428	\$409,990,848	\$46,282,420

OPERATIONS OF PUBLIC SERVICE ENTERPRISES

The financial operations of county hospitals and nursing homes are presented in Tables 15 and 16.

The 17 county hospitals had operating revenue of \$45.4 million and operating expense of \$58.0 million resulting in a net operating loss of \$12.6

million. Most of this loss is attributable to Hennepin County General and Saint Paul-Ramsey hospitals which are supported in part by tax levies.

Rest and nursing homes had operating revenue of \$9.0 million and operating expense of \$10.9 million resulting in a net operating loss of \$185 thousand. This loss is attributable to the operating loss of \$1.8 million at the three homes in St. Louis County.

INDEBTEDNESS

In 1972, counties issued bonds totaling \$18.7 million and retired bonds totaling \$7.8 million, leaving \$123.3 million outstanding at December 31, 1972.

CITIES AND VILLAGES

GOVERNMENTAL OPERATIONS

A separate report on the revenue, expenditures and debt of cities and villages is published by this office. Summaries from that report are included here. Governmental operations are presented in a summary by population groups and in total for each of the latest five years.

REVENUE

Revenue receipts totaled \$554.6 million in the current year. This is \$74.7 million or 15.6% higher than in 1971, and \$225 million or 68.7% higher than in 1968.

During this five-year period taxes have increased \$58.6 million or 49.0%, but the percentage of revenue from this source has dropped from 36.4% to 32.1%. This came about largely through the increase in intergovernmental revenue mainly state shared taxes and aids which rose \$92.7 million or 109% and accounted for 32.0% of the total revenue in 1972 compared with 25.9% in 1968. Revenue from special assessments increased \$27.3 million but the percentage of revenue from this source dropped from 14.6% to 13.5%. Revenue from all other sources also increased during this period, with licenses and permits and also fines and forfeits showing the smallest gains.

EXPENDITURES

Expenditures by all municipalities for governmental functions in 1972 totaled \$585.6 million. This was \$42.9 million or 7.9% higher than in 1971 and \$235.1 million or 67.1% higher than in 1968.

Expenditures for highways totaled \$101.1 million, down \$5.4 million over the preceding year and up \$27.4 million over 1968. Public safety expenditure totaled \$115.5 million, which was \$13 million higher than in 1971 and \$48.8 million above

1968. Sanitation totaled \$119.0 million which was \$43.5 million over the total in 1968.

The increase in the amount of interest paid reflects the increase in bonds outstanding as well as higher interest rates on bonds issued during the last few years.

OPERATIONS OF PUBLIC SERVICE ENTERPRISES

Municipalities in Minnesota operate 11 types of public service enterprises. When possible, the financial operations are presented on the accrual basis rather than the cash basis.

The summary of the operations for the years 1971 and 1972 are presented in Table 20.

Operating revenue and expense were both higher for all types of enterprises except hospitals in 1972. However, the increase in operating expense exceeded the increase in operating revenue for all but water, electric and heat utilities and hospitals which resulted in lower income or greater loss from operations of the gas utilities, nursing homes and other enterprises. The Duluth Hospital is not included in 1972 because it is no longer a city owned hospital, and thus both total operating revenue and expense for Hospitals are lower in 1972 as compared to 1971.

Municipal liquor store sales were up \$1.4 million, cost of sales were up \$1.3 million and gross profit was up \$155 thousand. However, operating expense rose \$713 thousand resulting in a decrease in net income of over \$558 thousand. Contributions to governmental funds totaled \$9.3 million compared with \$9.8 million in 1971.

INDEBTEDNESS

The outstanding bonded indebtedness of cities and villages rose \$76.8 million in 1972 reaching a total of \$1.021 billion at the end of that year.

TOWNS

OPERATIONS

Towns in Minnesota have been exempt from the legal requirement that financial reports or statements be submitted to this department by governmental subdivisions. The 1973 legislature eliminated this exemption and towns will be required to submit financial statements for the year 1973. In order to present a report on the financial operations for 1972 of all governmental units in the State, it is necessary to estimate the financial operations of towns from data available through records and reports of the State, Federal government and counties.

REVENUE

As nearly all town revenue is received from counties in the form of taxes, assessments, and grants,

data pertaining to town revenue are obtained from county financial statements. Also considered is the distribution of cigarette, liquor, and sales taxes, homestead credit payments and reimbursements for exempt personal property by the State.

A five year summary of the town revenue and expenditures is presented in Table 21. Grants and aids have become the principal source of revenue for towns accounting for 60.7% of the total revenue in the current year.

EXPENDITURES

The classification of town expenditures is estimated, based on the purpose for which taxes are levied and bonds are issued, as well as a few State Auditors audit reports and several annual town financial statements which are available. It is impossible to distinguish between current expense and capital outlay with the information available. The relatively large amount classified as miscellaneous is due to expenditures of towns which are urban in character that carry on functions not common to most towns.

INDEBTEDNESS

Relatively few towns have any bonded indebtedness and of these four towns which were urban in character account for \$6.8 million or 85.0% of the \$8.0 million outstanding at December 31, 1972.

SCHOOLS

OPERATIONS

Schools operate on a June 30 fiscal year, the current year in this report being that which ended June 30, 1973.

Area vocational schools are shown separately on the last page of Tables 26 and 27.

REVENUE

The total revenue of all school districts in Minnesota exceed \$1.27 billion for the year ended June 30, 1973. Such revenue was above the total in the preceding year and \$529.6 million or 71.3% higher than in fiscal 1969. During this period taxes have risen \$110.2 million or 33.9% and state aids \$375 million or 124.9%. This resulted in taxes dropping from 43.7% of the total revenue to 34.2% and state aids increasing from 40.4% to 53.1%. County aids, which are largely for tuition and transportation of pupils in ungraded districts, dropped from \$17 million in fiscal 1969 to \$8.8

million in the year ended June 30, 1973, as ungraded districts were eliminated by consolidation.

EXPENDITURES

Total expenditures, exceeded \$1.22 billion in the current year having increased \$45.0 million over the preceding year. Current expense accounted for 90.2% and capital outlay 9.8% of total expenditures.

Total current expense per pupil in the graded and secondary schools in the last five years is presented in the following table.

Year Ended June 30	Enrollment	Current Expense	
		Total Amount	Per Pupil
1969	902,616	\$ 690,392,182	\$ 764.88
1970	923,999	801,447,442	867.37
1971	935,449	920,847,357	984.39
1972	944,778	1,019,670,380	1,079.27
1973	966,088	1,103,099,601	1,141.82

The cost per pupil has increased over \$377 during this period.

INDEBTEDNESS

School districts issued bonds totaling \$65 million and paid \$54 million in 1972 leaving a balance of \$1,132 million outstanding at the end of that year.

OTHER AGENCIES

OPERATIONS

The governmental agencies included in this section of the report have been created to perform certain functions in areas which are generally not performed by other governmental units. They are supported by revenue derived from sources similar to those of other governmental units and their expenditures cover nearly every type of function, as shown in Table 4.

REVENUE

The Other Agencies had revenue totaling \$774.5 million in 1972. Over \$403.7 million was received from intergovernmental revenue and \$263.3 million from charges for services.

EXPENDITURES

Expenditures of the Other Agencies total \$632 million of which \$349.4 million was by the University of Minnesota, \$89.8 million was housing authorities and urban renewal, \$54.3 million by retirement associations, \$40 million by metro sewer and \$21.7 million by metro transit.

EXPLANATION OF CLASSIFICATIONS USED

The data reported by the governmental units included receipts of all types and disbursements for all purposes. As the intent of this report is to provide information relating to the finances of the local governmental units in comparable form, a uniform classification of receipts and disbursements was developed.

Receipts were first classified as to revenue and nonrevenue, and disbursements were classified as to expenditures, and disbursements not chargeable as expenditures. Nonrevenue receipts, and disbursements which are not chargeable as expenditures, neither add to nor detract from the net assets of the government. Examples of nonrevenue receipts are (1) borrowing, (2) sale of investments, (3) refunds, and (4) interfund transfers. Examples of disbursements not chargeable as expenditures are (1) debt redemption, (2) trust and agency payments, (3) purchase of investments, (4) refunds paid out, and (5) inter-fund transfers.

Revenue receipts are classified as to source, expenditures by activities. The classification used closely follows the standard classification developed by the National Committee on Governmental Accounting. A uniform classification of revenue by source permits accurate comparisons between governmental units, and the analysis of financing methods. A uniform classification of expenditures by activities reveals operating costs, and enables an accurate comparison between governmental units, as similar activities are common to most units.

In most communities the following activities are regarded as self-supporting public service enterprises:

1. Water utility
2. Electric utility
3. Heat utility
4. Gas utility
5. Liquor store
6. Hospital
7. Nursing homes

Because of the basic differences between the characteristics of governmental funds, and funds for the operation of these enterprises, the receipts and disbursements of the governmental and public service enterprise funds are shown separately.

The classification used herein is detailed below.

GOVERNMENTAL REVENUE RECEIPTS

1. **General Property Taxes** - Includes all receipts from the direct ad valorem tax on real and personal property. Includes penalties and interest on delinquent taxes. Includes power and light tax, mortgage registry tax, and bank excise

tax in the case of cities, villages, towns, and school districts.

2. Other Taxes (Minnesota Statutes 1971).

- a. Mortgage Registry tax - apportioned 1/6 to the State; 1/6 to the county; 1/3 to the city, village or town; 1/3 to the school district.
- b. Inheritance, estate and gift taxes to the State. Twenty per cent of inheritance and estate taxes apportioned to the county in which the decedent resided.
- c. Motor Vehicle tax and gasoline tax - to the State - apportioned after refunds and collection costs, 62% to state trunk highways, 29% to counties for state-aid highways and 9% to municipalities over 5,000 population for state-aid streets.
- d. Liquor tax - to the State, which apportions 17 per cent to local units.
- e. Insurance premiums tax - to the State, which apportions to municipalities maintaining fire departments.
- f. Bushel tax - to county.
- g. Cigarette tax - to the State, which apportions 11.9% to local units.

3. **Special Assessments** - Includes receipts from benefited property owners for street, sidewalk, ditch, sewer, and other construction or improvement costs.

4. **Licenses and Permits** - Includes receipts from licenses and permits for street use, from businesses and occupations, non-business licenses, and permits for building, plumbing, etc.

5. **Fines, Forfeits, and Penalties** - Includes receipts exacted as penalties for law violation, penalties for non-observance of contracts, forfeited deposits, etc.

6. **Intergovernmental Revenue** - Includes grants and shared tax from other governmental units.

7. **Department Service Charges** - Includes charges, fees, rentals, and minor sales of the various departments such as, police, fire, parks, etc.

8. **Miscellaneous Revenue** - Includes receipts from sale of property, interest on investments or deposits, rental of nondepartmental property and donations.

9. **Contributions from Public Service Enterprise Funds** - Permanent transfers or contributions from public service enterprises to governmental funds, such as payments in lieu of taxes, or flat sum contributions.

GOVERNMENTAL NONREVENUE RECEIPTS

1. **Borrowing** - Includes receipts from sale of bonds, certificates of indebtedness, tax anticipation certificates, except public service enterprise borrowing.
2. **Agency Receipts** - Includes all moneys collected for other civil divisions.
3. **Trust Receipts** - Includes all moneys received which are to be held in trust for the benefit of the public or of individuals, the principal of which adds nothing to the assets of the government.
4. **Sale of Investments** - Includes sale of securities or other property held as investments.
5. **Other Nonrevenue Receipts** - Includes refunds, reimbursements, receipts in error, and revolving and working capital funds.

DISBURSEMENTS

Disbursements of the various units include current expense (the annual recurring cost of maintaining governmental functions including interest); capital outlay (expenditures for permanent improvements and equipment); debt redemption; trust fund payments; agency payments; purchase of investments.

Refunds and reimbursements have been deducted from receipts of a similar nature and off-set. Disbursements are classified under two board headings.

1. Expenditures
2. Disbursements not Chargeable as Expenditures

GOVERNMENTAL EXPENDITURES

Current Expenses

1. **General Government** - Includes all payments for the current expenses of general governmental officers, executive, legislative and judicial; boards and commissions; elections; general government buildings; and all general administrative expense payments.
2. **Public Safety** - Includes payments on account of the current expense of police and fire departments; protective inspection; National Guard and armory expense; protection to

animals; coroner's expense; morgues; civil defense; flood control and correction.

3. **Conservation of Natural Resources** - Includes payments on account of county agents; county fairs; lake and stream improvements; ditches; contributions to agricultural societies; protection and propagation of game and fish; State Forests.
4. **Highways** - Includes maintenance and operation payments for roads, streets, bridges, alleys and sidewalks. Includes payments for lighting, snow removal and traffic control.
5. **Sanitation and Waste Removal** - Includes all expense payments for sanitary sewers; storm sewer; sewage disposal plants; garbage and refuse collection and disposal; weed cutting; public rest rooms; street cleaning and dust prevention.
6. **Conservation of Health** - Includes payments for current expense of health departments; health inspection; vital statistics; control of communicable diseases; child health service.
7. **Hospitals** - Includes payments for operation of State hospitals. County and municipal hospitals are considered public service enterprises in this report.
8. **Welfare** - Includes all payments for the support or assistance of the poor, the aged, the blind, dependent children; contributions to charitable organizations; veteran's aid; administration costs of the various programs.
9. **Education** - Includes payments for current expenses of all institutions of learning; books; school libraries; supplies furnished to pupils; school administration; transportation of pupils.
10. **Libraries** - Includes payments for current expenses of all libraries intended for the use of the public; and all payments to other units for library services.
11. **Recreation** - Includes the payments for operation and maintenance of recreational activities, buildings and supervision; parks, musical entertainments; celebrations.
12. **Miscellaneous** - Includes contributions to employees pension funds; insurance premiums not unallocated to a specific function; operation and maintenance of port authorities, public markets, municipal airports, housing and redevelopment authorities, and other unallocable current expense.
13. **Contributions to Public Service Enterprise Funds** - Includes permanent transfer made to these funds except payments for services.

14. **Interest** - Includes payment of interest on all classes of public debt, with the exception of interest on debt of municipally owned public service enterprises.

Capital Outlay

Includes all payments for construction and improvements of governmental property, exclusive of property belonging to a government owned public service enterprise. Includes purchase of real property and major equipment. In general, payments which create or enhance the value of governmental tangible assets are capital outlay.

GOVERNMENTAL DISBURSEMENTS NOT CHARGEABLE AS EXPENDITURES

Debt Redemption - Includes principal payments on all classes of public debt, such as bonds, certificates, except public service enterprise debt.

Agency Payments - Includes all payments to other civil divisions of money which has been collected on behalf of other civil divisions, for example: collections of taxes by the county for other units.

Trust Payments - Includes payments on account of private trust funds, i.e., funds which are in the

custody of the government, but which add nothing to its assets.

Purchase of Investments - Includes payments for the purchase of investments, except purchases of investments by public service enterprise funds.

Other Disbursements - Includes refunds, rebates, revolving and working capital funds.

PUBLIC SERVICE ENTERPRISES

Tables are included in this report where operating revenue and expenses, and nonoperating revenue and expenses are shown for the purpose of arriving at the net income for each type of public service enterprise. In addition, columns are provided in these tables to show (1) net contributions to or from governmental funds, (2) borrowing, (3) capital outlay, (4) debt service (bonds and interest paid).

The classifications used for the public service enterprises closely follow those used by the Federal Bureau of the Census and, in general, include the types of revenue and expenses that are used in similar enterprises in private industry.
