E., Mpls., Minn. Room 337, 55414 LOCATION: STATUTORY AUTHORITY: 156 REPORT PERIOD: (\*)July 1, 1976 To: June 30, 1978 SUBMITTED BY: Glen H. Nelson, DVM Executive Secretary 9-26-78 Name Title Date JAN BREAK at Reput

> (3) September 26,1478 (1) 16p.

Copies of this report shall be delivered to: (1) the Legislature in accordance with Section 3.195 (1 copy to the Secretary of the Senate, 1 copy to the Chief Clerk of the House of Representatives and 10 copies to the Legislative Reference Library); (2) the Governor; and (3) Commissioner of Administration. Each healthrelated board shall also deliver a copy of their report to the Board of Health. Veterinary Medicine

BOARD

#### Clause a: GENERAL STATEMENT OF BOARD ACTIVITIES

This description should cover both FY 77 and FY 78 and include any changes (additions/deletions) in activities between those years.

The health of food producing farm animals is vital to the world food supply problem and veterinarians are the only individuals qualified to accept that responsibility. The demands upon the veterinary profession differ according to specialization.

- 1. Food producing farm animals.
- 2. Companion animal practice.
- 3. Veterinary Public Health. Veterinary Public Health is the relationship between animal and human health and includes meat inspection, contagious reporting, (there are over 100 diseases of animals transmissable to man), and epidemical surveillance.
- 4. Regulatory veterinary medicine, which includes inspection and certification of animals for import and export for interstate and international movement, and for disease quarntine and eradication programs.
- 5. Education and research.

The Board of Veterinary Medicine examines qualified applicants twice each year to assure that adequately trained professional people are licensed to deliver the above services to the public. Approximately 100 licenses are granted each year. To assure that individuals licensed meet minimum standards in the profession before issuing license renewals. To investigate consumer complaints along with the Attorney General's Office. Approximately 1900 licenses were renewed in 1978.

The continuing goal of the Board is to improve the professional competence of licensed veterinarians thus improving the quality of service to the public. This is accomplished by verifying qualifications of candidates for licensure. By administering State and National examinations both written and practical. By verifying character references, college transcripts and other credentials required for each applicant. To request from and provide to other states and state agencies and national organizations, information concerning board policy and procedures and status of licensees. Inform drug regulating agencies upon request of location and status of licensees. Interchanging of rules and regulations information. By keeping the State of Minnesota Livestock Sanitary Board informed of all new licensees and updating their records for credentialling by that agency. To certify approximately 6 new professional corporations annually and to renew approximately 65. To verify approximately 400 licensees to drug firms and enforcement agencies annually.

- Clause p: STATE ANY OTHER OBJECTIVE INFORMATION WHICH THE BOARD MEMBERS BELIEVE WILL BE USEFUL IN REVIEWING BOARD ACTIVITIES:
- (For Example: In what other states do your licensees hold licenses? Number of Minnesota licenses verified/certified to other states? Number of inspections? Comparisons with past Biennial Reports.)

Our licensees hold licenses in the following states:

Iowa, Missouri, Michigan, Penn., Maryland, So. Dak., Florida, Colo., Mass., Wash., Okla., Kansas, Illinois, Wisc., New York, Oregon, Neb., New Jersey, No. Dak., Wyoming, Indiana, Idaho, Virginia, Maine, Calif.,

No record has been kept as to the number of Minnesota Licenses verified to other states - but an estimate of 50 would be reasonable.

The Board did no inspections of animal health facilities.
