- To limit the overall spending for elections;
- To reduce the reliance of candidates on large contributors.

PROGRAM

- Registration and reporting of receipts and expenditures by political committees and funds attempting to influence the nomination or election of candidates for governor, lieutenant governor, attorney general, secretary of state, state auditor, state treasurer, state legislator, district and supreme court judgeships;

I INTRODUCTION

- The total amount of contributions received and expenditures made in 1978 by principal campaign committees of candidates for state representatives registered with the Ethical Practices Board is reported in this summary.
- The major donors disclosed in this summary are those that contributed in excess of \$50, in aggregate, in 1978, to the registered principal campaign committees.
- A campaign expenditure limit of \$7,500 is in effect only for those candidates who signed either a public financing or a tax credit subsidy agreement in 1978. In addition, the limit is \$9,000 for any candidate who signed either agreement, if the candidate won the primary by less than twice the number of votes of his nearest competitor.
- Expenditure and contribution limits were suspended from January 1 through February 28, 1978, by a decision of a three judge federal court panel in response to a constitutional challenge in 1976. Therefore, the summary may show certain candidates spending in excess of the limit.
- The information* contained in this summary has been neither verified nor audited by the Board but represents information which the principal campaign committees filed in reports with the Ethical Practices Board.
- **Minn. Stat. §10A.02 Subd. 8(g)(h)** provides that the Board shall compile and maintain a summary of all or parts of statements pertaining to each candidate; and prepare and publish reports as it may deem appropriate.

**No information from reports or statements may be sold or utilized by a person for any commercial purpose.*
