

BIENNIAL REPORT OF EXAMINING AND LICENSING BOARDS

(MS 1980 SECTION 214.07)

BOARD: VETERINARY MEDICINE

LOCATION: 717 Delaware Street S. E. , Room 337

Minneapolis, Minnesota 55414

STATUTORY AUTHORITY: 156

REPORT PERIOD: July 1, 1980 To: June 30, 1982

SUBMITTED BY:	<u>Glen H. Nelson, DVM</u>	<u>Executive Secretary</u>	<u>9-28-82</u>
	<u>Name</u>	<u>Title</u>	<u>Date</u>

Copies of this report shall be delivered to: (A) the Legislature in accordance with Section 3.195 (1 copy to the Secretary of the Senate, 1 copy to the Chief Clerk of the House of Representatives and 10 copies to the Legislative Reference Library); (B) the Governor; and (C) Commissioner of Administration. Each health-related board shall also deliver a copy of their report to the Board of Health.

Clause a: GENERAL STATEMENT OF BOARD ACTIVITIES

This description should cover both FY 81 and FY 82 and include any changes (additions/deletions) in activities between those years.

The health of food producing farm animals is vital to the world food supply problem and veterinarians are the only individuals qualified to accept that responsibility. The demand upon the veterinary profession differ according to specialization:

1. Food producing animals.
2. Companion animal practice.
3. Veterinary Public Health. Veterinary Public Health is the relationship between animal and human health and includes meat inspection, contagious reporting. (There are over 100 diseases of animals transmissible to man), and epidemical surveillance.
4. Regulatory veterinary medicine, which includes inspection and certification of animals for import and export for inter-state and international movement, and for disease quarantine and eradication programs.
5. Education and research.

The Board of Veterinary Medicine examines qualified applicants twice each year to assure that adequately trained professional people are licensed to deliver the above services to the public. Approximately 120 licenses are granted each year. To assure that individuals licensed meet minimum standards in the profession before issuing license renewals. To investigate consumer complaints along with the Attorney General's Office. Approximately 2300 licenses were renewed in 1982.

The continuing goal of the Board is to improve the professional competence of licensed veterinarians thus improving the quality of service to the public. This is accomplished by verifying qualifications of candidates for licensure. By administering State and National Examinations both written and practical. By verifying character references, college transcripts and other credentials required for each applicant. To request from and provide to other states and national organizations, information concerning board policy and procedures and status of licensees. Inform drug regulating agencies upon request of location and status of licensees. Interchanging of rules and regulations information. By keeping State of Minnesota Animal Health Board informed of all new licensees and updating their records for credentialing by that agency. To certify approximately 5 new professional corporations annually and to renew 83. To verify approximately 400 licensees to drug firms and enforcement agencies annually.
