REPORT OF THE STATE AUDITOR of MINNESOTA

REPORT OF THE
STATE AUDITOR OF MINNESOTA
on the
REVENUES, EXPENDITURES,
AND DEBT OF THE COUNTIES
in
MINNESOTA

For the Fiscal Year Ended
December 31, 1981

ARNE H. CARLSON

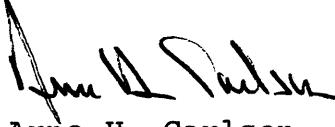

State Auditor
St. Paul, Minnesota

HJ
11
.M627
1981

P R E F A C E

The annual report of the State Auditor covers the revenues, expenditures, indebtedness, taxable valuations and tax levies of the Counties in Minnesota for the fiscal year ended December 31, 1981. This data has been collected and is published and distributed pursuant to Minnesota Statutes, Sections 6.74 and 6.75.

The Governmental Information Division has generated these reports by computer, using System 2000, a data base management system, with University of Minnesota computers. Those wishing to make further analysis of the data should contact this office for assistance.

Arne H. Carlson
State Auditor

General Summary

SCOPE

This report presents financial data on the 87 counties in Minnesota for the fiscal year ended December 31, 1981. The data incorporated in this report was generated from the audited annual financial statements of the counties, and Department of Revenue reports of levies and valuations. Counties generally report on the modified accrual basis of accounting, with eleven of the smaller counties reporting on the cash basis.

OPERATIONS

Counties serve as agents for other governmental units in the collection and distribution of taxes and grants, in addition to their governmental functions. Governmental revenues and expenditures reported in Tables 2 and 3 include the general fund and other governmental funds. Cash purchases and sales of investments, and the trust and agency funds are not included in this report. County hospitals and nursing homes are considered public service enterprises and their financial operations are presented in separate tables. Population figures are based on the 1980 Federal census (PC80-1-A25, February 1982).

REVENUES

The two main sources of county revenues are property taxes and intergovernmental revenues which together accounted for 85% of total revenues in 1981. Over the past five years the percentage of revenue from taxes has decreased from 32.5% to 28.9% in 1981. Intergovernmental revenues as a percentage of total revenues has declined from 58% in 1977 to 56.1% in 1981. During this five year period the amount of taxes collected increased from \$317.3 million to \$419.6 million, and intergovernmental revenues increased from \$566.5 million to \$812.6 million.

EXPENDITURES

Expenditures by counties for governmental functions in 1981 totaled \$1.39 billion which represents an increase of \$442.6 million, or 46.6% in the past five years.

Most of the increase came from public welfare which rose \$266.5 million. Public safety expenditures rose \$65.9 million, highway expenditures increased \$65.9 million, and general government rose \$44.2 million during the last five years. Total capital outlay has increased \$9.4 million since 1977.

Welfare is the largest county function accounting for 46.7% of the total expenditures in 1981.

| <u>Type of Welfare</u> | <u>1981</u> |
|---|----------------------|
| General Relief | \$ 47,131,832 |
| Aid to Families with Dependent Children | 244,573,147 |
| Medical Assistance | 30,827,444 |
| Social Services | 152,797,181 |
| Administration and all other costs | 175,465,721 |
| Total | <u>\$650,795,325</u> |

Tables of revenues and expenditures do not include direct welfare payments for the counties by State and Federal governments. Nine counties do not report detailed welfare expenditures. Of these nine counties, six comprise two welfare districts and report all expenditures in the "Other Welfare Costs" category. Consequently, the detail of welfare expenditures is presented for reference purposes only.

OPERATIONS OF PUBLIC SERVICE ENTERPRISES

The financial operations of county hospitals, nursing homes, and other service enterprises are presented in Tables 5, 6 and 7.

The 17 county hospitals had operating revenues of \$212.3 million and operating expenses of \$202.9 million, resulting in a net operating income of \$9.4 million.

The 21 county nursing homes had operating revenues of \$36.4 million and operating expenses of \$36.6 million. Net operating loss was \$236 thousand, however non-operating revenues brought net income up to \$825 thousand for this period.

Twenty-three counties are shown with other public service enterprise funds, including nursing services, sanitary landfills, etc. Operating revenues totaled \$25.5 million, and operating expenses totaled \$26.5 million. Net loss was \$1 million.

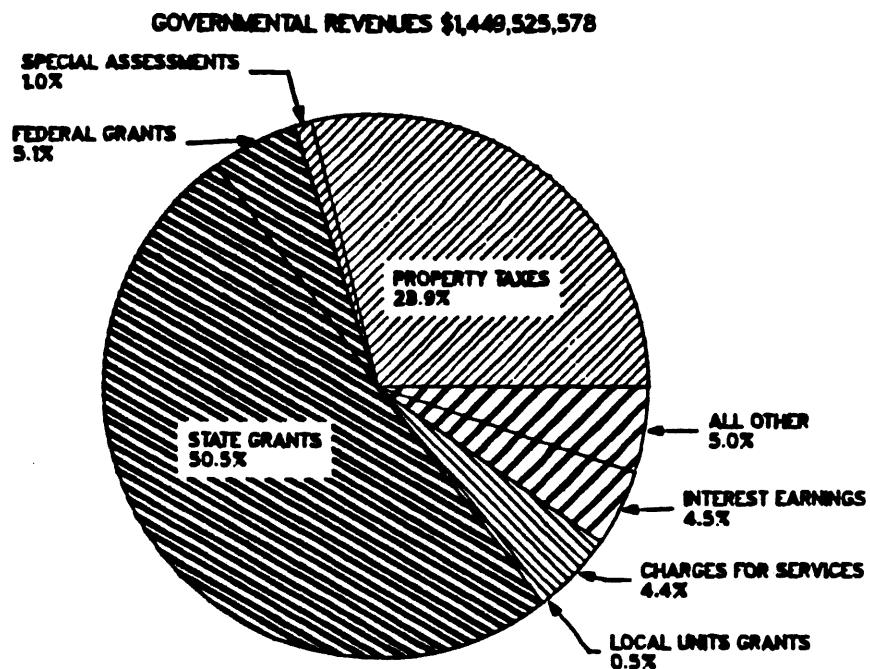

BONDED INDEBTEDNESS

In 1981 counties issued bonds totaling \$21.6 million, and retired bonds totaling \$15.3 million, leaving \$182.7 million outstanding at December 31, 1981.

EXPLANATION OF CLASSIFICATIONS USED

It is the intent of this report to provide information relating to the finances of all the counties in comparable form. Therefore, a uniform classification of revenues and expenditures was developed.

Revenues are classified by source, and expenditures are classified by function. The classification used closely follows the standard classification developed by the National Council on Governmental Accounting. A uniform classification of revenues by source permits reasonably accurate comparisons between counties and the analysis of financing methods. A uniform classification of expenditures by function or activity shows operating costs and enables a comparison of similar activities.

Because of the basic differences between governmental funds and proprietary funds, they are shown separately.

The classification used herein is detailed below.

GOVERNMENTAL REVENUES

General Property Taxes - Includes all revenues from the direct ad valorum tax on real and personal property.
Includes penalties and interest on delinquent taxes.
Includes power and light taxes and other special taxes.

Special Assessments - Includes revenues from benefited property owners for street, ditch, sewer, and other construction or improvement costs.

Licenses and Permits - Includes revenues from licenses and permits from businesses and occupations, non-business licenses, and permits for building, plumbing, etc.

Intergovernmental Revenues - Includes grants and shared taxes from other governmental units, for example, local government aid and homestead credit paid by the State; and general revenue sharing paid by the Federal government.

Charges for Services - Includes charges, fees, rentals, and minor sales of the various governmental departments for services rendered to individuals and other local governmental units.

Fines and Forfeits - Includes revenues exacted as penalties for law violation, penalties for non-observance of contracts, forfeited deposits, etc.

Miscellaneous Revenue - Includes revenue from interest on investments, rental of nondepartmental property, donations, and sale of property.

Borrowing

Includes receipts from the sale of bonds, certificates of indebtedness, tax anticipation certificates, except public service enterprise borrowing.

EXPENDITURES

Expenditures include current expenditures (the annual recurring cost of maintaining governmental functions, including interest expense) and capital outlay (expenditures for permanent improvements and equipment).

GOVERNMENTAL EXPENDITURES

Current Expenditures

General Government - Includes all payments for the current expenditures of general governmental officers--executive, legislative, and judicial; boards and commissions; elections; general government buildings; and all general administrative expense payments.

Public Safety - Includes payments for the current expenditures of sheriff and fire departments, corrections, protective inspection, armory expense, protection to animals, coroner's expenses, morgues, civil defense, flood control, and traffic control.

Highways and Streets - Includes maintenance and operation payments for roads, streets, bridges, street lighting, and snow removal.

Sanitation - Includes all expense payments for sanitary sewers, storm sewers, sewage disposal plants, garbage and refuse collection and disposal, weed cutting, public rest rooms, and street cleaning.

Health - Includes payments for current expenditures of health departments, health inspection, vital statistics, control of communicable diseases, and child health services.

Welfare - Includes all payments for the support of assistance of the poor, the aged, the blind, and dependent children; contributions to charitable organizations; and administration costs of the various programs.

Libraries - Includes payments for current expenditures of all libraries intended for the use of the public and all payments to other units for library services.

Recreation - Includes the payments for operation and maintenance of recreational activities, buildings, parks, musical entertainment and celebrations.

Conservation of Natural Resources - includes payments for county agents, county fairs, lake and stream improvements, ditches, contributions to agricultural societies, and the protection and propagation of game and fish.

Miscellaneous - Includes contributions to employee pension funds and insurance premiums not allocated to a specific function, airports, and other unallocable current expenditures.

Interest Expense - Includes payment of interest on all classes of public debt, with the exception of interest on debt of municipally owned public service enterprises.

Capital Outlay

Includes all payments for construction and improvement of governmental property, exclusive of property belonging to a government owned public service enterprise. Includes purchase of real property and major equipment. In general, payments which create or enhance the value of governmental fixed assets are capital outlay.

Debt Redemption

Includes principal payments on all classes of long term public debt such as bonds and certificates, except public service enterprise debt.

PUBLIC SERVICE ENTERPRISES

Tables included in this report were summarized from financial statements to show the financial operations for each type of public service enterprise.

Where possible, the financial operations were summarized on the accrual basis of accounting rather than the cash basis.

The classifications used for the public service enterprises closely follow those used by the Federal Bureau of the Census and, in general, include the types of revenues and expenses that are used in similar enterprises in private industry.
