ARTICLE 7 MEED JOBS PROGRAM

PROGRESS REPORT

PREPARED BY

THE MINNESOTA EMERGENCY EMPLOYMENT
DEVELOPMENT (MEED) PROGRAM

DECEMBER 20, 1984

Minnesota Emergency Employment Development Program

390 North Robert Street
St. Paul, Minnesota 55101

612/297-4566

RE: STATEMENTS ABOUT THE ARTICLE 7 MEED JOBS PROGRAM

1. Goals and Objectives-Results. Fifty one (51%) percent of all people working in MEED are in private for profit jobs. As the program continues, private sector jobs will be a larger share of all new jobs.

Thirty-nine (39%) percent of all participants served through October, 1984 are female. This is lower than our 50% goal, but is within our qualified goal to serve females at least according to their incidence in the eligible applicant population.

Since our last quarterly report, a total of 2,878 new people have enrolled in MEED. Our expenditures have increased a total of \$10,916,824 (from \$45,595,078 to \$56,511,902). \$24.5 million is obligated for future expenditures.

2. Private for Profit Jobs. Our priority continues to be private for profit marketing and contract development. For profit businesses are contacted through employer brochures, radio and television spots and local initiatives by employment administrators.

The MEED Office works closely with the Department of Economic Development, and MEED is marketed as an economic development tool. MEED's value to employers is enhanced when combined with the federal Targeted Jobs Tax Credit. MEED may serve as the employer's solution to cash flow problems. MEED may serve as a catalyst necessary to start a business.

3. Article 8 Coordination. The MEED Office works closely with the Department of Economic Security and the Department of Public Welfare in the operation of the employment allowance and general assistance provisions under Article 8 of the Act. 48.8% (7698) of all MEED participants are General Assistance eligible.

\$200,000 of MEED Article 7 central office administrative funds were allocated to Economic Security to assist with administration of Article 8.

4. MEED's Enrollment Performance (Attachment 1). This report provides more information on program performance by employment administrator. This information is updated weekly.
5. Applicant/Participant Information (Attachment 2). This report provides more information about program participants. This report is updated monthly.

6. Article 7 MEED Jobs Expenditures (Attachment 3). This report is a statement of program expenditures through a given month. The top half lists expenditures by service delivery areas. The bottom half is a summary of program expenditures by cost category. This report is updated monthly.

7. Discretionary Allocations.

Anoka County was allocated an additional \$125,000 to encourage private sector job placements.

Arrowhead Economic Opportunity Agency was allocated an additional \$150,000 to be used in their Special Relocation Effort.

City of Duluth was allocated an additional \$300,000 to encourage private sector job placements.

City of Minneapolis was allocated an additional \$110,000 for a Supported Work MEED/JTPA Project with the private sector for 20 MEED slots.

City of St. Paul was allocated an additional \$208,000:

- a) \$130,000 is to be used to employ disadvantaged young adults in housing management positions.
- b) \$78,000 is to be used to encourage private sector job placements.

8. GA performance Pool Allocations. 15% of the funds available for allocation to employment administrators in low unemployment areas were not allocated but were pooled for later distribution to low unemployment areas based on the number of new general assistance eligibles working from May 1 - August 1, 1984. The distribution of the pool is attached (Attachment 4).

9. Allocations Summary. A summary of allocations (formula and discretionary) as of December 20, 1984 is attached (Attachment 5).
