Clause o: SUMMARIZATION OF COMPLAINTS AND DISPOSITIONS	33
Clause p: OTHER OBJECTIVE INFORMATION	36
Clause q: SEXUAL CONTACT COMPLAINT CASES	37

#### Clause a: GENERAL STATEMENT OF BOARD ACTIVITIES

This description should cover both FY 85 and FY 86 and include any changes (additions/deletions) in activities between those years.

The purpose of the Board of Dentistry is to ensure the citizens of Minnesota of professional competency by licensing and registering dentists, dental hygienists and registered dental assistants whose fitness to practice has been tested and whose training and other qualifications meet the standards established by the Board; and to receive and resolve consumer grievances.

During the two-year report period, the Board initially licensed 339 dentists and 287 dental hygienists; initially registered 739 assistants and 45 professional corporations; reinstated 17 licenses and 18 registrations; issued 20,245 annual registration certificates; acted on 118 consumer complaints; participated in 39 regional and national board examinations for dentists and hygienists; participated in seven accreditation visits at dental, dental hygiene and dental assisting schools; and reviewed approximately 600 continuing education programs. A new registration examination for registered dental assistants was adopted to provide for extended examination on radiation safety.

An electronic information management system was implemented to provide for efficient recordkeeping and the automatic processing of annual registration notices and annual registration certificates at considerable savings to the state. Complaint status follow-up reporting was incorporated into the system.

The Board adopted rules on professional advertising, delegation of duties to ancillary personnel, reinforcement of disciplinary measures, automatic termination of licenses for failure to apply for renewal and to meet continuing education requirements and for procedures of reinstatement of licenses and registrations.

In order to alleviate the crowdeed conditions of the Department of Health, the Board, along with nine other health-related boards, relocated its executive office.

Additionally, the Board published its first annual <u>NEWSLETTER</u> to inform its clientele and the public of disciplinary actions taken, rule amendments and functions that may be delegated to ancillary personnel.

Clause b: TOTAL NUMBER MEETINGS HELD FY 85 16 FY 86 11 FY 85 AND 86 27\*

#### Clause c: THE RECEIPT AND DISBURSEMENT OF BOARD FUNDS

Total State Appropriations

Total Non-Dedicated Fee Receipts

Total Disbursements

FY 85	FY 86	FY's 85 & 86		
350,033 255,537		605,570		
293,146 341,136		634,282		
349,723	350,531	700,254		

#### COMMENTS (Optional)

Minnesota Statutes, Chapter 214, require the Board to adjust fees a sufficient amount so that the total fees collected by the Board will as closely as possible equal anticipated expenditures during the fiscal biennium, including the general support costs and statewide indirect costs of the Minnesota Department of Health. These costs are included in the total disbursements shown above.

Unanticipated legal and investigation fees relating mostly to one disciplinary case resulted in the deficit that occurred during F.Y. 85. The Board intents to make up the deficit in F.Y. 86 and F.Y. 87.

#### Clause d: LIST OF BOARD MEMBERS WHO SERVED DURING FY 85 AND FY 86

#### FOR EASY REFERENCE PLEASE GIVE:

(A) Number of Board members required by statute: 9

(B) The statutory length of term: Four years

Elause f: Brief summary of Board Rules Proposed or Adopted During
THIS REPORTING PERIOD, FY 85 AND FY 86. GIVE APPROPRIATE
CITATIONS TO THE STATE REGISTER AND PUBLISHED RULES FOR
THOSE ADOPTED.

At 10 SR 955 rules were adopted on application and renewal fees:

Advertising - Redefines false, fraudulent, misleading or deceptive statements or claims in advertising by deleting from the definition statements that are self-laudatory but including statement which appeal to an individual's anxiety in an excessive or unfair way, which contain material claims of superiority that cannot be substantiated, and which misrepresents a dentist's credentials, training, experience, or ability. Requires that routine dental services which are advertised must either include components specified in the rules or disclose that the components are not part of the service. Permits the advertising of set fees for any service as long as the dentist intends to charge a standard price for the service. Permits the advertising of a range of fees as long as the basic factors on which the actual fees will be determined are included in the advertisement. Repeals prohibitions against the use of various descriptive words or phrases, the use of testimonials and endorsements, the use of celebrities, the use of dramatization or graphic illustrations to imply patient satisfaction, and the indication of affiliation with any organization other than the dental practice being advertised.

Auxiliaries - Reorganizes rules relating to auxiliary duties. Permits assistants to remove excess cement from orthodontic appliances, not just bands. Allows dental hygienists to remove marginal overhangs under the indirect supervision of a dentist. Provides for a radiology examination for limited registration to take radiographs by those qualified in an allied health profession.

Continuing Education (CDE) - Permits dentists to earn 15 credits, dental hygienists 8 credits, and registered assistants 5 credits toward the total number of credits required every five years in non-clinical subjects which are supportive of clinical services, such as patient management, the legal and ethical responsibilities of the dental profession, and stress management. Reduces the number of credits allowed for general attendance at convention-type meetings from five to three. Repeals Board authority to participate in the recordkeeping system once provided by the ADA Continuing Education Registry. Provides an exemption from CDE requirements for those not actively practicing in the state; requires the filing of an exemption affidavit; requires those in the exempt status and who desire to return to practice to give notice and to present evidence of having CDE to the extent of the requirement as though the exemption had not occurred and to receive notice from the Board that the evidence submitted is acceptable before resuming practice. Establishes an application procedure for approval as a CDE sponsor and requires sponsors to reapply for approval every four years. (The application fee, previously established, is \$75.)

Disciplinary - Requires licensees and registrants to cooperate with Board investigations and makes failure to do so grounds for disciplinary action. Strengthens the Board's authority to refuse the voluntary termination of licensure or registration if the Board feels a licensee or registrant has violated the dental laws.

## BRIEF SUMMARY OF BOARD RULES PROPOSED OR ADOPTED DURING THIS REPORTING PERIOD, FY 85 AND FY 86. GIVE APPROPRIATE CITATIONS TO THE STATE REGISTER AND PUBLISHED RULES FOR THOSE ADOPTED.

Licensure and Registration - Removes reference to specific testing agencies as providers of licensure examination acceptable to the Board; requires applicants for licensure and registration to complete a Board-approved examination designed to determine the applicant's level of clinical skills. Requires applicants for licensure by credentials to present evidence of having passed a clinical examination for licensure in another state which has licensure standards comparable to Minnesota's.

Names of Dental Practices - Removes the restrictions on the use of names of a city, state, or other polical subdivision in the name of a dental practice.

Renewal of Licenses and Registrations - Clarifies existing language with respect to annual renewal and termination of licenses and registrations. Provides a mechanism for the automatic termination of a license or registration without first giving advance notice and an opportunity to correct the problem, for failure to pay the renewal fee and/or meet the CDE requirement.

Reinstatement of Licenses and Registrations - Establishes a procedure for applying for reinstatement. Provides that licenses and registrations which have not been in effect for less than five years may be reinstated upon filing an application, paying back renewal fees and submitting evidence of CDE compliance: requires certain examinations for reinstatement of licenses and registrations when licensee and registrants have not complied with CDE requirement. If the license or registration has not been in effect for over five years, the licensee or registrant must complete part II of the national board examination and the clinical examination for dentists; the national board examination and the clinical examination for hygienists; the initial registration examination for registered assistants.

Corporations - Requires corporations to include on annual report form the names of each director, officer and shareholder and their corporate titles. Removes the need for the Board to issue a certificate of registration to professional corporations. A full copy of the Board's rules will be sent later this year to every licensee and registrant on record. In the meantime, if you have any questions concerning them, please state your questions in writing and send them to the Board Office.

NOTE: A prerequisite for licensure is the satisfactory completion of the examination for licensure offered by the Central Regional Dental Testing Services (CRDTS). All applicants who applied successfully completed the CRDTS examination and met all the other licensure requirements. Therefore, every applicant was licensed. CRDTS administers 14 examinations annually within an eleven state area which comprises the region. The Board provides examiners at the various testing sites.

NOTE:

A prerequisite for licensure is the satisfactory completion of the examination for licensure offered by Central Regional Dental Testing Services (CRDTS). All applicants who applied successfully completed the CRDTS examination and met all the other licensure requirements. Therefore, every applicant was licensed. CRDTS administers 14 examinations annually within an eleven-state area which comprises the region. The Board provides examiners at the various testing sites.

Clause n: LIST THE NUMBER OF COMPLAINTS AND OTHER COMMUNICATIONS
RECEIVED BY THE EXECUTIVE SECRETARY, EACH BOARD MEMBER,
EMPLOYEE OR OTHER PERSON PERFORMING SERVICES FOR THE BOARD

THAT ALLEGE OR IMPLY A VIOLATION OF
A STATUTE OR RULE WHICH THE BOARD
IS EMPOWERED TO ENFORCE. THESE TOTALS
INCLUDE CASES REFERRED TO THE
ATTORNEY GENERAL'S STAFF WHO ARE
ASSIGNED TO ASSIST YOUR BOARD.

WHICH ARE FORWARDED TO OTHER AGENCIES AS REQUIRED BY M.S. 214.10.

Please indicate the number of complaints referred to <u>each</u> other governmental agency (Federal, State, and Local) in each fiscal year:

Clause p: STATE ANY OTHER OBJECTIVE INFORMATION WHICH THE BOARD MEMBERS BELIEVE WILL BE USEFUL IN REVIEWING BOARD ACTIVITIES:

(For Example:

In what other states do your licensees hold licenses? Number of Minnesota licenses verified/certified to other states? Number of inspections? Comparisons with past Biennial Reports?)

For health-related boards: (except Veterinary Medicine)

- 1) What progress has the board made so far in establishing procedures to exchange information with other Minnesota state boards, agencies, and departments responsible for licensing health related occupations, facilities, and programs, and for coordinating investigations involving matters within the jurisdiction of more than one licensing body? and,
- 2) What progress has the board made so far in establishing procedures for exchanging information with other states regarding disciplinary action against licensees? (see M.S. 1985 Supplement, Section 214.10, Subd. 8(d)(e).

During fiscal years 1985 and 1986 the Board participated in:

- 7 Dental assistant and dental hygiene school accreditation visits.
- 1 Dental school accreditation visit
- 25 Regional examinations for dentists and dental hygienists
- 8 National Board Examinations

In addition to examination and accreditation visits, the board actively participated with the national organization CLEAR. This organization's charter provides a number of forums for information exchange, formally and informally, among licensing boards. The personal and organizational contacts made as a result of these forums has aided in the licensing and investigative processes.

The Board of Dentistry has, since 1985, reported all disciplinary actions to NDIS (National Disciplinary Information System). This organization was established by CLEAR in 1981 as a national clearinghouse for disciplinary action. The Board receives and reviews monthly reports from NDIS and takes action where necessary.

Item q:

For all health related boards except the Board of Veterinary Medicine, per M.S. 1985 Supplement, Section 214.10, Subd. 8(b): Provide a summary of each individual case (complaint or other communication) that involved possible sexual contact of a licensee with a patient or client.

Each summary must include:

- 1) a description of the alleged misconduct;
- 2) the general results of the investigation;
- 3) the nature of board activities relating to that case:
- 4) the disposition of the case;

and

5) the reasons for board decisions concerning the disposition of the case.

The information disclosed must not include the name or specific identifying information about any person, agency, or organization. Include cases received prior to July 1, 1984, but disposed of in FY '85 and FY '86, as well as cases received prior to June 30, 1986, but not yet disposed of.

The Board received four complaints that fit the Item q requirements:

- 1. Individual was alleged to have made physical advances towards a patient. The investigation could not confirm these allegations because the witness (patient) was not willing to cooperate. The Board did have the individual in for a disciplinary conference and advised the individual of the professional standards established by the Board. The Board dismissed the complaint with a letter of concern because the allegations could not be substantiated.
- 2. Individual was alleged to have made physical sexual contact with a patient. Investigation could not clearly confirm these allegations because the explanation by the practitioner and the patient were believable. The Board had the individual and patient before them in an attempt to prove or disprove the allegations. The Board dismissed the complaint with a letter of concern. Both the practitioner and patient were believable in their description of the incident and, because neither could be confirmed by other witness or testimony, the file was closed.
- 3. Individual was alleged to have sexually touched patients while patients were sedated. (This case is currently under review by an Administrative Law Judge.) Investigation supports the allegations by testimony from patients and other witnesses. The Board had the practitioner in for a disciplinary conference but could not resolve the complaint. The Board proceeded to a contested case hearing before an Administrative Law Judge.

4. Individual was alleged to have semually touched patients while patients were sedated. Investigative interials did not support the allegations and individual denied all charges. Because patients were sedated, they could not confirm or dany allegations. The Board had practitioner in for disciplinary conference. The Board dismissed the complaint with a letter of warning because confirmation of the sexual abuse could not be clearly substantiated.
