Clause a: GENERAL STATEMENT OF BOARD ACTIVITIES

This description should cover both FY 85 and FY 86 and include any changes (additions/deletions) in activities between those years.

In both FY 85 and FY 86 the trend of increasing numbers of complaints, begun in the previous biennium, continued unabated. It became clear that the Board's goal of promoting public awareness of the rights of consumers of psychological services was becoming realized.

Several factors contributed to the increase in numbers of complaints: the Board's Rules of Conduct, adopted in FY 83, require licensees to report other licensees to the Board in certain cases and to publicize the client bill of rights their own areas of competence; the work of the Sex Exploitation Task Force, which resulted in needed legislation; and hearings on the issue of sexual exploitation of clients held by legislative committees.

The significantly larger number of complaints resulted in a heavy work load for Board members serving on Ethics Panels, the Executive Director, and the Attorney General's staff. Every effort was made to ensure disciplinary action in cases which were jurisdictional and substantive.

The biennium also saw a large increase in the number of persons sitting for the objective examination. Also, the ever increasing number of licensees made the renewal process more time-consuming. The work-load became sufficiently burdensome to request a half-time clerk-typist, a position which was filled on an emergency basis in December, 1985, and with a permanent employee in March, 1986.

The Board began massive overhaul of portions of its rules, particularly the Rules of Conduct, education requirements, and test procedures, and in May, 1986, changed its cut score on the objective examination from 60% to 70%, all in an effort to ensure that the public is served by adequately trained and ethical practitioners.

Several Board members participated in committees and task forces in Minnesota directed toward improving mental health care and ethical practice, while others participated in national forums directed toward improving regulatory boards' performance.

Early in calendar 1985 the health-related licensure boards had to seek new quarters because of the Health Department's need for more space for its staff complement. On January 4, 1986, the boards moved to their present location in a renovated older building. The move, of course, resulted in higher rent, moving costs, etc., which in turn resulted in an LAC request to increase the budget accordingly, and fees were raised to cover the added costs.

COMMENTS (Optional)

* Disbursements include \$48,100 to cover Attorney General's services which do not appear in the budget.

** Original budget of \$114,142 was increased by means of two LAC requests, to cover unanticipated legal costs and a large increase in the cost of the objective examination.

*** Original budget of \$123,000 was increased by means of an LAC request to cover additional costs resulting from the forced move from the Health Department to other quarters.

Fees were raised in December, 1985, to cover deficit from previous fiscal year and the increased costs for this fiscal year.

Clause f: BRIEF SUMMARY OF BOARD RULES PROPOSED OR ADOPTED DURING THIS REPORTING PERIOD, FY 85 AND FY 86. GIVE APPROPRIATE CITATIONS TO THE STATE REGISTER AND PUBLISHED RULES FOR THOSE ADOPTED.

On April 12, 1985, the Board of Psychology adopted a new rule, Rule pt. 7200.1700, which excluded certain majors from being accepted as "majors in psychology". The rule part was published in Vol. 9, #46, pp 2474-2475, May 13, 1986, of the State Register. Following notice of final adoption of the rule part in the State Register, Vol. 10, #8, p. 477, August 19, 1985, the rule part became effective September 1, 1985.

The rule part reads as follows:

7200.1700 DEGREE MAJORS IN OTHER PROFESSIONS. A degree major in any profession listed in Minnesota Statutes, section 148.97, subdivision 3, is not a major in psychology as defined in parts 7200.1300, item C and 7200.1400, item C. This provision applies to applications for admission to examination received after September 1, 1985.

Minn. Stat. S 148.97, subd. 3 reads as follows:

Subd. 3. (1) Nothing in Laws 1973, Chapter 685 shall be construed to limit the professional pursuits consistent with their training and code of ethics of professions such as teachers in recognized public and private schools, clergymen, physicians, social workers, alcohol or drug counselors, or optometrists or attorneys. However, in such performance any title used must be in accord with section 148.96.

Due to the health-related licensing boards being forced to relocate away from the Health Department Building, a budget increase request was necessitated to cover the cost of moving, increased rent, etc. A fee increase was adopted on November 8, 1985, published in the State Register, Vol. 10, #14, pp 752-753, September 30, 1985. Notice of the final adoption of the fee increase appeared in the State Register, Vol. 10, #23, p. 1266, December 2, 1985. The fees became effective December 7, 1985.

Fees were increased as follows:

Examination application:	from \$100 to \$115.
Licensure Application:	from \$ 75 to \$125.
Licensure Renewal:	from \$110 to \$150.

Psychology Board

Explanation of NOT LIC column on preceding pages:

Because of the change in procedures resulting from the Rules adopted in August, 1982, applicants may sit for the objective examination immediately after obtaining the degree upon which licensure is to be based. As a result, for many applicants it will be two years or more after sitting for the objective examination before they have completed the required two years of full-time (or equivalent part-time) employment and may then apply for licensure.

The column marked "NOT LIC" represents applicants who have not yet applied for licensure as well as those who have failed the examination. In other words, it includes all applicants who have not TO DATE completed the licensure application procedure.

Licensure data pertaining to applicants examined in FY 83 and FY 84 has been included in this report, updated to include those who were licensed prior to 6/30/86, in order to give a more complete picture of what is happening in the licensure process. The figures for those fiscal years can be compared with the figures submitted in the preceding report.

A separate table indicates the overall fail numbers and licensure numbers for each fiscal year since the Board was created.

WHICH ARE FORWARDED TO OTHER AGENCIES AS REQUIRED BY M.S. 214.10.

Please indicate the number of complaints referred to each other governmental agency (Federal, State, and Local) in each fiscal year:

One complaint forwarded to local government, two to other agencies of state government.

Please note that oral complaints are not considered formal complaints. Complainant sent a complaint form packet to submit in writing.

Clause o: SUMMARIZE, BY SPECIFIC CATEGORY, THE SUBSTANCE OF THE COMPLAINTS AND COMMUNICATIONS REFERRED TO IN CLAUSE (n) OF M.S. 214.07 AND AND, FOR EACH SPECIFIC CATEGORY, THE RESPONSES OR DISPOSITIONS THEREOF PURSUANT TO M.S. 214.10 and 214.11 (INDICATE AUTHORITY/ CITATIONS FOR DISPOSITION).

(Dispositions occurring during this period of complaints and communications received prior to July 1, 1984, and complaints and communications received but not disposed of as of June 30, 1986 should be included).

SUMMARY OF COMPLAINTS AND COMMUNICATIONS BY SPECIFIC CATEGORY

SUMMARY OF RESPONSES AND DISPOSITIONS FOR EACH SPECIFIC CATEGORY

		Dismissed	Dismissed With Warning	Disciplined	Pending
1	Sexual contact with client	5		10	12
1	Failure to report abuse of minor or vulnerable adult	3		2	4
1	Abuse of vulnerable adult client	1			1
2	Breach of confidentiality	9	1	1	8
2	Medical Assistance Irregularities			2	
2	Impaired objectivity, dual relationships	6			13
2	Practicing outside of competence	10	1	2	11
3	Failure to forward client records, failure to terminate, failure to refer client	8	1	1	3
3	False statements, calling self psychologist before licensed, private practice before licensed	14	1	3	2
3	Aiding/abetting unlicensed practice	4			2
3	Stereotyping client	1	1		5
-	Complaints found to be nonjurisdictional because no evidence that allegations relate to rule or law violations	11			
Total		72	5	21	61

Please note that figures may add up to a higher number than reported complaints submitted, as several complaints allege violation of more than one rule or law.

Figures include complaints submitted prior to 7/1/84 but concluded in FYs 85-86, and complaints submitted in FYs 85-86, whether concluded or pending.

Clause p: STATE ANY OTHER OBJECTIVE INFORMATION WHICH THE BOARD MEMBERS BELIEVE WILL BE USEFUL IN REVIEWING BOARD ACTIVITIES:

(For Example: In what other states do your licensees hold licenses? Number of Minnesota licenses verified/certified to other states? Number of inspections? Comparisons with past Biennial Reports?)

For health-related boards: (except Veterinary Medicine)

1) What progress has the board made so far in establishing procedures to exchange information with other Minnesota state boards, agencies, and departments responsible for licensing health related occupations, facilities, and programs, and for coordinating investigations involving matters within the jurisdiction of more than one licensing body? and,

2) What progress has the board made so far in establishing procedures for exchanging information with other states regarding disciplinary action against licensees? (see M.S. 1985 Supplement, Section 214.10, Subd. 8(d)(e)).

On an informal basis, the health-related licensing boards exchange information regarding the disciplinary function of the boards. On a formal basis, the attorneys in the Health Law Division of the Attorney General's office coordinate their efforts and the investigative process when more than one board licenses the individual who is the subject of investigation. Currently the Psychology Board and the Medical Examiners Board are cooperating regarding serious charges against an individual.

The Board of Psychology also has a policy of working closely with the Human Services Department when the allegations involve medical assistance irregularities or claims for reimbursement for services outside the practitioner's competence.

The Board of Psychology regularly forwards results of disciplinary action to the American Association of State Psychology Boards, which in turn disseminates the information to all other state boards. When the disciplinary action results from extremely serious unethical conduct, the other state psychology boards are notified directly.

Other information which may be of use in reviewing the Board's activities is a summary of numbers of persons licensed in each fiscal year since the Board was created, together with the numbers of persons whose licensure status changed through death, suspension, termination, or licensure at another level. This table is attached, as is the table showing distribution of psychologists in the various economic development regions.
