**BIENNIAL REPORT**

**BOARD OF MEDICAL EXAMINERS  
2700 UNIVERSITY AVENUE WEST  
SUITE 106  
ST. PAUL, MN 55114-1080**

**STATUTORY AUTHORITY - M.S. Chapters 146, 147, 148, 319A**

**REPORT PERIOD - July 1, 1986 TO June 30, 1988**

**SUBMITTED BY - H. Leonard Boche, Executive Director**

**Clause a: GENERAL STATEMENT OF BOARD ACTIVITIES**

This description should cover both FY 87 and FY 88 and include any changes (additions/deletions) in activities between those years.

The Minnesota State Board of Medical Examiners has been given the following responsibilities:

**1. Licensure to Practice Medicine & Surgery**

<u>BASIS</u>	<u>LICENSES ISSUED</u>	
	<u>F.Y. 87</u>	<u>F.Y. 88</u>
A. Flex Written Examination	32	30
B. Flex Examination Other State	137	140
C. Reciprocity	28	23
D. Endorsement of National Board of Medical Examiners	598	602
E. Endorsement of National Board of Osteopathic Examiners	15	24
F. Endorsement of Medical Council of Canada	18	12
	<u>828</u>	<u>831</u>

**A. Flex Written Examination**

The Flex Examination, a three day examination, was adopted by the Board in December of 1971 and is the examination used by all states within the United States. It is also used by Puerto Rico, the District of Columbia and the Province of Saskatchewan.

The Flex Score of 75.0 on each part is the passing score used by all states, including Minnesota. The Examination is given in June and December. This examination is in two parts, each 1½ days long. Candidates will have to pass each part with a score of 75.0.

**B. Flex Examination Other States**

The Board has authorized the office to accept applications on the basis of Flex Examination taken in other states in lieu of taking our written examination. Many of these applicants are Foreign Medical School Graduates.

**C. Reciprocity**

Minnesota has reciprocity with all other states having examination requirements equal to or greater than Minnesota's. This means Minnesota will accept exam scores from other states, but does not guarantee licensure.

**D. Endorsement of National Board of Medical Examiners**

One normally becomes a Diplomate of the National Board of Medical Examiners by taking Day I (Basic Science subjects), as a second year medical student, Day II (Clinical Science subjects), as a fourth year medical student and Day III (Clinical Competence), as a first year resident. This is the basis on which most United States Graduates and many Canadian Graduates are licensed in Minnesota.

Clause a: GENERAL STATEMENT OF BOARD ACTIVITIES

This description should cover both FY 87 and FY 88 and include any changes (additions/deletions) in activities between those years.

E. Endorsement of National Board of Osteopathic Examiners

Since the Board of Osteopathy was merged with the Board of Medical Examiners in 1963, the only license the Doctor of Osteopathy can obtain in Minnesota is the license to practice medicine and surgery; the same license as issued to the Doctor of Medicine. They may apply on the basis of Reciprocity, Examination or the National Board of Osteopathic Examiners.

F. Endorsement of Medical Council of Canada

Minnesota Session Laws 1977, Chapter 7, authorized the Board to grant licenses to licentiates of the Medical Council of Canada.

2. Endorsement of Certification to Other States

During the Two-year period, July 1, 1986 - June 30, 1988, 472 Minnesota licentiates used their Minnesota license to obtain licensure by reciprocity in other states. In addition to the above endorsements, thousands of certifications are made to the Drug Enforcement Administration, hospitals, drug companies and so forth.

3. Professional Corporations

During the two-year period, July 1, 1986 - June 30, 1988, 36 new corporations were formed, bringing the total of corporations formed since the original law was passed in 1951 to 1170.

4. Temporary Licenses

A temporary license to practice medicine can be issued until the next Board meeting if all requirements for full licensure have been met. From July 1, 1986 to June 30, 1988, 551 temporary licenses were issued.

Clause a: GENERAL STATEMENT OF BOARD ACTIVITIES

This description should cover both FY 87 and FY 88 and include any changes (additions/deletions) in activities between those years.

5. Physical Therapy

Physical Therapists have been registered in Minnesota since 1953. Physical Therapists may be registered on the basis of having passed the Professional Examination Service (P.E.S.) examination or on the basis of the American Registry of Physical Therapy Examination (this examination is no longer available).

Fiscal Year 1986 - 1987 — 173

Fiscal Year 1987 - 1988 — 170

Total 343

6. Physician Assistants

Physician Assistants have been registered in Minnesota since 1987. Physician Assistants with informal training and 4 years experience were "grandfathered in" (if they applied by August 24, 1987) and given two years to pass a national certifying (NBCOPA or NCCPA) exam in order to be permanently registered. Physician Assistants currently register based on an accredited Physician Assistant training program and NBCOPA or NCCPA national certifying exam.

Fiscal Year 1986 - 1987 — PA's not registered
