2. NURSING EDUCATION ACTIVITIES

In accordance with Minnesota Statutes sections 148.251 and 148.292 the Board approved schools of nursing (nursing education programs) which prepare persons for licensure as either a registered nurse or a licensed practical nurse.

The number of approved professional and practical nursing programs as of June 30 each fiscal year is shown below:

Approval of one professional program was terminated due to voluntary closure during FY 1989. A new professional nursing program offered by a nursing education consortium composed of three colleges was approved in FY 1990. Simultaneously, the approval of the three professional nursing programs operated by the colleges in the consortium was terminated due to voluntary closure of the three individual programs.

Five surveys of professional and practical nursing programs were completed during FY 89 and seven during FY 90 for the purpose of determining compliance with administrative rules.
