Clause a: GENERAL STATEMENT OF BOARD ACTIVITIES

This description should cover both FY 93 AND FY 94 and include any changes (additions/deletions) in activities between those years.

The Board of Barber Examiners was created to protect the public's health, safety and welfare, provide the public with the highest quality of barbering services and to regulate the barber industry through the continued review, amendment, adoption and enforcement of Rules and Statutes. This is accomplished through the inspection and licensing of barber shops and schools; and through the examining and licensing of instructors, apprentices and registered barbers. Under the direction of four (4) Board members, appointed by the Governor, the staff performs the daily operational duties including: inspections, record maintenance, communications, composing and validating the school curriculums and the various levels of examinations and preparing guidelines for apprenticeship programs. The Board has all licensing records on a personal computer system and all licenses are issued by that system. The Board holds licensing examinations quarterly, with two additional exams if applicants warrant. All complaints received are processed in accordance with MSA 214.10, appointing a designee to the Complaint Committee to assist in processing and resolving all complaints expediently and economically.

Clause p: STATE ANY OTHER OBJECTIVE INFORMATION WHICH THE BOARD MEMBERS BELIEVE WILL BE USEFUL IN REVIEWING BOARD ACTIVITIES:

(For Example: In what other states do your licensees hold licenses? Number of Minnesota licenses verified/certified to other states? Number of inspections? Comparisons with past Biennial Reports?)

The Board does not maintain records relative to what other states Minnesota licensees might hold licenses in. We do certify license status by way of sending licensing histories upon request to individuals or states. For the two year period these histories averaged about 52 per year.

FY 90-91 there were 1,328 inspections and 192 violations.

FY 91-92 there were 1,128 inspections and 154 violations.

FY 90-91 there were 8 school inspections compared to 12 this reporting period.

FY 91-92 there were 7 school inspections compared to 12 this reporting period.
