Notice of Application  
for Federal Assistance

Department Name: Natural Resources  
Title of Project/Proposal: National Biological Service Species at Risk  
Program: Research and protection efforts for Federal candidate plants in  
Minnesota  
Federal Catalog Number:

Type of Grant: New  
State of request: Application

Has the Legislature approved the expenditure of these funds by review in the  
biennial budget process? No

Start date: 7/1 /95      End date: 6/1/96  
Funding amount: \$35,090      Positions: 0

1. Describe what discretion or latitude your agency was allowed in  
preparation of the application for federal assistance. Discretion may be in  
the administrative/staffing or program selection area.

The study areas, study design and staffing were all left to the discretion of  
the MNDNR

2. Summarize the purpose of the proposed grant including a brief statement of  
the goals and objectives. Also specify the activities which will take place  
and any products (reports, plans, etc) which will result from the program.

This grant would fund a portion of an integrated roadside management  
initiative for corridors supporting federal category 2 candidate species, and  
survey and research activities for a Minnesota endemic plant, the Frenchman's  
bluff moonwort, which is also a federal candidate species. Objectives of the  
first component of the project are to produce educational materials and  
conduct a workshop for roadside managers and to establish a local pilot  
project to demonstrate environmentally sensitive roadside management.  
Objectives of the second component of the project are to improve our  
understanding of the distribution and life history of the Frenchman's Bluff  
moonwort. New site locations discovered through the work will be entered into  
the Natural Heritage database, protection planning will incorporate findings,  
and reports will be submitted to the USFWS. A poster will be produced  
entitled "Minnesota's Rights-of-Way: Living Corridors, Opening the Door on  
Diversity".

3. Describe how the proposed program relates to, or differs from, existing  
state programs, both within your agency and within other agencies and units of  
government. State how the proposed program will be coordinated with existing  
programs.

The Natural Heritage Program of the DNR has sole responsibility in the state  
for research and surveys relating to Federal candidate plants. The proposed  
work is an enhancement of on-going inventory, monitoring, and protection work  
conducted by the Natural Heritage program. The information collected will  
improve our understanding and that of relevant land managers of the status of  
these species in Minnesota, and our ability to participate in their recovery.

4. Match required: \$0

5.a: Does the grant contain a maintenance of effort requirement? No  
b: What short and long term commitments is the state making by acceptance of  
this grant?

Deliver 3 copies of all final reports to the USFWS by project end date

6. Are there indirect costs included in the proposal?: No,

a. If indirect costs are not included in the proposal, indicate reason.

No salaries are funded by this money

7. Are indirect costs part of any match? No match

8. Positions needed to carry out program? 2 existing

9. Will the award supply funding for present positions? None

10-12: no

13. Legal authority: Mn Stat 84.085

14. Will the program involve a change in existing state rules? no

15. Will the program require new rules? no

Type of Grant: New  Continuation  Other  If Other, Please Explain.

This request is in the following state:

Pre-application  Application  Negotiation  Awarded

Has the Legislature approved the expenditure of these funds by review in the biennial budget process.  
 Yes  No If yes, state the page and current budget volume for reference.

This award/proposal: Start Date: 7/1/95 End Date: 6/30/96  
 Funding Amount: \$70,000 Positions: \_\_\_\_\_

- Describe what discretion or latitude your agency was allowed in preparation of the application for federal assistance. Discretion may be in the administration/staffing or program selection area.  
 This project is a cooperative effort between the states of Minnesota, Michigan, Wisconsin, Illinois and Iowa, the National Biological Survey, US Fish and Wildlife Service, US Forest Service and the Natural Resources Conservation Service. The project proposal and template for the AFA was done cooperatively with project partners.
- Summarize the purpose of the proposed grant including a brief statement of the goals and objectives. Also specify the activities which will take place and any products (reports, plans, etc.) which will result from the program. Each state will develop a common interface to aquatic resources data (fisheries survey information) which will be used to facilitate exchange of data; facilitate improved internal communication, maximize utility of existing databases, and provide a framework for broader national participation and assessment of states and trends of aquatic resources over broad geographical regions.
- Describe how the proposed program relates to, or differs from, existing state programs, both within your agency and within other agencies and units of government. State how the proposed program will be coordinated with existing programs.  
 The five cooperative states will develop a compatible interface. These efforts complement ongoing database management programs working towards providing remote access to large sets of aquatic resource information.
- Indicate the state match required for each year of the grant, also indicate what percentage is hard (cash) and what percentage is soft (in-kind). If the grant runs longer than 3 years, include information for each additional year.

1st year \$ _____	Percentage of total grant _____%	Hard _____%	Soft _____%
