MINNESOTA OFFICE OF THE STATE AUDITOR

**REVENUES, EXPENDITURES, AND DEBT
OF MINNESOTA
CITIES UNDER 2500 IN POPULATION**

DECEMBER 31, 1994

**JUDITH H. DUTCHER
STATE AUDITOR**

HJ
9777
.M6
R48
1994

Pursuant to Minn. Stat. 6.74
Minn. Stat. 6.75

The Office of the State Auditor is a Constitutional Office which serves as a watchdog for Minnesota taxpayers and helps to assure integrity, accountability, and cost-effectiveness in government throughout the state.

Through financial, compliance, and special audits, the Office of the State Auditor helps to assure that local governments hold themselves to the highest standards of integrity. The Office works actively with local government officials to find more efficient and cost effective ways to spend tax dollars.

The Office performs approximately 320 audits per year. The State Auditor has oversight responsibilities for 4,300 units of local governments throughout the state. The local units of government include:

- 1803 townships
- 855 cities
- 429 educational districts
- 87 counties
- 703 police and fire relief association funds
- 145 housing and redevelopment authorities
- 22 port authorities
- 91 soil and water conservation districts
- 150 (approximate) special districts

Through its reports and research, the Office helps local governments to find new ways to provide essential services more economically and efficiently in order that they may respond to growing needs with limited financial resources.

The State Auditor serves on the State Executive Council, State Board of Investment, Land Exchange Board, Public Employee's Retirement Association Board, Minnesota Housing Finance Agency, Rural Finance Administration Board, and Board of Government Innovation and Cooperation.

1994 Finances For Cities Under 2,500 Population

Overview

Minnesota's cities under 2,500 in population raised revenues of \$260.0 million in 1994, 4.0 percent more than in 1993.¹ Increased revenue from property taxes and charges for services offset a decrease in intergovernmental revenues.

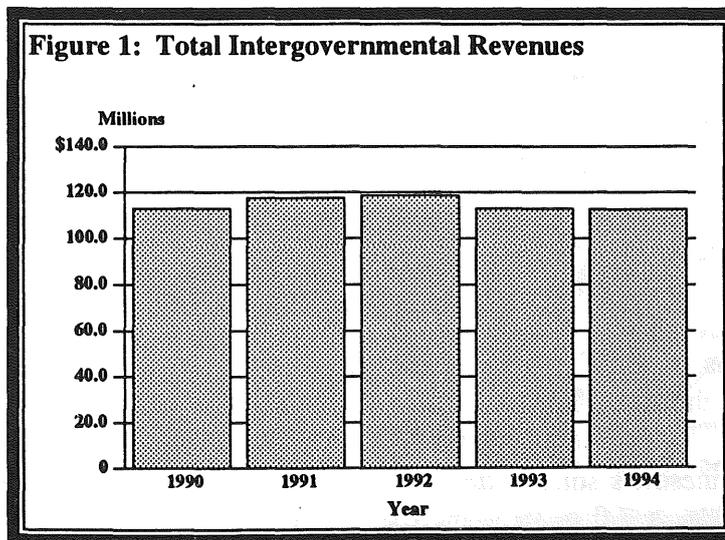

Minnesota's small cities increased spending by 21.0 percent between 1993 and 1994. Cities spent a total of \$366.0 million in 1994 including current expenditures of \$161.5 million; capital outlays of \$140.4 million; and, debt service expenditures of \$64.0 million. Current expenditures increased \$10.4 million or 6.9 percent in 1994. An increase in spending for public safety, and streets & highways pushed overall current expenditures higher.

Revenues

Revenues for small cities totaled \$260.0 million in 1994, an increase of \$10.1 million over 1993. The total revenue per capita in 1994 was \$605 compared to \$587 in 1993. The principal sources of revenues in 1994 were: 1) intergovernmental revenues - federal, state, county, local grants and aids (43.4%); 2) property taxes (23.4%); and, 3) miscellaneous revenues (9.8%).

- **Intergovernmental revenues.** Cities receive grants and aids from a number of sources including the federal, state, county and other local governments. Intergovernmental revenues were the largest source of revenues for small cities in 1994 totaling \$112.9 million and accounting for 43.4% of total revenues.

An analysis of intergovernmental revenues between 1990 and 1994 showed that intergovernmental revenue decreased 0.3% between 1990 and 1994. The fastest growing source of intergovernmental revenues was county highway grants which grew 264.4% over the five-year period, rising from \$767,412 in 1990 to \$2.8 million in 1994. Revenues from federal grants decreased from \$13.5 million in 1990 to \$12.5 million in 1994.

Revenues from federal grants decreased from \$13.5 million in 1990 to \$12.5 million in 1994.

Figure 1 summarizes total intergovernmental revenues for the years 1990-94.

¹

Total revenues exclude borrowing and transfers from other funds.

State grants and aids. State grants and aids not only accounted for the largest share of intergovernmental revenues (82.6%) but were also the *single* largest source of total revenues for cities in 1994 accounting for 35.8 percent of all revenues. State local government aid (LGA) to small cities totaled \$53.1 million and was the largest of the state aid program for cities in 1994. LGA increased \$12.7 million or 31.5 percent between 1993 and 1994. This large increase was the result of program and formula changes in state aid to cities. Two state aid programs, disparity reduction aid (DRA) and equalization aid (EA), were discontinued after 1993. The dollars previously allocated to the DRA and EA programs were shifted to the LGA program. In addition to the consolidation of the three programs, a new LGA formula went into affect in 1994. A comparison made by combining the total amount of aid distributed through the DRA, EA, and LGA programs in 1993 to 1994 LGA indicated an increase of \$1.9 million or 3.8 percent in LGA.

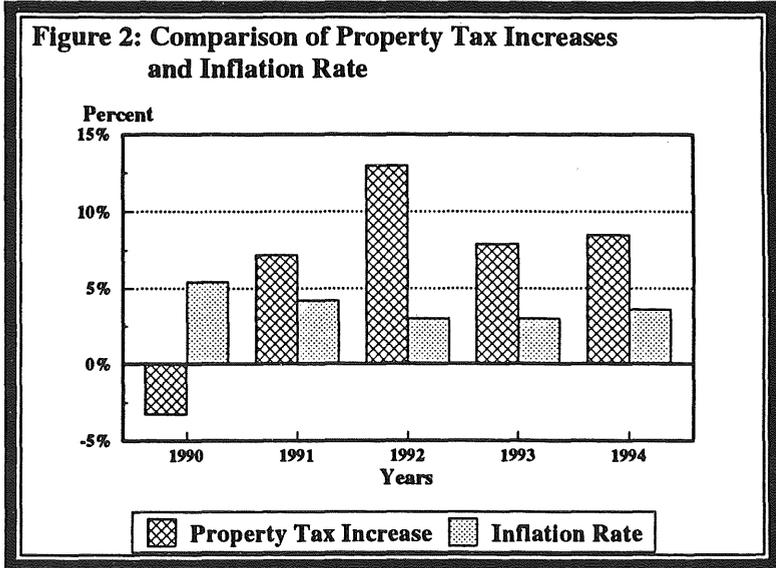

Federal grants and aids. One of the few sources of revenue that declined between 1994 and 1993 was federal aid. Federal grants to small cities totaled \$12.5 million in 1994, down 12.9 percent from 1993. The share of city revenues provided by federal aid also declined, dropping from 5.7 percent in 1993 to 4.8 percent in 1994.

Federal grants declined 12.9 percent.

- Property Taxes.** As in the previous three years, general property tax revenues grew faster than the rate of inflation. Revenues from general property taxes totaled \$60.7 million in 1994, up 8.5 percent from 1993. General property taxes also provided a larger share of total revenues for Minnesota's small cities in 1994.

Property taxes increased 8.5 percent in 1994.

The share of city revenues derived from general property taxes increased from 22.4 percent in 1993 to 23.4 percent in 1994. General property tax revenues were up in over two-thirds of small cities. Figure 2 provides a comparison between property tax increases and the rate of inflation for the years 1990 through 1994.

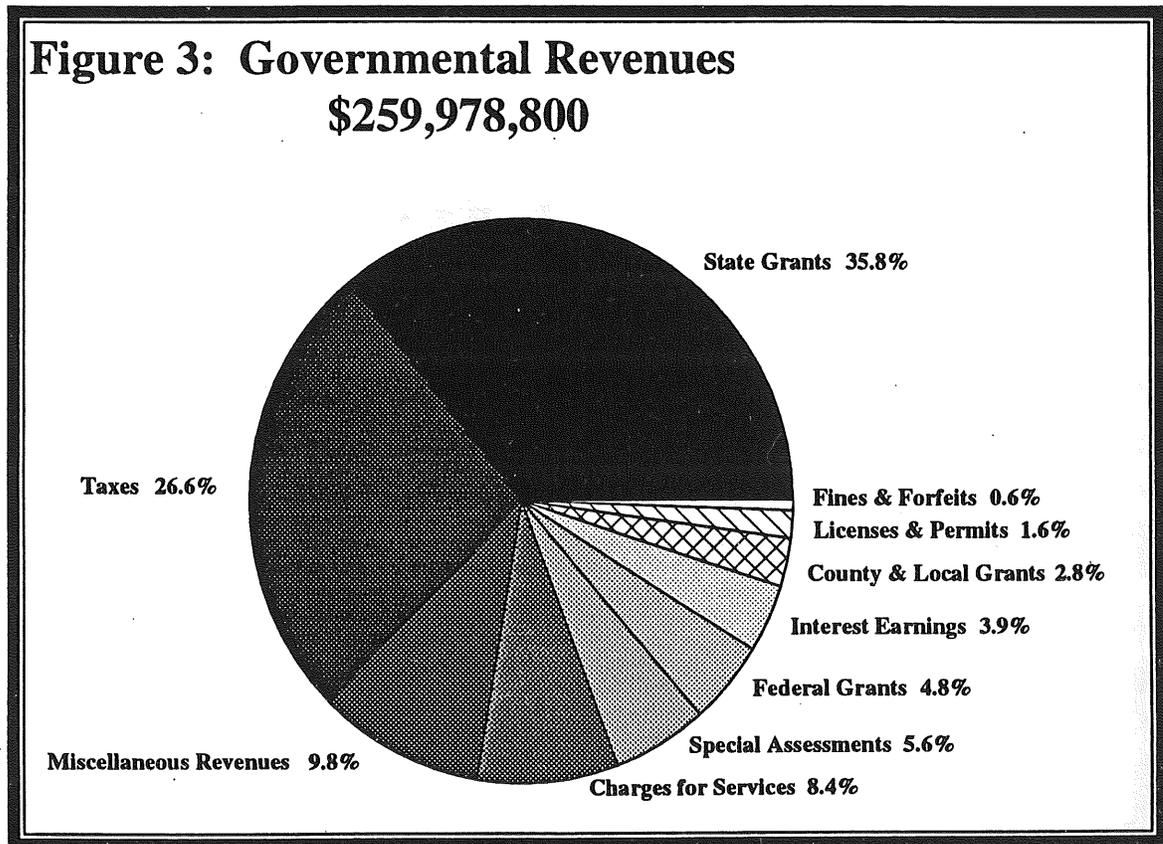

- Charges for services.** Minnesota's small cities received revenues of \$21.9 million from charges for services in 1994, a 7.0 percent increase over 1993. Charges for services represented 8.4 percent of all city revenues in 1994, up from 6.4 percent five years earlier.

- Tax Increments.** Revenue from tax increments totaled \$7.9 million in 1994, an increase of 14.8 percent over 1993 tax increments. Revenue from tax increments averaged 3.0 percent of small city revenues in 1994. Tax increment revenues as a percent of total city revenues in individual cities ranged from zero to 40.1 percent. Cities generate tax increment revenue when they establish tax increment financing (TIF) districts. In a TIF district, a city reserves the use of property taxes to pay the costs of development and redevelopment needs in the district rather than for general services in the city. Small cities utilize TIF districts far less frequently than large cities. In 1994, 21.4 percent of small cities had TIF districts compared to 87.4 percent of large cities.
- Other sources of revenues.** Other sources of revenues that increased between 1993 and 1994 included gravel & gambling taxes (339.9 percent); local sales & hotel/motel taxes (27.3 percent); licenses and permits (13.4 percent); miscellaneous revenues (8.8 percent); franchise taxes (8.3 percent); interest earnings (3.8 percent); fines and forfeits (1.1 percent); and special assessments (0.3 percent).

Tax increment revenues as a percent of total city revenues in individual cities ranged from zero to 40.1 percent.

Figure 3 summarizes the proportion of revenue that each source of revenue provides².

² The category of taxes includes property, hotel/motel, sales, franchise, gravel and gambling taxes as well as tax increments.

Total Governmental Expenditures

Current Expenditures

Minnesota's cities under 2,500 in population had current expenditures of \$161.5 million in 1994, up 6.9 percent from 1993. Cities increased current expenditures for all city services.³

- **Public safety.** Public safety current expenditures totaled \$45.6 million in 1994, an increase of 8.2 percent over 1993. Spending on police, fire, ambulance and other protection represented 28.2 percent of all current expenditures in 1994, the largest current expenditure for small cities. Current expenditures for fire and police services were up 12.3 percent and 4.7 percent respectively.
- **General government.** General government services were the second largest current expenditure in 1994 accounting for 25.3 percent of all current expenditures. Cities spent a total of \$40.8 million on general government services such as administration, finance and elections in 1994, an increase of 5.0 percent over 1993.
- **Streets and highways.** Cities had street and highway current expenditures of \$35.6 million in 1994, an increase of 9.4 percent over 1993. This represented 22.1 percent of all current expenditures in 1994. Street and highway current expenditures exclude construction and other capital expenditures. Street and highway capital outlays totaled \$41.6 million in 1994, the largest share of capital spending.
- **Culture and recreation.** Culture and recreation current expenditures rose to \$14.9 million in 1994, 7.8 percent more than in 1993. Small cities have been placing a greater priority on culture and recreation spending for several years. Culture and recreation current expenditures accounted for 9.2 percent of total current expenditures in 1994 compared to 7.9 percent in 1990.
- **Other city expenditures.** Cities also increased spending on health by 52.0 percent; airports by 17.4 percent; sanitation by 3.0 percent; and economic development and housing by 1.8 percent.

Public safety was the largest current expenditure for small cities.

³ Current expenditures exclude capital outlay, debt service and transfers to other funds.

Capital Outlay and Debt Service

In addition to current expenditures of \$161.5 million, cities had capital outlays of \$140.4 million and debt service payments of \$64.0 million.⁴

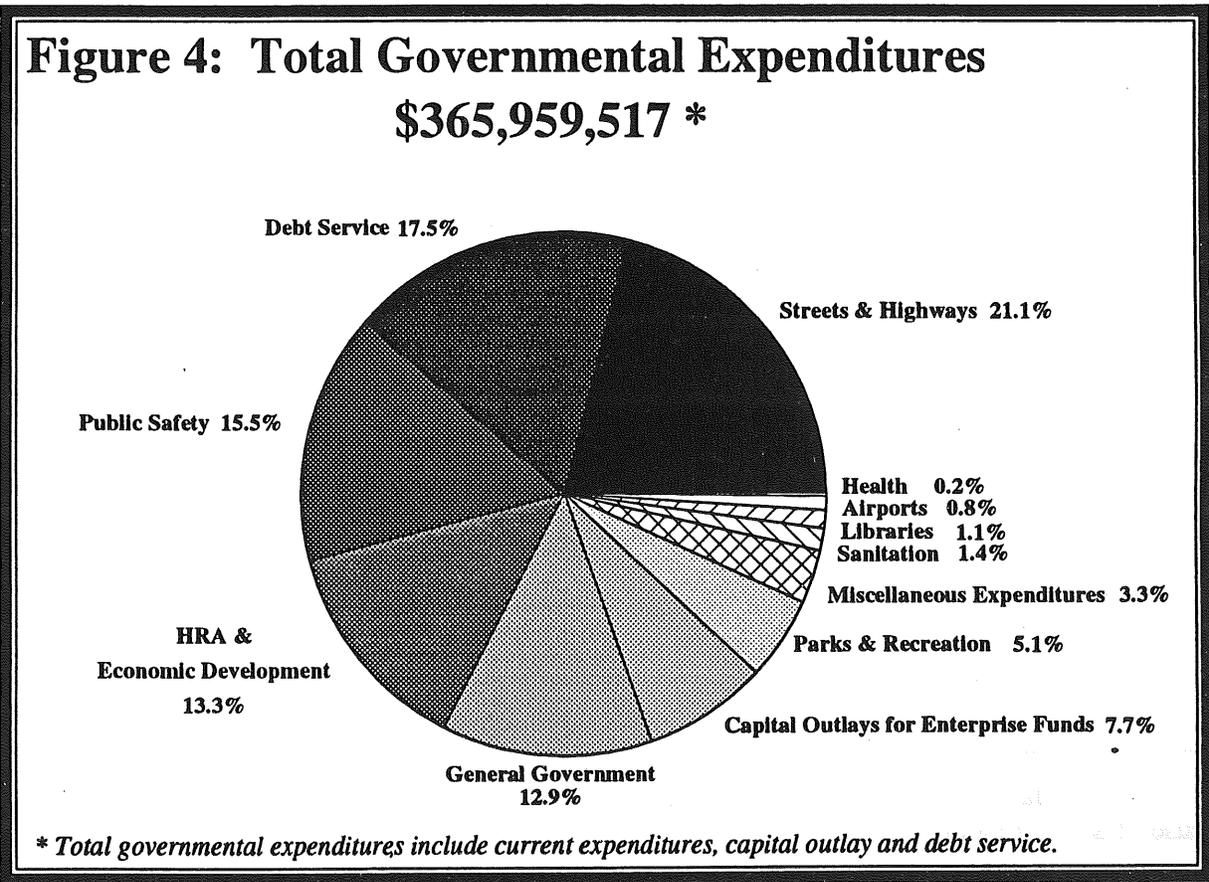

Capital outlays increased \$43.6 million or 45.0 percent in 1994. A significant share of the increase was attributable to the City of Becker which increased capital spending by \$28.7 million. The City of Becker had large capital outlays for TIF district improvements and a community center.

Capital outlays for streets and highways were greater than for any other type of project. Street and highway capital expenditures totaled \$41.6 million in 1994, a 46.8 percent increase.

Cities had debt service expenditures of \$64.0 million in 1994, 17.7 percent more than 1993. Refunded bonds totaled \$36.8 million in 1994, a 215.9 percent increase over 1993.

Capital expenditures for streets and highways increased 46.8 percent.

Figure 4 summarizes the Total Governmental Expenditures for cities under 2,500 in population.

⁴ Total governmental expenditures exclude expenditures related to enterprise funds.

Municipal Enterprises

Operating income for city public service enterprises was up 22.1 percent in 1994.⁵ Cities establish municipal enterprises to provide specific services that are intended to be self-sustaining through fees and user charges. Many cities create enterprises to provide water, sewer, electric, gas and heat utilities. In addition to utilities, cities have enterprise funds for municipal hospitals, nursing homes, liquor stores, refuse disposal, and recreation activities.

The operating income for small city public service enterprises totaled \$5.6 million in 1994 on operating revenues of \$192.2 million and operating expenses of \$186.6 million. Municipal enterprises generated a net income of \$10.0 million in 1994, 21.4 percent more than in 1993. Cities transferred \$3.1 million from enterprise funds to other governmental funds in 1994, down 16.5 percent from 1993.

Municipal enterprises generated a net income increase of 21.4 percent.

Total sales for municipal liquor stores increased \$1.1 million, cost of sales increased \$798,469, and gross profit was up \$316,701. Operating expenses increased \$19,120, operating income increased \$297,581, and net income increased \$414,363.⁶

Indebtedness

During the year, bonds totaling \$130.5 million were issued and \$91.8 million were retired, leaving \$464.0 million outstanding at the end of 1994. The following table provides a two-year summary of bonds outstanding classified by type of issue:

Type of Issue	1994	1993
General Obligation	81,024,937	66,135,659
G.O. Tax Increment	63,721,343	56,571,150
Revenue Tax Increment	180,000	305,000
Special Assessment	137,629,218	129,047,508
G.O. Revenue	150,194,128	134,005,959
Revenue	23,757,218	20,760,226
All Other	7,473,018	10,730,432
Total Bonded Indebtedness	\$463,979,862	\$417,555,934

⁵ This comparison of municipal service enterprises excludes municipal liquor operations because of accounting differences.

⁶ A separate analysis of municipal liquor operations is available in the Office of the State Auditor's publication, *An analysis of Minnesota Municipal Liquor Operations in 1994 (January 96)*.

Appendix A

Scope of Report and Methodology

This report provides a summary of the financial operations of the 674 cities under 2,500 in population for the calendar year 1994. Information concerning Minnesota cities over 2,500 in population is contained in a separate report.

Sources of the data include the annual city financial reporting form, audits by public accountants, financial statements prepared by the city clerk or clerk-treasurer, county auditors' reports of indebtedness, and the Department of Revenue records for state shared tax distributions, grants, aids, taxable valuations and tax levies.

In accordance with Minn. Stat. § 471.698, cities must prepare and submit an annual detailed statement of the financial affairs of the city to the State Auditor. Of the 674 cities under 2,500 in population, 382 cities submitted an annual detailed statement of the financial affairs of the city using the cash basis of accounting.

The remaining 292 cities have elected to comply with Minn. Stat. § 471.697. This statute requires cities to submit comprehensive annual financial reports and an audited financial statement prepared in accordance with Generally Accepted Accounting Principles (GAAP). The governmental funds are reported using the modified accrual basis of accounting, and the enterprise funds are reported using the accrual basis of accounting. Pursuant to Minn. Stat. § 412.591, Subdivision 2, cities operating under Option Plan "A" with the combined office of clerk-treasurer are also required to have an audit, although the audited financial statements may be on the cash basis of accounting.

The revenues and expenditures for the governmental functions (including expendable trust funds) are classified into five population types based on the 1994 population estimates from the Office of the State Demographer. These five types are:

<u>TYPE</u>	<u>POPULATION</u>
1	2,000 - 2,500
2	1,500 - 2,000
3	1,000 - 1,500
4	500 - 1,000
5	UNDER 500

This report includes the financial operations of the governmental funds for each city. These funds are the General Fund, Special Revenue Funds, Capital Projects Funds, and Debt Service Funds. Further, all reported enterprise funds are separated from the city governmental funds.

Cities in Minnesota operate many types of public service enterprises. The operations of nine major enterprise funds common to most cities are summarized and presented separately. Major enterprise funds common to most cities are grouped together by type of enterprise fund such as Water Utilities, Sewer Utilities, Refuse Disposal, Electric, Nursing Homes, Liquor Stores, etc. Enterprise funds whose operations are exclusive to culture and recreational activities are combined together into "Culture and Recreation Enterprise Operations." All other enterprise funds are combined together as "Other City Enterprise Operations." In this report electric utilities that operate generation and distribution systems are combined with those operating distribution systems only. When possible, the financial operations of these enterprises are presented on the accrual basis rather than the cash basis of accounting. The basis of accounting is accrual unless indicated otherwise by a footnote.

Prior to tax collection year 1989, taxable valuation was calculated using a formula applied to market value. This resulted in an assessed valuation that was used as a base to spread the annual tax levies. Beginning with property taxes payable in 1989, a change in this formula was enacted by the Minnesota Legislature. The previous system of assessed values has been replaced by net tax capacity values. The net capacity value replaced the assessed value and the tax capacity rate replaced the mill rate. Taxes are determined by multiplying the net tax capacity by the local tax rates, which is expressed as a percentage.

The outstanding bonded debt of cities is identified and the debt totaled by the type of bond issue. Other types of long-term debt such as notes or loans are combined into one total for the city.

Eleven cities failed to submit an annual reporting form and/or financial statement in time for this publication. They are *Akeley, Brookston, Cook, Dakota, Easton, Lewisville, Newfolden, Revere, Ronneby, Squaw Lake, and Trommald.*

Glossary

BORROWING - Includes the sale of bonds and notes, certificates of indebtedness, and tax anticipation certificates. Cities are restricted by law from borrowing for current expense.

CAPITAL OUTLAY - The purchase or construction of buildings, permanent improvements, equipment, machinery and land. Capital outlay varies from year to year based on the needs and resources of the cities.

CAPITAL OUTLAY FOR ENTERPRISE FUNDS - Expenditures from governmental funds for improvements to public service enterprises, such as sewer and water mains.

CAPITAL PROJECTS FUND - A fund created to account for the financial resources that are used for the acquisition or construction of a fixed asset. An example of this fund type is a street improvement fund.

CHARGES FOR SERVICES - Fees for activities of the governmental funds. These include rent of city hall by individuals or organizations, police and fire contracts, fire calls, recreation fees, park dedication fees, etc.

CURRENT EXPENDITURES - Expenditures which benefit the current fiscal period. Expenditures included in this definition are salaries, pension contributions, operating expenses, etc.

DEBT SERVICE FUND - A fund to account for the collection of resources and payment of long-term debt principal and interest. An example of this fund type is the 1991 improvement bond.

ENTERPRISE FUND - A fund established to account for operations financed and operated in a manner similar to private business, e.g., water, sewer, electric utilities, hospitals. The expenses of providing services are primarily financed by user charges.

FINES AND FORFEITS - Receipts from the payment of penalties for law violations, non-observance of contracts and forfeited deposits.

FRANCHISE TAXES - Proceeds from taxes imposed on public utilities, usually involving elements of a monopoly, (e.g., electric utilities, gas utilities, cable TV) for use of public property.

GENERAL FUND - The fund used to account for all financial resources not required to be accounted for in another fund. This fund is the main operating fund.

GENERAL GOVERNMENT - Expenditures related to the administration of the governmental unit.

GOVERNMENTAL FUNDS - The funds through which most governmental activities are financed. The four governmental fund types are: general, special revenue, debt service and capital projects.

GRAVEL TAX - A tax imposed by the county for aggregate material removal. A percentage is shared with towns and cities to be expended for streets and highways.

Glossary

HRA AND ECONOMIC DEVELOPMENT - Expenditures associated with planning and providing adequate housing and redevelopment of substandard physical facilities. Expenditures directed toward developing an area or providing assistance and opportunity to persons and business for such development.

INTEREST EARNINGS - Includes interest earned on checking and savings accounts, CD's, money market funds, and Treasury bonds and bills.

LICENSES AND PERMITS - Includes receipts from liquor licenses, cigarette licenses, other business licenses, street use permits, buildings permits, and other non-business licenses and permits.

MISCELLANEOUS EXPENDITURES - Expenditures include all expenditures that were not allocated to a specific function. Some of the expenditures are for mass transit, cemetery, and contributions.

MISCELLANEOUS REVENUES - Includes refunds, reimbursements, donations, and lease payments.

NET TAX LEVY - The city property taxes, net of state property tax relief aids or grants, required to be paid by the property owners of the city.

OTHER FINANCING SOURCES - Long-term debt proceeds, sale of fixed assets and transfers in from other funds.

OTHER FINANCING USES - Transfers out to other funds, refunding bond proceeds deposited with escrow agent, and remittance to other agencies.

PARKS AND RECREATION - Expenditures for park maintenance, mowing, planting and removal of trees. Recreation expenditures include festivals, bands, museums, community centers, cable TV, baseball fields, organized recreation activities, etc.

SANITATION - Expenditures include refuse collection and disposal, recycling, street cleaning, and weed and pest control.

SPECIAL ASSESSMENTS - A levy made against certain properties to defray all or part of the costs of a specific improvement, such as new sewer and water mains, deemed to benefit primarily those properties. The amount includes the penalties and interest paid on the assessments.

SPECIAL REVENUE FUNDS - A fund used to account for the proceeds of specific revenue sources that are restricted to expenditures for a specific purpose.

STREETS AND HIGHWAYS - Expenditures include maintenance of streets, patching, seal coating, and snow removal. Street lighting, street construction, bridge repair and construction, and purchase and maintenance of street equipment are also included. Includes expenditures on all city streets, including municipal state-aid streets.

Glossary

TAXABLE TAX CAPACITY - The tax capacity less the tax increment district value, less the fiscal disparities contribution value plus the fiscal disparities distribution value.

TAX CAPACITY - The value assigned to the property used to calculate the property taxes.

TAX INCREMENTS - Taxes collected on tax-increment financing projects. Tax-increment financing is a tool which cities use to redevelop a portion of the city. The increase in taxes on the redeveloped area is used to cover the city costs associated with the project.

TOTAL EXPENDITURES - Includes current operating expenses, capital outlays, and debt service principal and interest payments.

TOTAL REVENUES - Receipts of monies that increase the amount of available resources without creating a liability or a future payment. Borrowing and transfers between funds are not included in total revenues.

TRANSFERS - ENTERPRISE FUNDS - The transfer of available resources to or from public service enterprises. An example of this transfer is the water utility transferring money to the general fund. It is shown separately because the water enterprise fund is not included in the governmental funds.

TRANSFERS - GOVERNMENTAL FUNDS - The transfer of money between governmental fund types. The revenues and expenditures for these funds are always shown in the same tables.

UNALLOCATED INSURANCE - Expenditures for insurance premiums that were not allocated to a specific function of government.

UNALLOCATED PENSION CONTRIBUTIONS - Expenditures for contributions to pension plans that were not allocated to a specific function of government.
