BIENNIAL REPORT

MINNESOTA BOARD OF MEDICAL PRACTICE
2829 UNIVERSITY AVENUE SE
SUITE 400
MINNEAPOLIS, MINNESOTA 55414-3246

STATUTORY AUTHORITY: M.S. 146, 147, 148, 319 A

REPORT PERIOD: July 1, 1994 to June 30, 1996

SUBMITTED BY: Robert A. Leach, Executive Director

Clause a: GENERAL STATEMENT OF BOARD ACTIVITIES

The Minnesota State Board of Medical Practice has been given the following responsibilities:

<u>LICENSE TO PRACTICE MEDICINE AND SURGERY</u>			
<u>Basis</u>	NOV 27 1996	<u>Licenses Issued</u>	
		FY 95	FY 96
A. FLEX examination	LEGISLATIVE REFERENCE LIBRARY	212	183
B. Reciprocity	STATE OFFICE BUILDING	20	13
C. Endorsement of National Board of Medical Examiners	ST. PAUL, MN 55155	401	338
D. Endorsement of National Board of Osteopathic Examiners		24	18
E. Endorsement of Medical Council of Canada		19	36
F. United States Medical Licensing Exam		0	236
G. Examination Combination		<u>224</u>	<u>61</u>
TOTAL		900	885
Residency Permits		801	664

A. FLEX Examination

The Federation Licensing EXamination (FLEX), a three day examination, was adopted by the Board in December, 1971 and is the examination used by all states within the United States. It is also used by Puerto Rico, the District of Columbia and the Province of Saskatchewan.

The FLEX score of 75.0 is the passing score used by all states, including Minnesota. The examination is given in June and December. The FLEX exam has been replaced by the United States Medical Licensing Examination. The last test administration in Minnesota was December, 1993. As of June, 1992, the United States Medical Licensing Examination (USMLE) was being phased in to replace the FLEX examination. During this phase-in period ending prior to the year 2000, the Board will accept certain combinations of the FLEX examination for medical licensure. The Board has authorized the office to accept applications on the basis of FLEX examination taken in other states in lieu of taking our written examination by applying on the basis of reciprocity. Many of these applicants are international medical school graduates.

B. Reciprocity

Minnesota has reciprocity with all other states having examination requirements equal to or greater than Minnesota's. This means Minnesota will accept exam scores from other states, but does not guarantee licensure.

C. Endorsement of National Board of Medical Examiners

One normally becomes a Diplomate of the National Board of Medical Examiners by taking Day 1 (basic science subjects), as a second year medical student, Day 2 (clinical science subjects), as a fourth year medical student and Day 3, (clinical competence), as a first year resident. This is the basis on which most United States graduates and many Canadian graduates are licensed in Minnesota. As of June, 1992, the United States Medical Licensing Examination (USMLE) was being phased in to replace the National Board of Medical Examiners examination. During this phase in period ending prior to the year 2000, the Board will accept certain combinations of the National Board of Medical Examiners examination and the United States Medical Licensing Examination for medical licensure.

D. Endorsement of National Board of Osteopathic Examiners

Since the Board of Osteopathy was merged with the Board of Medical Examiners in 1963, the only license the Doctor of Osteopathy can obtain in Minnesota is the license to practice medicine and surgery; the same license as issued to the Doctor of Medicine. They may apply on the basis of reciprocity, examination or the National Board of Osteopathic Examiners.

E. Endorsement of Medical Council of Canada

Minnesota Session Laws 1977, Chapter 7, authorized the Board to grant licenses to licentiates of the Medical Council of Canada.

F. Endorsement of United States Medical Licensing Examination

The United States Medical Licensing Examination (USMLE) was developed in a joint effort by the Federation of State Medical Boards and the National Board of Medical Examiners to replace both the Federation Licensing Examination and the National Board of Medical Examiners examination. The Board is responsible for administering Step 3 of the examination which was first administered in June, 1994. Physicians must have passed all three steps of the exam within a 7 year period. Physicians must pass each step with passing scores as recommended by the USMLE program within three attempts.

G. Endorsement of Examination Combination

During the phase-in period for the United States Medical Licensing Examination, the Board will accept examination combinations recommended by the USMLE composite committee providing each exam has been passed within three attempts and the combination has been completed prior to the year 2000.

H. SPEX Written Examination

Effective, August 1, 1991, the SPEX examination, a one day written examination, has been

utilized by the Board to assure minimum competency of physician applicants who have not taken a licensing examination for ten years and are not currently specialty board certified.

2. ENDORSEMENT OF CERTIFICATION TO OTHER STATES

During the two-year period, July 1, 1994 to June 30, 1996, 33 Minnesota licentiates used their Minnesota license to obtain licensure by reciprocity in other states. In addition to the above endorsements, thousands of certifications are made to the Drug Enforcement Administration, hospitals, drug companies and so forth.

3. PROFESSIONAL CORPORATIONS

During the two-year period, July 1, 1994 to June 30, 1996, 30 new corporations were formed, bringing the total of corporations formed since the original law was passed in 1951 to 1434. The number of corporations registered is 583, as of June 30, 1996.

4. TEMPORARY LICENSES

A temporary license to practice medicine can be issued until the next Board meeting if all requirements for a full licensure have been met. From July 1, 1994 to June 30, 1996, 967 temporary permits were issued.

5. PHYSICAL THERAPY

Physical therapists have been registered in Minnesota since 1953. Physical therapists may be registered on the basis of having passed the National Physical Therapy Examination, Assessment Systems, Inc. (ASI) exam, the Professional Examination Service (PES) examination or the American Registry of Physical Therapy Examination. The last three examinations are no longer available. The number granted registration from July 1, 1994 to June 30, 1995 was 183 and from July 1, 1995 to June 30, 1996 was 205.

6. PHYSICIAN ASSISTANTS

Physician assistants have been registered in Minnesota since 1987. Current regulations dictate that physician assistants may be registered on the basis of having graduated from an accredited program and passed the National Commission on Certification of Physician Assistants, Inc. (NCCPA) exam. Effective March 9, 1992, rules were adopted allowing physicians to delegate authority to NCCPA certified physician assistants to prescribe and administer drugs other than controlled substances. Physician assistants practice under a supervisory agreement with a supervising physician(s). A new law was passed in 1995 replacing the rules governing physician assistants. The new law eliminated the supervisory agreement protocol as well as direct, on-site supervision. NCCPA certified physician assistants may also be delegated prescriptive authority for controlled substances by their supervising physician. The number granted registration from July 1, 1994 to June 30, 1995 was 44 and from July 1, 1995 to June 30, 1996 was 58.

7 RESPIRATORY CARE PRACTITIONERS

Respiratory Care Practitioners have been registered in Minnesota since November, 1992. To establish eligibility for registration, current rules require successful completion of a CAHEA accredited respiratory therapy training program and success completion of the National Board for Respiratory Care (NBRC) examination unless applicant is applying for registration by equivalency which only requires a current NBRC certificate. There was a grandparenting period which ended October 21, 1993 whereby respiratory care practitioners were eligible for transitional registration based on experience or passing the examination. The number granted registration from July 1, 1994 to June 30, 1995 was 122 and from July 1, 1995 to June 30, 1996 was 113.

8 ATHLETIC TRAINERS

Athletic Trainers have been registered in Minnesota since January, 1994. To establish eligibility for registration, current law requires successful completion of an athletic training program accredited by National Athletic Trainers Association Professional Education Committee, the National Athletic Trainers Association Board of Certification (NATABOC), or the Joint Review Committee on Education Programs in Athletic Training and successful completion of the National Athletic Trainers Association Board of Certification examination unless the applicant received a NATABOC certificate prior to 1971 which exempts them from the accredited program requirement. There was a grandparenting period which ends May 18, 1995 whereby athletic trainers are eligible for transitional registration based on experience and passing the examination. The number granted registration from July 1, 1994 to June 30, 1995 was 117 and from July 1, 1995 to June 30, 1996 was 120 .

9 ACUPUNCTURISTS

Acupuncturists have been licensed in Minnesota since January, 1996. The Practice Act requires that acupuncturists be NCCA certified to be eligible for a Minnesota license. During a two year transitional period ending June 30, 1997, acupuncturists may qualify for a license based on practice experience and successful completion of a clean needle technique course. The number granted licensure from July 1, 1995 to June 30, 1996 was 10.

CLAUSE F: A brief summary of Board rules proposed or adopted during the reporting period with appropriate citations to the state register and published rules.

- 1.) CONTINUING EDUCATION RULE 19 SR 110 JULY 11, 1994
19 SR 974 NOVEMBER 7, 1994
Allow Board of Medical Practice to automatically approve continuing medical education meeting AMA and AOA CME standards.
- 2.) EMERITUS RULE 19 SR 113 July 11, 1994
19 SR 974 November 2, 1994
Requires physicians applying for emeritus registration to retire in all jurisdictions in which they hold licenses. Also requires that any physician returning to practice from emeritus status after 3 or more years take SPEX examination.
- 3.) FEE RULE I 18 SR 2582 June 13, 1994
19 SR 765 October 10, 1994
Raised user fees; eliminated examination fees; combined verification fees.
- 4.) FEE RULE VI 20 SR 1160 November 13, 1995
20 SR 2376 March 25, 1996
Added physician assistant and acupuncture fees.
- 5.) INFECTION CONTROL RULE 19 SR 2481 June 26, 1995
20 SR 2256 April 15, 1996
Sets forth infection cotrol requirements for health professionals.

BOARD OF MEDICAL PRACTICE

Clause g: LIST THE NUMBER OF PERSONS HAVING EACH TYPE OF LICENSE AND REGISTRATION ISSUED BY THE BOARD AS OF JUNE 30, 1996 (IN THE YEAR OF THE REPORT)

TYPE OF LICENSE/REGISTRATION	TOTAL # IN EFFECT

Key for Violations of MN Stat. 147.091

Subdivision 1. Grounds listed. The board may refuse to grant a license or may impose disciplinary action as described in section 147.141 against any physician. The following conduct is prohibited and is grounds for disciplinary action:

- a) Failure to demonstrate the qualifications or satisfy the requirements for a license contained in this chapter or rules of the board. The burden of proof shall be upon the applicant to demonstrate such qualifications or satisfaction of such requirements.
- b) Obtaining a license by fraud or cheating, or attempting to subvert the licensing examination process. Conduct which subverts or attempts to subvert the licensing examination process includes, but is not limited to : (1) conduct which violates the security of the examination materials, such as removing examination materials from the examination room or having unauthorized possession of any portion of a future, current, or previously administrated licensing examination; (2) conduct which violates the standard of test administration, such as communicating with another examinee during the administration of the examination, copying another examinee's answers, permitting another examinee to copy one's answers, or possessing unauthorized materials; or (3) impersonating an examinee or permitting an impersonator to take the examination on one's own behalf.
- (c) Conviction, during the previous five years, of a felony reasonably related to the practice of medicine or osteopathy. Conviction as used in this subdivision shall include a conviction of an offense which if committed in this state would be deemed a felony without regard to its designation elsewhere, or a criminal proceeding where a finding or verdict of guilt is made or returned but the adjudication of guilt is either withheld or not entered thereon.
- (d) Revocation, suspension, restriction, limitation, or other disciplinary action against the person's medical license in another state or jurisdiction, failure to report to the board that charges regarding the person's license have been brought in another state or jurisdiction, or having been refused a license by any other state or jurisdiction.
- (e) Advertising which is false or misleading, which violates any rule of the board, or which claims without substantiation the positive cure of any disease, or professional superiority to or greater skill than that possessed by another physician.
- (f) Violating a rule promulgated by the board or an order of the board, a state, or federal law which relates to the practice of medicine, or in part regulates the practice of medicine including without limitation sections 148A.02, 609.344, and 609.345, or a state or federal narcotics or controlled substance law.

(g) Engaging in any unethical conduct, conduct likely to deceive, defraud, or harm the public, or demonstrating a willful or careless disregard for the health, welfare or safety of a patient; or medical practice which is professionally incompetent, in that it may create unnecessary danger to any patient's life, health, or safety, in any of which cases, proof of actual injury need not be established.

(h) Failure to supervise a physician's assistant or failure to supervise a physician under any agreement with the board.

(i) Aiding or abetting an unlicensed person in the practice of medicine, except that it is not a violation of this paragraph for a physician to employ, supervise, or delegate functions to a qualified person who may or may not be required to obtain a license or registration to provide health services if that person is practicing within the scope of that person's license or registration or delegated authority.

(j) Adjudication as mentally incompetent, mentally ill, or mentally retarded, or as a chemically dependent person, a person dangerous to the public, a sexually dangerous person, or a person who has a sexual psychopathic personality by a court of competent jurisdiction, within or without this state. Such adjudication shall automatically suspend a license for the duration thereof unless the board orders otherwise.

(k) Engaging in unprofessional conduct. Unprofessional conduct shall include any departure from or the failure to conform to the minimal standards of acceptable and prevailing medical practice in which proceeding actual injury to a patient need not be established.

(l) Inability to practice with reasonable skill and safety to patients by reason of illness, drunkenness, use of drugs, narcotics, chemicals or any other type of material or as a result of any mental or physical conditions, including deterioration through the aging process or loss of motor skills.

(m) Revealing a privileged communication from or relating to a patient except when otherwise required or permitted by law.

(n) Failure by a doctor of osteopathy to identify the school of healing in the professional use of the doctor's name by one of the following terms: osteopathic physician and surgeon, doctor of osteopathy, or D.O.

(o) Improper management of medical records, including failure to maintain adequate medical records, to comply with a patient's request made pursuant to section 144.335 or to furnish a medical record or report required by law.

(p) Fee splitting, including without limitation:

(1) paying, offering to pay, receiving, or agreeing to receive, a commission, rebate, or remuneration, directly or indirectly, primarily for the referral of patients or the prescription of drugs or devices:

(2) dividing fees with another physician or a professional corporation, unless the division is in proportion to the services provided and the responsibility assumed by each professional and the physician has disclosed the terms of the division;

(3) referring a patient to any health care provider as defined in section 144.335 in which the referring physician has a significant financial interest unless the physician has disclosed the physician's own financial interest; and

(4) dispensing for profit any drug or device, unless the physician has disclosed the physician's own profit interest. The physician must make the disclosures required in this clause in advance and in writing to the patient and must include in the disclosure a statement that the patient is free to choose a different health care provider. This clause does not apply to the distribution of revenues from a partnership, group practices, nonprofit corporation, or professional corporation to its partners, shareholders, members, or employees if the revenues consist only of fees for service performed by the physician or under a physician's direct supervision, or to the division or distribution of prepaid or capitated health care premiums, or fee-for services withhold amounts paid under contracts established under other state law.

(q) Engaging in abusive or fraudulent billing practices, including violations of the federal Medicare and Medicaid laws or state medical assistance laws.

(r) Becoming addicted or habituated to a drug or intoxicant.

(s) Prescribing a drug or device for other than medically accepted therapeutic or experimental or investigative purposes authorized by a state or federal agency or referring a patient to any health care provider as defined in section 144.335 for services or tests not medically indicated at the time of the referral.

(t) Engaging in conduct with a patient which is sexual or may reasonably be interpreted by the patient as sexual, or in any verbal behavior which is seductive or sexually demeaning to a patient.

(u) Failure to make reports as required by section 147.111 or to cooperate with an investigation of the board as required by section 147.131.

(v) Knowingly providing false or misleading information that is directly related to the care of that patient unless done for an accepted therapeutic purpose such as the administration of a placebo.

(w) Aiding suicide or aiding attempted suicide in violation of section 609.215 as established by any of the following:

(1) a copy of the record of criminal conviction or plea of guilty for a felony in violation of section 609.215, subdivision 1 or 2;

(2) a copy of the record of a judgment of contempt of court for violating an injunction issued under section 609.215, subdivision 4,

(3) a copy of the record of a judgment assessing damages under section 609.215, subdivision 5; or

(4) a finding by the board that the person violated section 609.215, subdivision 1 or 2. The board shall investigate any complaint of a violation of section 609.215, subdivision 1 or 2.

(x) Practice of a board-regulated profession under lapsed or nonrenewed credentials.

(y) Failure to repay a state or federally secured student loan in accordance with the provisions of the loan.

CLAUSE N: List the number of complaints and other communications received by the Executive Director, each Board member, employee, or other person performing services for the Board.

Complaints that allege or imply a violation of a statute or rule which the Board is empowered to enforce. These totals include cases referred to the Attorney General's staff who are assigned to assist our Board:

JURISDICTIONAL COMPLAINTS:

<u>FY 95</u>	<u>FY 96</u>	<u>TOTAL</u>
1,170	1,031	2,201

Complaints which are forwarded to other agencies as required by M.S. 214.10:

<u>FY 95</u>	<u>FY 96</u>	<u>TOTAL</u>
39	41	80

Please indicate the number of complaints referred to each other governmental agency (Federal, State, and local) in each fiscal year.

<u>AGENCY</u>	<u>FY 95</u>	<u>FY 96</u>	<u>TOTAL</u>

Clause q: The following numbered cases are summaries of individual complaints that were pending on the biennial report for July 1, 1988 and June 30, 1990 involving allegations of sexual contact between a regulated professional and a patient. These include the following in their respective numbered sections:

1. A listing of the allegation
2. Findings of the investigation
3. A list of the steps the Board has taken in acting on the case
4. Statement of disposition or investigation is "in progress"
5. Rationale for disposition

Case # 1

1. Allegation that physician inappropriately touched patient.
2. Investigation supported allegation.
3. AGO investigation, Complaint Review Committee review, Consultant review.
4. Case Closed - Reason: CORRECTIVE ACTION
5. Physician completed requirements of Corrective Action.

Clause q: The following numbered cases are summaries of individual complaints that were pending on the biennial report for July 1, 1990 and June 30, 1992 involving allegations of sexual contact between a regulated professional and a patient.
