Local Government Lobbying in 1997

Background

The 1997 report summarizing lobbying expenditures of Minnesota's local governments reflects the implementation of a new reporting requirement. In the past, the Office of the State Auditor (hereinafter the OSA) collected lobbying expenditure data exclusively from local governments. In 1997, the Legislature passed legislation that directs associations which represent the interests of local governments to report their lobbying expenditures to the OSA. As a result of this change, the figures presented in this report may not be comparable to previous years' reports.

Summary of 1997 Local Government Lobbying Expenditures

During 1997, 34 local governments expended \$2,113,303 in direct lobbying expenditures.¹ A direct lobbying expenditure is the amount paid to a local government employee or a contract lobbyist for the purpose of lobbying the Legislature or a state administrative agency. Direct lobbying expenditures do not include dues and membership fees paid to local government organizations.

In addition to the \$2.1 million in direct lobbying expenditures, local governments paid dues of \$5,783,618 to associations which represent their interests before the legislature. Of the \$5.8 million in dues paid to these associations, \$1,644,875 was expended on lobbying activities.² These expenditures are considered indirect lobbying costs. Hence, the total amount expended by local governments in 1997 for direct and indirect lobbying was \$3,758,178.

Direct Lobbying Expenditures of Minnesota Local Governments

Thirty-four of Minnesota's cities, counties, school districts, and metropolitan agencies opted to directly employ staff and/or contract with professional lobbyists to represents their interests before the Legislature. The 34 units of government include:

- Eighteen cities that reported a combined total of \$778,207 in direct lobbying expenditures;
- Nine counties that reported a combined total of \$779,003 in direct lobbying expenditures;
- Three school districts that reported a combined total of \$192,102 in direct lobbying

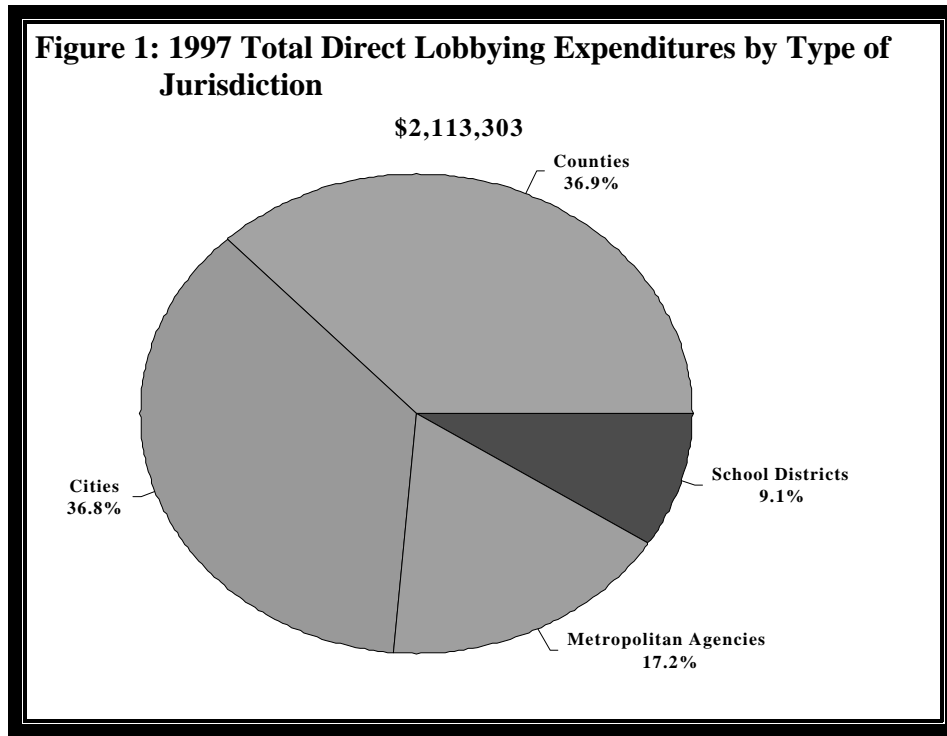

¹ This figure may have been inflated in the past due to the inclusion of some dues paid to associations. Because of the new reporting requirement for associations of local governments, the OSA was able to separate out dues from direct lobbying expenditures.

² In this portion of the analysis, we are reporting lobbying expenditures funded exclusively through dues. Several associations reported that they received other sources of revenues which helped support their lobbying activities.

expenditures; and,

- Four metropolitan agencies that reported a combined total of \$363,991 in direct lobbying expenditures.

Figure 1 shows 1997 total direct lobbying expenditures by type of jurisdiction.

Local Governments With Highest Direct Lobbying Costs

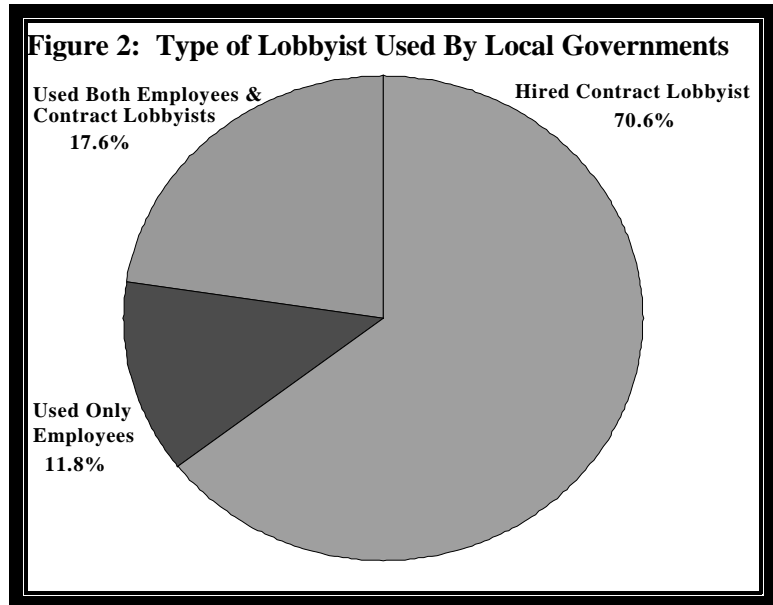

Seven of the 34 local governments with direct lobbying expenditures reported over \$100,000 in lobbying expenditures, for a combined total of \$1,225,133. These seven local governments accounted for 58.0 percent of the total direct local government lobbying expenditures in 1997. The seven local governments are:

Hennepin County	\$296,597	Anoka County	\$125,753
City of Minneapolis	\$274,278	Metropolitan Sports Facilities Commission	\$104,417
City of St. Paul	\$182,514	Metropolitan Council	\$103,777
Metropolitan Airports Commission	\$137,797		

Direct lobbying expenditures by local governments included the use of hired contract lobbyists and local government employees. Approximately 56.9 percent (\$1,203,187) of the total direct lobbying expenditures were made to various contract lobbyists. The remaining 43.1 percent (\$910,116) of the expenditures were made to employees of 11 local governments to represent their interests before the Legislature or a state administrative agency.

During 1997:

- 4 local units of government relied entirely upon their employees to represent them at the Legislature:
- 24 units of government relied entirely upon contract lobbyists to represent their interests; and,
- 6 local units of government hired contract lobbyists and used their own employees for lobbying the Legislature.

Other Lobbying Expenditures on Behalf of Local Governments

While 34 local governments opted to pay lobbyists directly to lobby on their behalf, most local governments relied on various local government organizations to represent them at the Legislature.³ These local government organizations receive the majority of their funding from membership dues, although some receive other significant sources of revenue. Most local government associations provide administrative assistance in addition to lobbying services for their members. The amount of resources spent by these organizations on lobbying varies substantially from one organization to another.

³ Other than local government management associations, the local government organizations identified in this report do not include various professional organizations that lobby on behalf of specific professional occupations within local governments. For example, the Minnesota Education Association (MEA) is registered with the State Ethical Practices Board. However, since the organization does not specifically represent school districts or school district management personnel, the MEA's lobbying expenditures are not included in this report.

The OSA survey requested that associations provide four pieces of information about their lobbying activities. The associations were asked for the total dues paid by their members, the total revenues of the association, the association’s total lobbying expenditures, and the proportion (percentage) of their member’s dues spent on lobbying.

Twenty-seven associations representing local governments reported lobbying expenditures for 1997. The total amount expended on lobbying activities totaled \$2,073,192. Of the \$2.1 million spent on lobbying, 79.3 percent or \$1,644,875 was funded through the dues of the association members.⁴ Several associations indicated that their lobbying activities were funded not only by dues, but included other revenue sources such as donations and the sale of advertising in their publications. The associations reporting lobbying expenditures included:

- Eight organizations that represented the interests of cities;
- Seven organizations that represented the interests of school districts;
- Six organizations that represented other local government interests; and,
- Six organizations that represented the interests of counties.

Local Government Organizations With Highest Lobbying Expenditures

Among the 27 local government organizations that lobbied the Legislature on behalf of their local government members, eight organizations reported lobbying expenditures in excess of \$100,000.⁵ These organizations are:

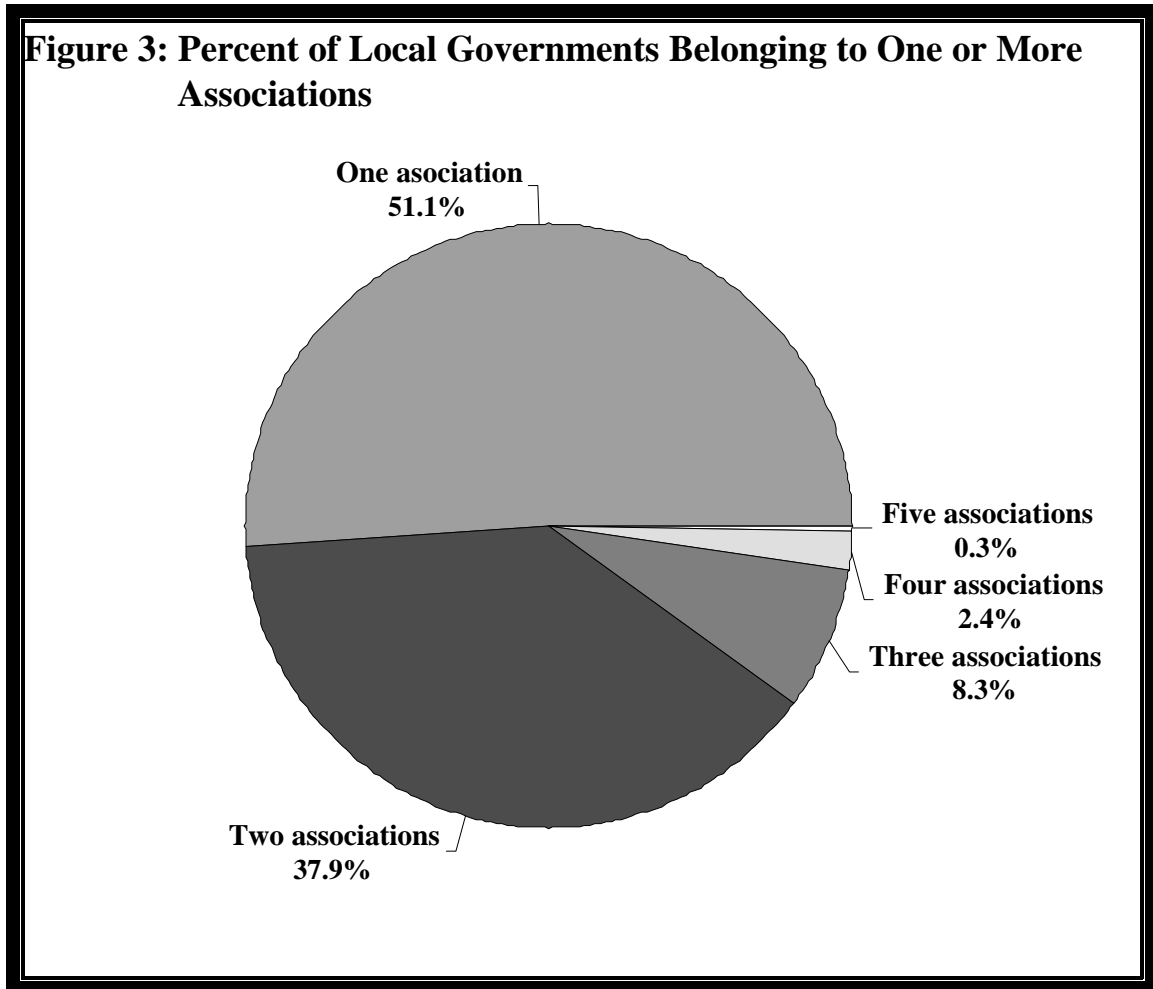

League of Minnesota Cities	\$285,248	Metropolitan Inter-County Association	\$127,993
Coalition of Greater Minnesota Cities	\$264,229	Schools for Equity in Education	\$121,873
Municipal Legislative Commission	\$131,723	Minnesota School Boards Association	\$116,084
Association of Metropolitan Municipalities	\$130,293	Association of Minnesota Counties	\$112,846

⁴ This figure is slightly higher than the total on table 4 because two associations provided the total dues paid by members and the total amount expended on lobbying activities, but did not provide the figures for individual members.

⁵ The amounts presented here reflect those expenditures that were exclusively funded through dues.

Many Local Governments Belong to Multiple Associations

The majority of local governments (89.0%) belong to two associations or less. However, a number of local governments were members of three or more associations. No local governments belonged to more associations than five. While there are no restrictions regarding the number of associations to which a local government may belong, local governments may want to evaluate whether they are receiving overlapping services. The following graphic details the distribution of local government memberships to associations.

* These totals are slightly different than those listed on Table 5 for several reasons. First, members of associations that are not local governments may not be included in this table. Second, two associations did not report information on their individual membership. Finally, there may be some differences due to rounding.

* These associations did not report the amount of dues paid by each of their members.

Scope and Methodology of Report

This report on the lobbying expenditures of Minnesota counties, cities, school districts and metropolitan agencies is prepared in accordance with Minnesota Statute (1996) § 6.76. The statute requires that:

“(a) On or before January 31 of each year, all counties, cities, school districts, metropolitan agencies, regional railroad authorities, and the metropolitan council shall report to the state auditor, on forms prescribed by the auditor, their estimated expenditures paid for the previous calendar year to a lobbyist as defined in section 10A.01, subdivision 11, except payments to associations of local governments that are reported under paragraph (b), and to any staff person not registered as a lobbyist, over 25 percent of whose time is spent during the legislative session on legislative matters

(b) Associations of local governments subject to this section shall report annually, on or before January 31, to the state auditor and the association's members the proportionate amount of each member's dues spent for lobbying purposes.

Many state policies, appropriation and tax laws established by the Minnesota Legislature and state administrative agencies have a direct impact on Minnesota's local governments. Therefore, it is appropriate that local governments work with the Legislature and administrative agencies in the development of these laws and administrative processes. *This report is not intended to question the appropriate role of local governments in the state's legislative and administrative process. Instead, it is intended to inform Minnesota citizens of the amount spent by their local governments to lobby the Legislature.*

The Office of the State Auditor has collected and published this data for lobbying expenditures made by local governments since 1989. This is the first year that associations whose membership includes local governments were required to report their lobbying expenditures to the OSA. Because of the inclusion of local government associations, the data presented in this report are not comparable with earlier reports. This report summarizes local government lobbying expenditures during calendar year 1997.

In January of 1998, a lobbying reporting form was mailed to local governments which had reported lobbying expenditures in 1997 (see Appendix A). The OSA also mailed a separate reporting form to local government associations (see Appendix B). The list of local government association was developed by reviewing a list of all associations that were registered with the Campaign Finance and Public Disclosure Board (formerly known as the Ethical Practices Board). The lobbying expenditures are the amounts reported by local governments and local government associations. The Office of the State Auditor did not attempt to verify the accuracy of those amounts.

Appendix A

**Office of the State Auditor
1997 Local Government Lobbying Expenditure Disclosure Form**

OFFICE OF THE MINNESOTA STATE AUDITOR
