SUBJECT: *School District Profiles 1999-00*

Attached is a copy of the Fiscal Year 2000 Edition of *School District Profiles*. This document contains statewide and district level data that has been reported by all Minnesota school districts to the Department of Children, Families & Learning. The data is for the school year, 1999-2000.

The 2000 edition is expanded to include district revenue information in addition to the expenditure data and student and staff information that has been reported in the past. We hope that you will find *School District Profiles 2000* to be an interesting and informative publication.

If you have any questions regarding this data, please contact me at (651) 582-8788 (e-mail - dick.guevremont@state.mn.us), or Mike Enman at (651) 582-8770 (e-mail - mike.enman@state.mn.us).

INTRODUCTION

School District Profiles 1999-2000 is the twenty-eighth in a series that presents data on school districts in the areas of enrollment, staffing and finance. Beginning with 1994-95, data has been presented as per average daily membership (ADM). Prior to that, data was per weighted average daily membership (WADM).

This year some of the columns were rearranged. Care should be taken when comparing this year's data to ensure comparability to previous year data.

Interdistrict Cooperation and Consolidations

Minnesota legislation has encouraged Minnesota school districts to cooperate in the provision of education services to ensure efficient and effective operation.

Academic Pairing

Laws enacted in 1979 and 1983 eliminated the requirement that every school district provide education services for all grades. This allowed districts to enter into agreements for the provision of services, with "paired" districts offering different grade levels. Thirty-four districts participated in academic pairing during the 1999-2000 school year.

1999-00 Academically Paired Districts

175	Westbrook	611	Cyrus
641	Walnut Grove	769	Morris
328	Sioux Valley	631	Belview
513	Brewster	648	Danube
516	Round Lake	654	Renville
		655	Sacred Heart
62	Ortonville		
371	Bellingham	413	Marshall
2853	Lac Qui Parle Valley	417	Tracy
		635	Milroy
402	Hendricks	707	Nett Lake
403	Ivanhoe	2142	St. Louis County
409	Tyler	2860	Blue Earth-Elmore- Delavan
418	Russell	2134	United So. Central
584	Ruthton	2135	Maple River
413	Marshall

593	Crookston		
599	Fertile-Beltrami		
604	Mentor		
630	Red Lake Falls		
2609	Win-E-Mac		

Consolidations

Declining enrollments in many districts, combined with legislated financial incentives, have resulted in a number of school district consolidations in recent years. Between the 1998-99 and 1999-2000 school years two districts combined to form a new district:

New District

Old Districts

FY 1999-00

2889 Lake Park/Audubon

0024 Lake Park

0021 Audubon

Note: Districts participating in Interdistrict Cooperation and Consolidations are designated in the data table by (ASE) Agreement for Secondary Education, (ICF) Interdistrict Cooperation Agreement, or (CSF) Cooperative Secondary Facility in parenthesis after the district name.

UFARS ACCOUNTING SYSTEM BACKGROUND

In 1976 the Uniform Financial Accounting and Reporting Standards (UFARS) Council was established by the Minnesota Legislature. The Council was charged with making recommendations to the State Board of Education for accounting standards consistent with Minnesota Statutes and with Generally Accepted Accounting Principles (GAAP). The result was the UFARS Manual which brought greater accuracy and uniformity in accounting and reporting by the local educational agencies. In 1993-94 the Department of Children, Families & Learning became responsible for the UFARS System with advisory assistance from the Accounting Guidelines Committee, which is a voluntary body of school district, regional, state agency and CPA business personnel.

Overview of Dimensions

The Uniform Financial Accounting and Reporting Standards (UFARS) revenue and expenditure account structure consists of six dimensions. Each dimension contributes specific information about every revenue and expenditure transaction. The dimensions are Fund, Organization, Program, Finance, Object (for expenditures) and Source (for revenues), and Course. The Fund Dimension is a two digit field; the remaining five dimensions each have three digits. Thus, an entire account code contains seventeen digits. The Department of Children, Families & Learning collects data on all six dimensions; however, the Course Dimension has only minimal use in UFARS at this time.

Fund Dimension

A fund is a fiscal entity with a set of accounts that record revenues, expenditures, liabilities and assets. Each fund is segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with state and federal laws and regulations. Fund numbers (03), Transportation, and (05), Capital Outlay, were discontinued beginning with 1996-97 (F.Y. 1997). These programs are now reported in Fund 01.

Minnesota schools used the following UFARS funds in 1999-00:

<u>Fund Number</u>	<u>Fund Name</u>
01	General Fund
02	Food Service Fund
04	Community Service Fund
06	Building Construction Fund
07	Debt Service Fund
08	Trust Funds
09	Agency Funds
20	Internal Service Fund

Organization Dimension

This dimension identifies revenues and expenditures to either budgeted learning sites or district-wide.

<u>Account Numbers</u>	<u>Organization Names</u>
005	District-Wide or not Otherwise Identified by Budgeted Learning Site
001-004	Budgeted Learning Sites (MARSS Number)
006-798	"
800-899	"
799	Home School Sites

Finance Dimension

This dimension is generally used to record revenues and expenditures that relate to an activity funded by a categorical aid or levy, or to a reserved fund balance.

The dimension is also that segment of the total UFARS account structure used to define specific local, federal, or state projects. The series in this dimension are listed to the right.

<u>Finance Series Names</u>	<u>Account Numbers</u>
District-Wide	000
State Supported Programs	302-375
Federal Program Aid Received Through DCFL	401-491
Federal Aid Received Directly From Federal Sources	507-513
Child Nutrition	701-709
Transportation	711-739
Special Education	740-760
Levy Supported Programs	761-798
Local Collaborative Time Study (LCTS)	799
Secondary Vocational and School- To-Work	830-835

Program Dimension

This dimension is used to delineate all instructional and support service programs associated with public school districts. The series in this dimension are listed to the right.

<u>Program Series Names</u>	<u>Account Numbers</u>
District and School Administration	001-099
District Support Services	100-199
Elementary and Secondary Regular Instruction	200-299
Vocational Education Instruction	300-399
Special Education Instruction	400-499
Community Education and Services	500-599
Instructional Support Services	600-699
Pupil Support Services	700-799
Sites and Buildings	800-899
Fiscal and Other Fixed Cost Programs	900-999

Object Dimension

The Object Dimension identifies the service or commodity obtained as the result of an expenditure. This is the most detailed level of expenditure reporting. The object series are listed to the right.

Object Series NamesAccount Numbers

1. Salaries and Wages	110-199
2. Employee Benefits	200-299
3. Purchased Services	300-399
4. Supplies and Materials	400-499
5. Capital Expenditures	500-599
6. Debt Service	700-799
7. Other Expenditures	800-899
8. Other Financing Uses	900-999

Source Dimension

The Source Dimension identifies the origin of revenues received. It contains the series listed to the right.

Source Series NamesAccount Numbers

1. Local Revenues	001-099
2. State Revenues	200-399
3. Federal Revenues Received Through DCFL and Other State Agencies	400-499
4. Federal Revenues Received Directly from Federal Sources	500-599
5. Local Sales and Insurance Recovery	601-626
6. Sale of Bonds and Loans	631-640
7. Incoming Transfers From Other Funds	649-699

Account Codes Pertaining To Expenditure Categories in This Publication

TRENDS AND PATTERNS

Students

Minnesota PK-12 enrollment increases began with the 1985-86 school year and continued through 1999-2000, but at a reduced rate (Figure 1). Enrollment in 1999-00 totaled 853,258 average daily membership (ADM), a 0.78% increase over the 1998-99 total of 846,664. Also, a greater proportion of students were in the secondary grades.

Enrollment projections show a leveling off of enrollment in future years (Figure 2). This, combined with the growth of Charter Schools, has resulted in declining enrollments in many districts. Figure 3 shows Minnesota's Economic Development Planning Regions and Figure 4 contains resident ADM increases and declines in FY 1995 versus FY 2000. Only four regions show any significant growth; the Northeast Metro Area, Region 7W which includes St. Cloud and the St. Cloud corridor to the Twin Cities, Region 10 which includes Rochester and the Rochester Corridor to the Twin Cities, and Region 11 which includes the Twin Cities. In contrast, most regions in the southwest, northeast and northwest sections of the state were either stable or experienced declining enrollments.

Minnesota's school districts vary greatly in enrollment. The 10 largest districts, all in metropolitan areas, enrolled almost 30 percent of Minnesota's public school pupils.

FIGURE 1

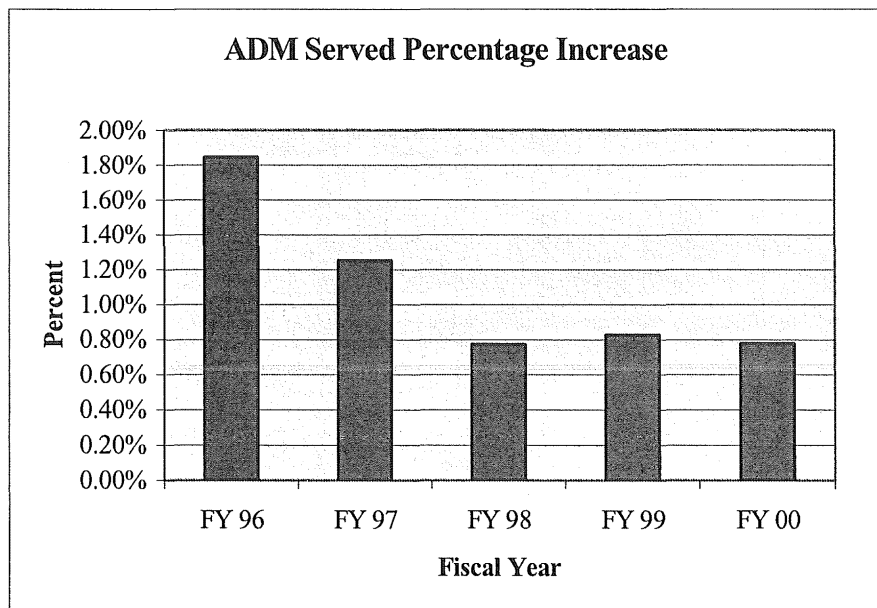

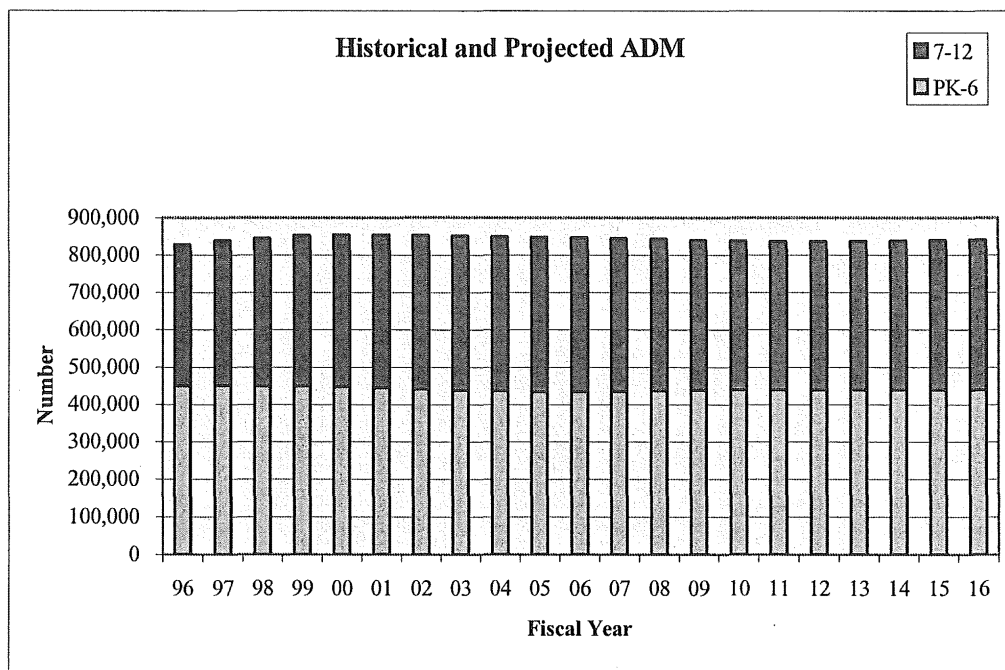

FIGURE 2

Minnesota, like the rest of the nation, is experiencing a growth in the proportion of its population classified as minority. Although Minnesota's minority enrollment percentages increased significantly from 6.1% in 1986-87 to 16.0% in 1999-00, this is still only about one-third of the United States percentage.

Minnesota's minority composition is: Native American 2.0%; African American 6.2%; Asian 4.9%; and Hispanic 2.9%.

FIGURE 4

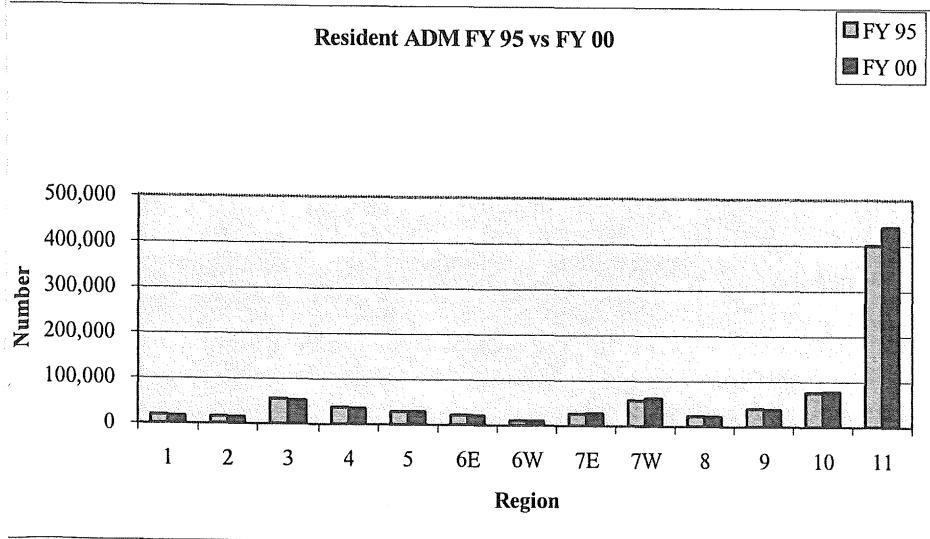

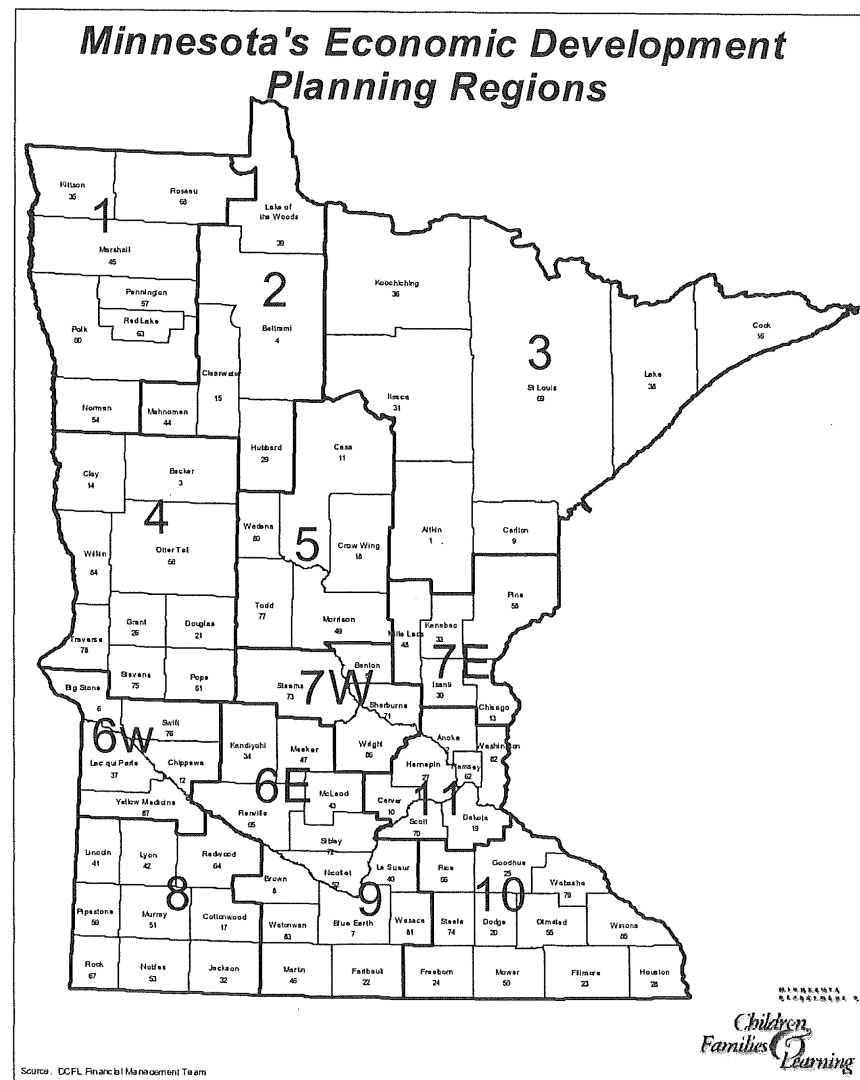

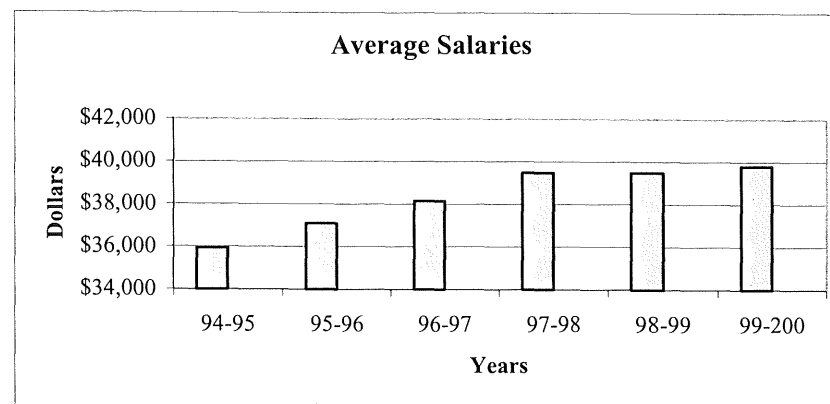

FIGURE 3

Instructional Staff

Compensation for teachers and other licensed staff constitutes the districts' largest operating cost. Teacher salaries are determined by negotiations between teacher unions and local school boards. Rapidly growing school districts usually have a higher proportion of younger, less experienced staff with fewer advanced degrees. This usually translates into lower average salaries than in districts with stable or declining enrollments. Figure 5 contains a history of average teacher salaries in Minnesota, while Figures 6 and 7 show how age and educational attainment of teachers have changed. The percentage of teachers being paid more for having graduate degrees increased from 39.8% in 1990-91 to 42.0% in 1999-00.

FIGURE 5

<u>Year</u>	<u>Average Salary</u>
94-95	\$35,948
95-96	\$37,094
96-97	\$38,151
97-98	\$39,483
98-99	\$39,493
99-00	\$39,802

FIGURE 6

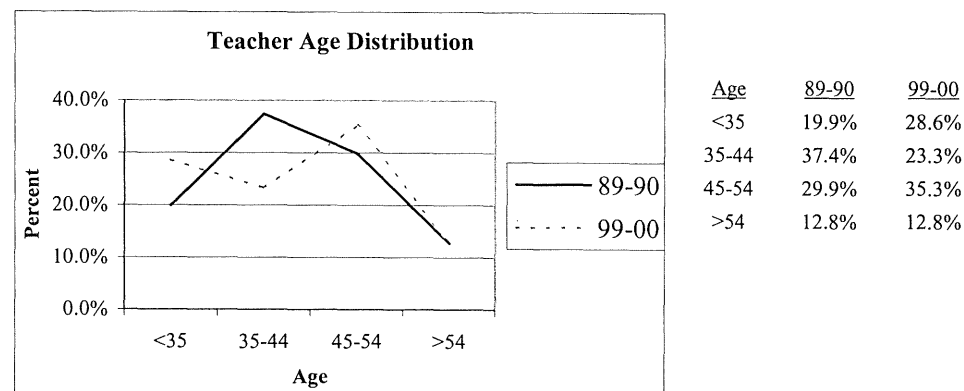

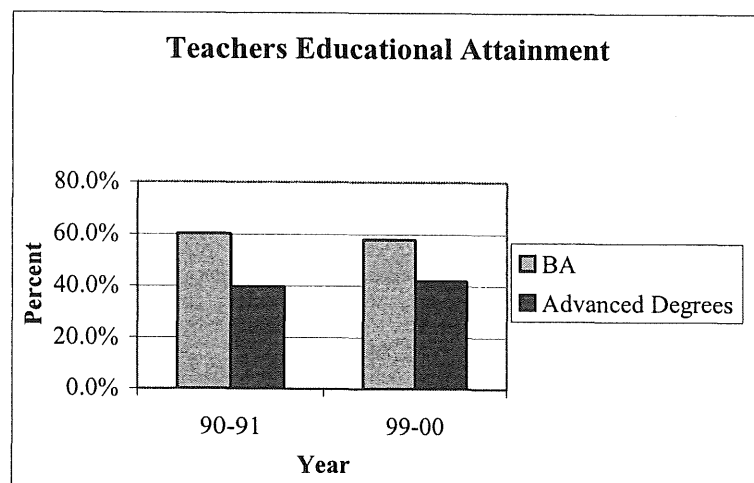

FIGURE 7

	90-91	99-00
BA	60.2%	58.0%
Advanced Degrees	39.8%	42.0%

Minnesota's four or five percent federal revenue percentage is less than the national average of approximately six percent. Federal funds are typically targeted toward specific minority and disadvantaged student populations - groups which constitute a smaller proportion of Minnesota's enrollment than nationwide.

Another way of examining Minnesota's PK-12 revenues is by accounting fund. A fund in the Uniform Financial, Accounting and Reporting Standards (UFARS) system is a self-contained set of accounts established for either general purposes or for a specifically defined set of fiscal activities such as food service or debt redemption.

FIGURE 8

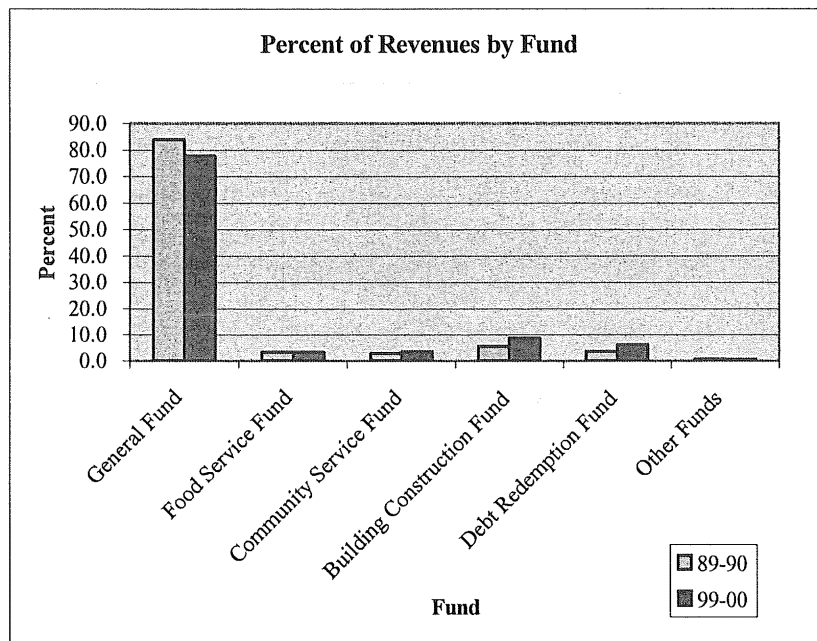

Revenues

School revenues come from three sources: local (predominantly property taxes), state, and federal. Figure 8 shows that the percentages of revenue received by Minnesota school districts from the three sources have varied over the last decade. In 1991-92, as a result of state budgetary problems, school districts were required to "recognize" certain levy receipts earlier than in prior years. This earlier recognition had the effect of shifting the state/local mix towards a larger local contribution since early property tax receipts replaced state aids. The ratio decreased in 1992-93 but rebounded in 1993-94. The state percentage increased from 1998-99 to 1999-00, from 57% to 59%. This was the highest rate in this eleven year period.

Figure 9 contains a comparison of Minnesota school district revenues in the six UFARS funds existing in 1999-00. The 1989-90 funds were reformatted to reflect current active funds. Over that period, the proportion of revenues allocated to nonoperating funds increased in the Building Construction Fund and the Debt Redemption Fund.

FIGURE 9

Expenditures

Figure 10 indicates that statewide average operating expenditures per pupil have grown.

The distribution of operating expenditures by program has also changed over the decade as indicated in Table 1. Operating expenditures include those in the General, Food Service, and Community Service funds.

FIGURE 10

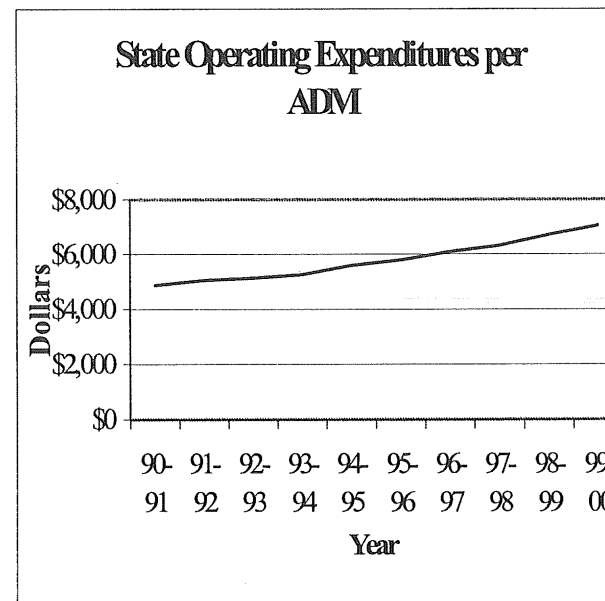

TABLE 1
Distribution of Operating Expenditures
By Program
1988-89 and 1999-00

	1988-89	1999-00
Administration	8.3%	9.8%
Instruction	62.4%	64.8%
Student Services	12.8%	12.5%
Operations & Maintenance	8.2%	7.7%
Other Operating Programs	8.3%	5.2%
Total	100.0%	100.0%

The distribution of total expenditures for FY 1995 versus FY 2000 is displayed by Program (Figure 11). The FY 2000 distribution of total expenditures is displayed by Fund (Figure 12), Program (Figure 13) and Object (Figure 14).

FIGURE 11

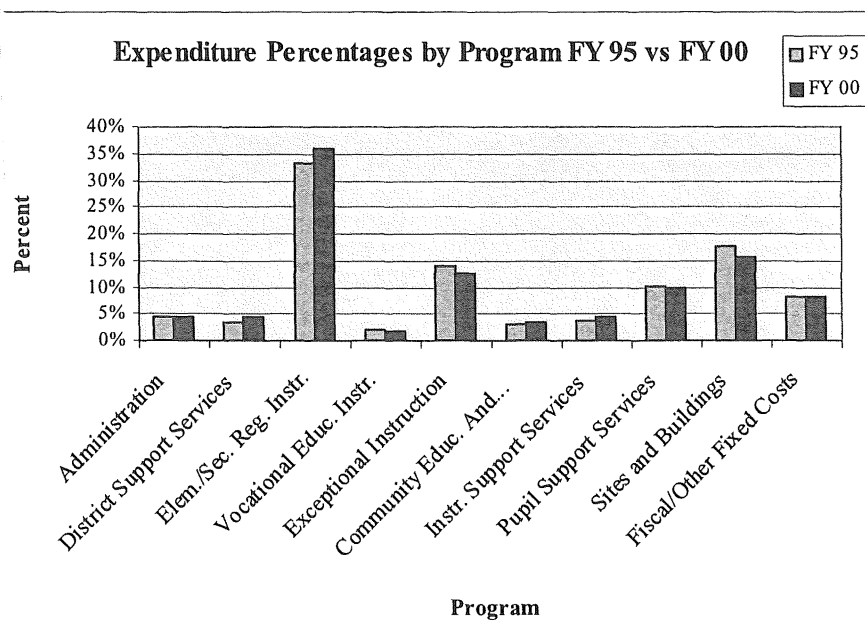

FIGURE 12

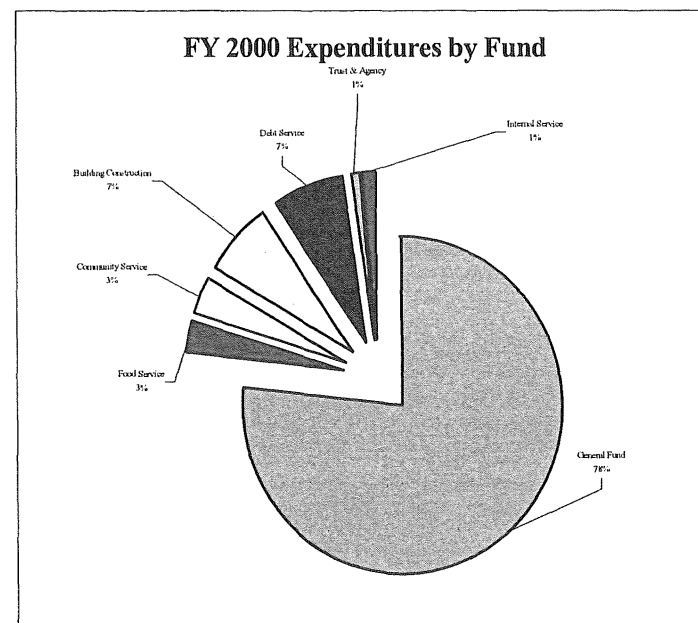

FIGURE 13

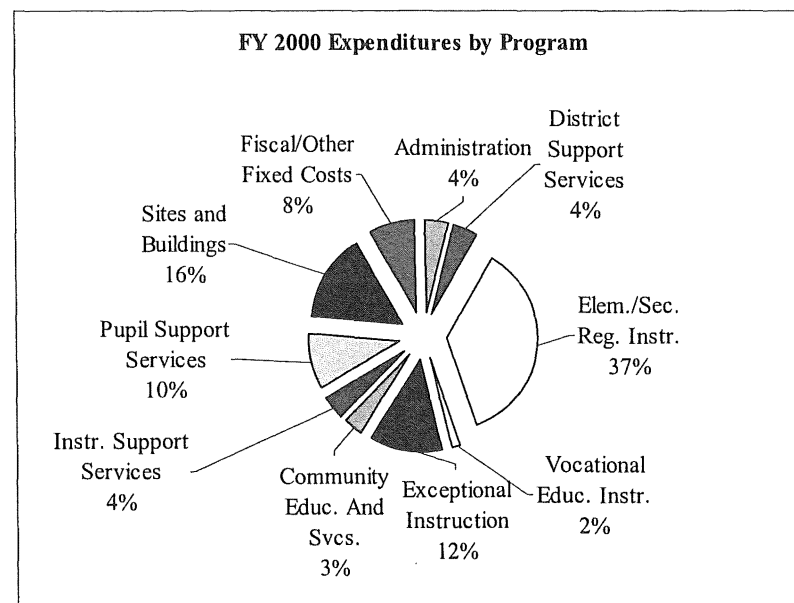

FIGURE 14

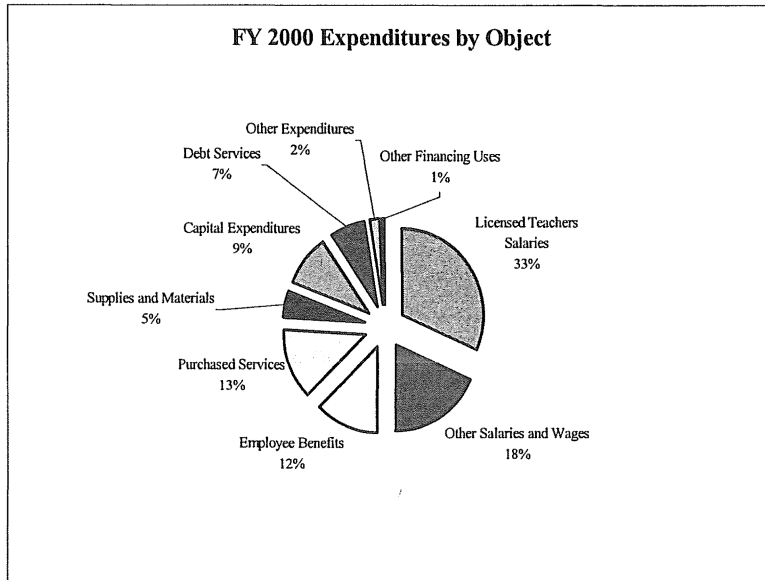

Figure 15 indicates that nonoperating expenditures per ADM have remained relatively stable for the last five years. Non-operating expenditures include Capital Outlay, Building Construction and Debt Service.

Community Services

Figure 16 shows the growth in community service expenditures from 1990-91 to 1999-00. Community education/community service programs include expenditures for recreation, civic activities, adult education, early childhood education, educational programs, and noncredit summer school programs which are not conducted primarily for elementary and secondary students.

FIGURE 15

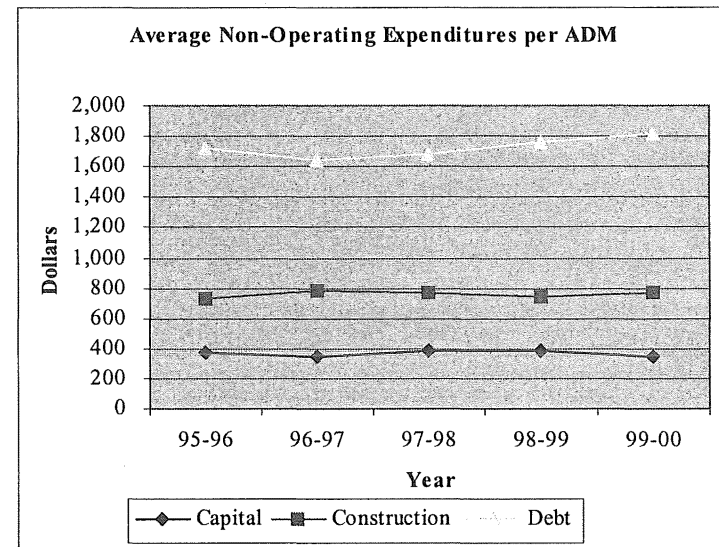

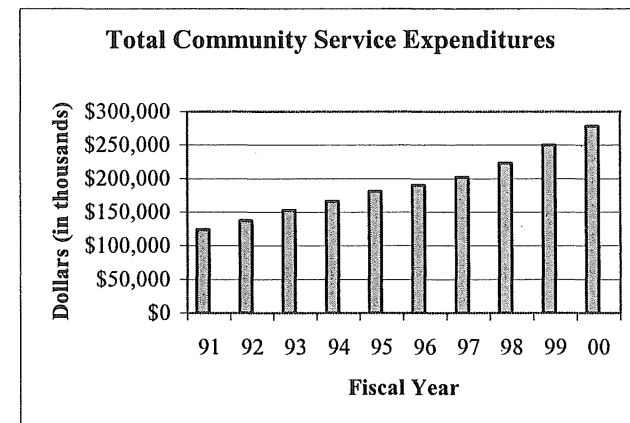

FIGURE 16

Operating Funds Balance

A school district's Net Unappropriated Operating Fund Balance (NUOFB) is a measure of its financial health at the end of the school year. It can be either positive or negative. A positive NUOFB balance represents a financial reserve. A negative NUOFB balance means that liabilities (debts) exceed financial assets. Districts with a year-end balance greater than negative 2.5 percent of their prior year's operating expenditures are defined as being in violation of expenditure limitations specified by Minnesota Statute and are deemed to have statutory operating debt (SOD). They are required to submit a plan to the Commissioner of Children, Families & Learning explaining how they will eliminate the deficit.

Figure 17 indicates that the downward trend in the number of districts in statutory operating debt (SOD) since 1993-94 reversed in 1998-99. The number increased from 10 to 20. In 1999-00, this number increased to 24.

FIGURE 17

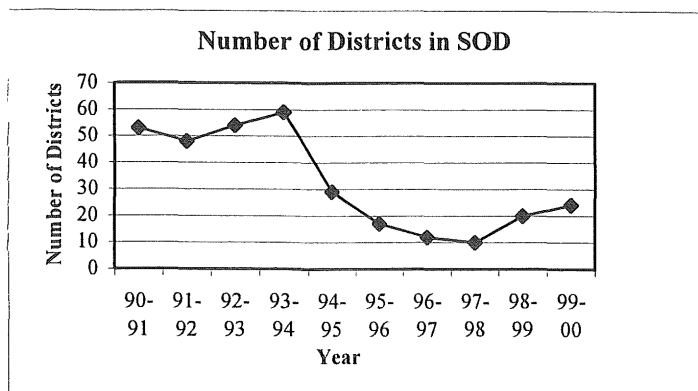

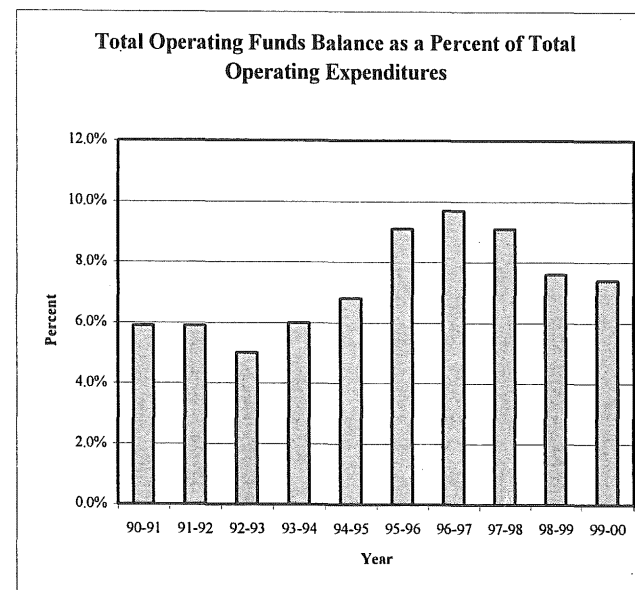

Figure 18 displays a different operating balance, the total unreserved operating funds balance. This measure excludes all reserved balances, while the NUOFB excludes only 10 specified reserve balances. Figure 18 also shows that the state total as a percent of total operating expenditures decreased from 1996-97 to 1999-00, from 9.7% to 7.4%.

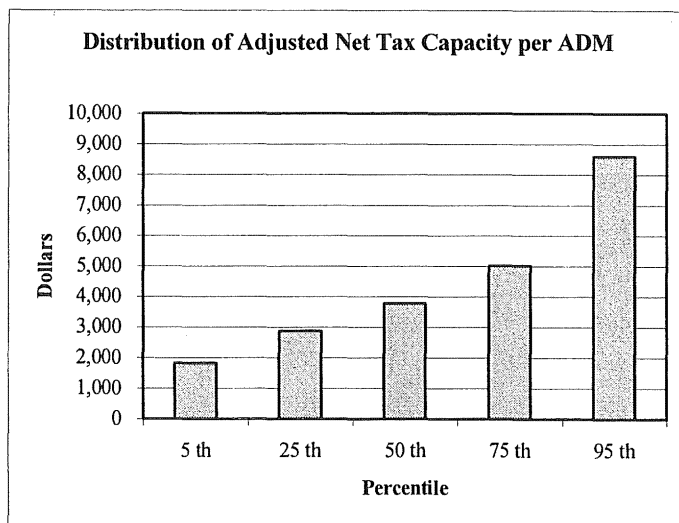

FIGURE 18

Adjusted Net Tax Capacity

A school district's Adjusted Net Tax Capacity (ANTC) per Average Daily Membership (ADM) is a measure of real and personal property subject to a local property tax levy. ANTC per ADM differs among the school districts. As Figure 18a indicates, districts at the 95th percentile have about 4.8 times the Adjusted Net Tax Capacity per ADM as districts at the 5th percentile. Minnesota has taken measures over the years to neutralize the effects of these differences.

FIGURE 18a

On the pages that follow, school districts are listed and include the district number, region and county.

F.Y. 2000 PUPIL, STAFF, TAX AND FUND BALANCE DATA

Figure 19

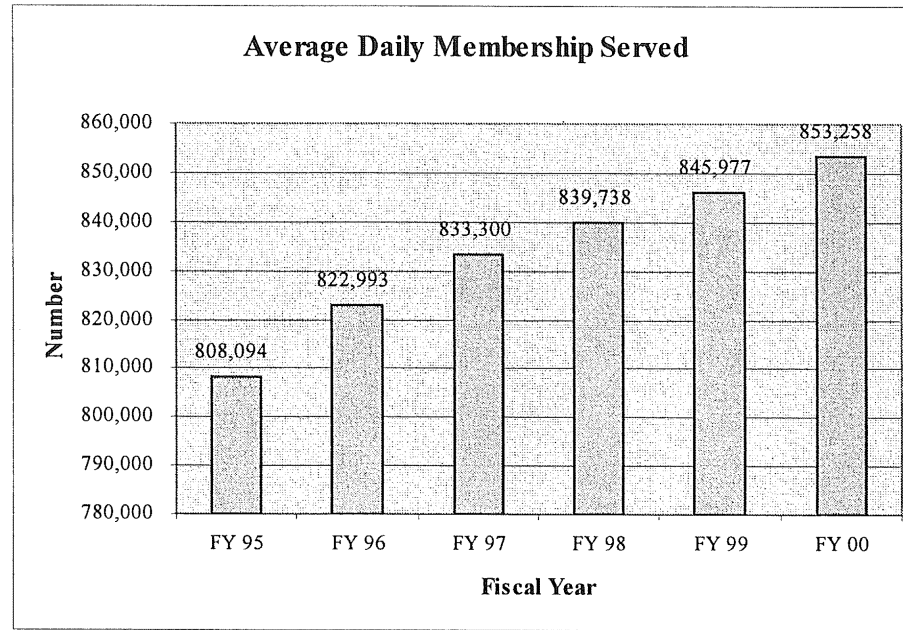

Figure 20

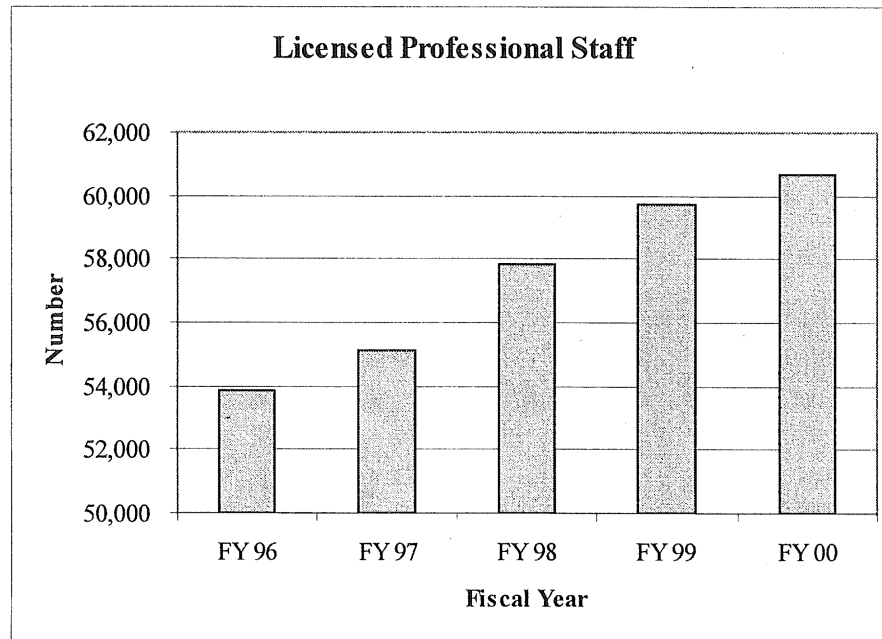

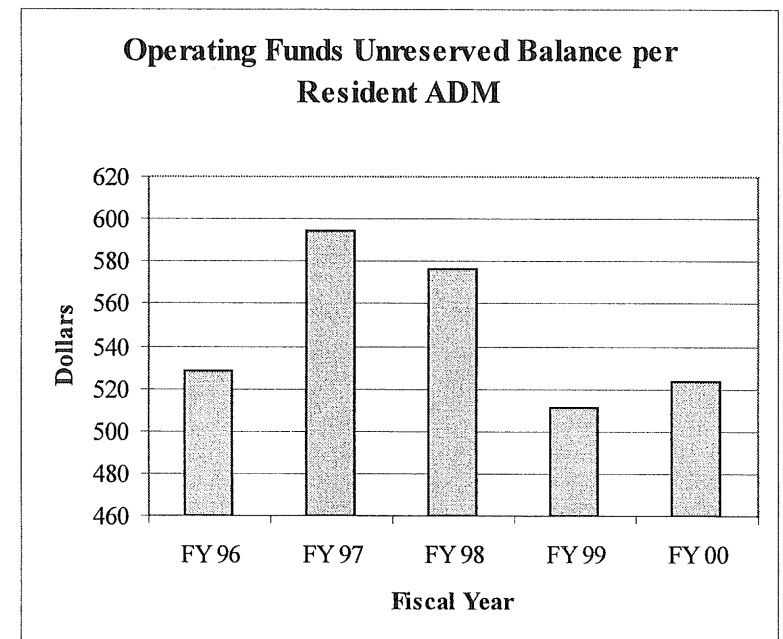

Figure 21

DEFINITIONS OF DATA ELEMENTS

Pupil Data

Resident Average Daily Membership (ADM)

The ADM counts in this section are counts of total resident ADM, including all residents who are (a) enrolled in their home district, (b) educated in another district for whom tuition is paid, or (c) attending another district under the Enrollment Options legislation. Resident membership includes:

1. **Pre-Kindergarten Disabled** Resident ADM of prekindergarten students enrolled in special education programs.
2. **Kindergarten** Resident ADM of students enrolled in kindergarten classes.
3. **Elementary (Grades 1-6)** Resident ADM of students enrolled in grades 1 – 6, including students in elementary level ungraded and special education classes.
4. **Secondary (Grades 7-12)** Resident ADM of students enrolled in grades 7 – 12, including those students in secondary level ungraded and special education classes.

5. **Total (PK-12)** Total Resident ADM of all district residents, pre-kindergarten through grade 12. This is the total of columns 1 through 4. Figure 19 contains a summary of that data.

Other Pupil Data

6. **Total ADM Served** This includes resident students attending their home district, resident students tuitioned to other school districts, nonpublic school students being served via a Shared Time program, nonresident students who transfer in via one of the attendance options programs, and nonresident tuition students. Excluded is the portion of a student's time spent in a postsecondary institution via the Postsecondary Enrollment Options Program, as well as those residents who transfer to other districts via one of the attendance options programs.
7. **Percent Minority** The percentage of the district's students who are of Native American/Alaskan, African American, Asian or Hispanic ancestry.
8. **Percent Attendance** The ratio of days attended to days in membership for all students in the district.
9. **Percent Transported** The percentage of resident public school students eligible to be transported to and from school.

10. **Percent Eligible for Free/Reduced Lunch** The percentage of students eligible for free or reduced price lunches. This data is derived from the Application for Education Benefits completed by families at the individual school districts. The percentage is calculated by dividing the number of eligible students by the total October 1 enrollment.

Professional Staff

These statistics provide information about each district's professional staff. Staff are counted in full time equivalents (FTE). For example, a full time staff member is counted as 1.0 FTE (regular school year calendar, i.e., 9 months); one employed only half time is counted as 0.5 FTE.

11. **Total Licensed Professional Staff (FTE)** The total number of licensed professional staff employed by the district, measured in full-time equivalents (FTE). This count includes administrators, classroom teachers, and all other licensed professional personnel. Summary data is contained in Figure 20.
12. **Pupil-Professional Staff Ratio** Total average daily membership (ADM) served (Col. 6) divided by the number of licensed professional staff (Col. 11).

13. Total Licensed Instructional Staff (FTE) The total number of licensed instructional staff employed by the district measured in full-time equivalents (FTE).

14. Pupil-Instructional Staff Ratio Total average daily membership (ADM) served (Col. 6) divided by the number of licensed instructional staff (Col. 13).

Tax Capacity Rates

These figures show school district tax levies expressed as a percentage of tax capacity for school district property taxes payable in 1999. Taxes payable in 1999 provided revenue for the 1999-00 school year.

15. Auditor Percent The actual school district tax rate as determined by the county auditor. With a rate of five percent, a property owner would be taxed \$5 for each \$100 of tax capacity. Because of differences in property assessment practices between counties, comparisons of auditor tax rates among districts may be misleading (see No. 16). This figure includes additional tax rates for special intermediate districts (No. 287, 916 and 917) where they are part of a district's tax burden.

16. Equalized Percent This tax rate is computed by multiplying the auditor

percent (No. 15) by the 1999 market sales ratio. This ratio is equal to the market values, as determined by the local assessor, divided by the actual selling prices. Equalized percents are computed to compensate for varying assessment practices. Thus, when making interdistrict comparisons, these rates may provide a more valid comparison.

17. Total of Unreserved Operating Funds Balances This figure is a measure of the district's financial condition at the end of the 1999-00 school year. It is equal to the sum of the unreserved balances on June 30, 2000 from the three operating funds (General, Food Service, and Community Service Fund Balance Account Code 422). This measure is different than the Net Unappropriated Operating Fund Balance per ADM which is used to determine if a district has operating debt beyond what is allowed in statute. Serving data is contained in Figure 21.

18. Change in Unreserved Funds Balances The difference between the district's operating funds balance on June 30, 2000 (see No. 36 above), and on June 30, 1999. This is essentially equal to the difference between the district's revenues and expenditures in 1999-00 for the three operating funds combined. Thus, a

negative number indicates that the district's expenditures in the operating funds were greater than its revenues in these funds.

19. Total of Reserved Operating Funds Balances This figure includes all reserved fund balances in the operating funds (General Fund, Food Service and Community Service).

20. General Fund Unreserved Balance This figure is a measure of the district's General Fund financial condition at the end of the 1999-00 school year. This measure is different than the Net Unappropriated Operating Fund Balance (General Fund Balance Sheet Code 422).

21. General Fund Reserved Balance This figure includes all General Fund reserved fund balances.

22. Long Term Debt The amount of long-term debt outstanding on June 30, 2000. Long-term debt includes bonds and capital, debt service, and energy loans from the state.

23. Prior Year Adjusted Net Tax Capacity The 1999 adjusted net tax capacity of the district. This figure is an indicator of the district's ability to raise revenue through local property taxes.

PUPIL, STAFF, TAX, AND FUND BALANCE DATA DEFINITIONS

F.Y. 2000 MINNESOTA REVENUES

Figure 22

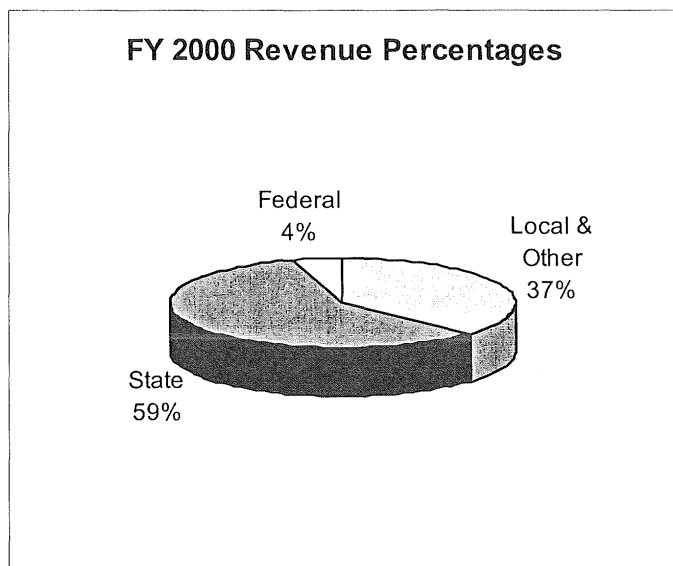

Figure 24

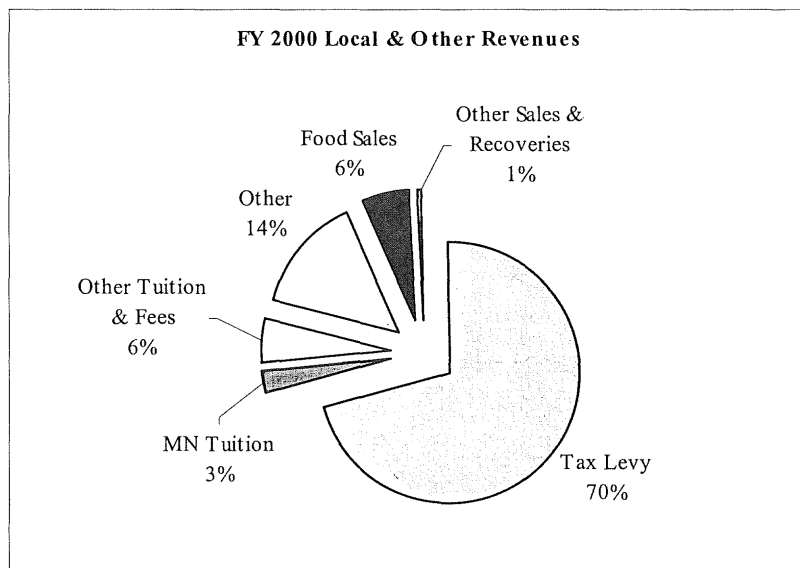

Figure 23

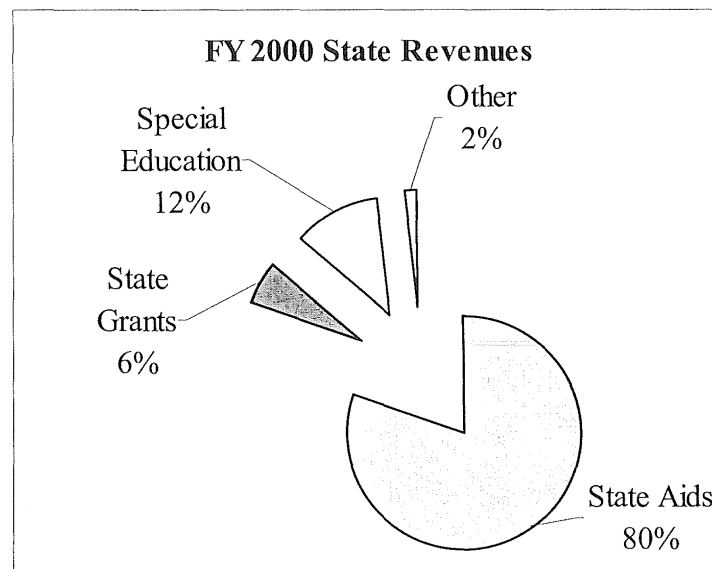

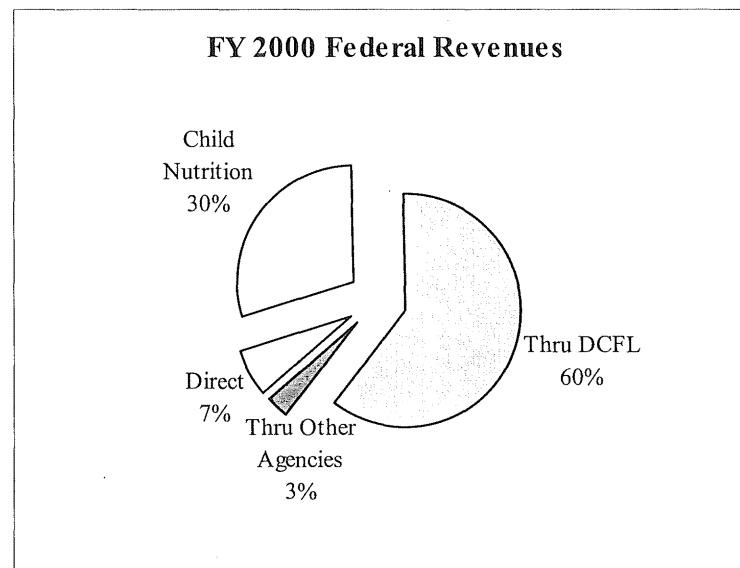

Figure 25

DEFINITIONS OF DATA ELEMENTS

Local and Other – Revenues from local sources, including property taxes, fees, county apportionment, etc.

1. **Levy** Revenues from property tax levies.
2. **Tuition from Minnesota School Districts** Revenues for educational purposes for pupils from other Minnesota school districts.
3. **Tuition from Out of State** Revenue for educational purposes for pupils from out-of-state school districts.
4. **Other Tuition and Fees** Revenue from pupils, parents and/or patrons for various services provided by the school district.
5. **Other Sources** Revenues from other sources such as rentals, interest earnings and gifts, etc.
6. **Total Local Revenues** This is the total of Columns 1 through 5.

State Revenues - Revenues provided by the state to local school districts.

7. **State Aids** Revenue for General Education.
8. **State Grants** Revenues for specific programs or activities.
9. **Special Education** Revenue for Special Education programs and activities.
10. **Other State** Revenues from the state not classified above.
11. **Total State** This is the total of Columns 7 through 10.

**Federal Revenues
Revenues provided by the Federal Government either directly or through a state agency for local school districts.**

12. **Federal Thru DCFL** Revenues from the Federal Government received through the Department of Children, Families & Learning.
13. **Federal Thru Other Agencies** Revenues from the Federal Government received through other state, local or fiscal agencies other than the DCFL.

14. **Federal Direct** Revenues received directly from a Federal Government agency.

15. **Child Nutrition** Revenues received from the Department of Agriculture's Child Nutrition Programs.

16. **Total Federal** This is the total of columns 12 through 15.

Other Revenues – Revenues from other sources.

17. **Food Sales** Revenues from the various child feeding programs.

18. **Other Sales and Recoveries** Revenues from the sale of fixed assets and insurance recoveries.

19. **Total Revenues** Columns 6, 11, 16, 17 and 18.

Other Financing – (Total) Revenue and ADM pages only.)

20. **Bonds and Loans** Proceeds from sale of bonds or loans.

21. **Transfers** Amount of transfers received by one fund from another fund.

Note: Summary of this data is contained in Figures 22, 23, 24 and 25 on page 36.

F.Y. 2000 EXPENDITURES

Figure 26

FY 2000 Expenditures by Fund

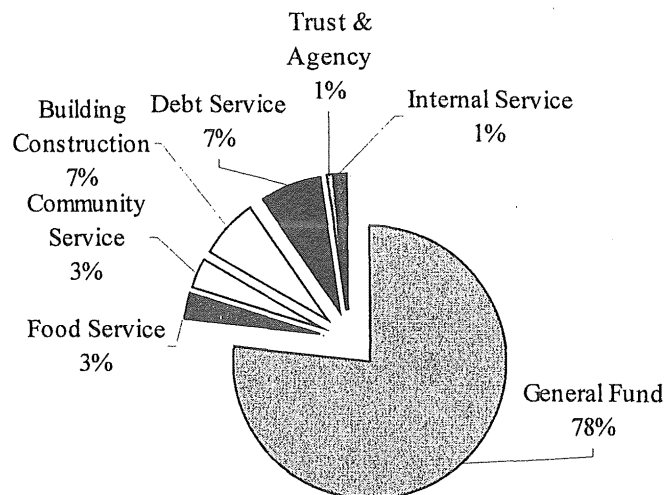

Figure 27

FY 2000 Expenditures by Program

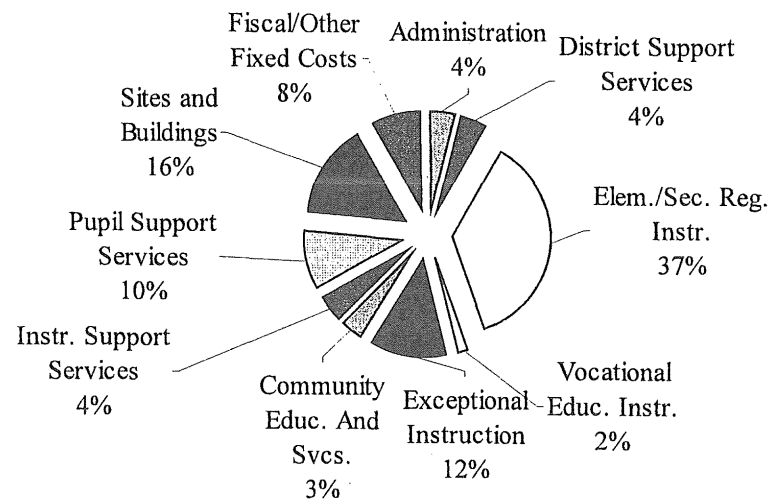

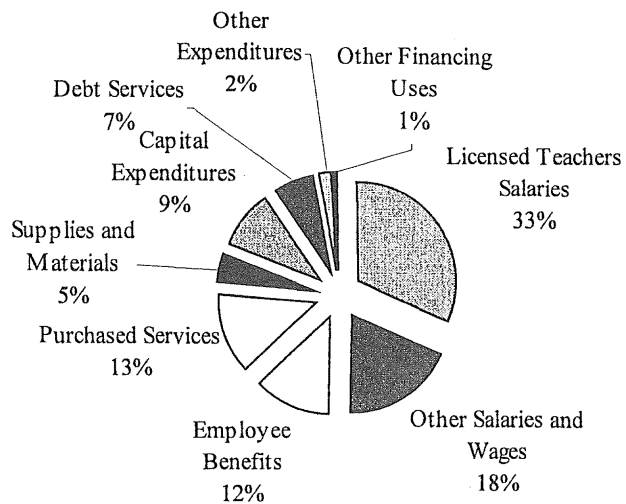

Figure 28

FY 2000 Expenditures by Object

DEFINITIONS OF DATA ELEMENTS

Current Operating Expenditures

1. District and School

Administration Expenditures for the school board and for the office of the superintendent, principals, and any other line administrators who supervise staff. (Includes Funds 1, 8, 9; Program Series 001-099; and all Object Series except 500-599 & 910.)

2. District Support Services

Expenditures for central office administration and central office operations not included in district and school administration (see No. 18). Includes expenditures for business services, data processing, legal services, personnel office, printing, and the school census. (Includes Funds 1, 8, 9; Program Series 100-199; and all Object Series except 500-599 & 910.)

3. Regular Instruction

Expenditures for elementary and secondary classroom instruction, not including vocational instruction (Col. 21) and exceptional instruction (Col. 22). Includes salaries of teachers, classroom aides, coaches, and expenditures for classroom supplies and textbooks. (Includes

Funds 1, 8, 9; Program Series 200-299; and all Object Series except 500-599 & 910.)

4. Vocational Instruction

Expenditures in secondary schools for instruction that is related to job skills and career exploration. Includes expenditures for home economics, as well as industrial, business, agriculture, and distributive education. (Includes Funds 1, 8, 9; Program Series 300-399; and all Object Series except 500-599 & 910.)

5. Special Education

Expenditures for instruction of students who, because of atypical characteristics or conditions, are provided educational programs that are different from regular instructional programs. Includes expenditures for special instruction of students who are emotionally or psychologically disabled, or mentally retarded; for students with physical, hearing, speech, and visual impairments; and for students with special learning and behavior problems. (Includes Funds 1, 8, 9; Program Series 400-499; and all Object Series except 500-599 & 910.)

6. Instructional Support Services

Expenditures for activities intended

to help teachers provide instruction, not including expenditures for principals or superintendents. Includes expenditures for assistant principals, curriculum development, libraries, media centers, audio visual support, staff development, and computer assisted instruction. (Includes Funds 1, 8, 9; Program Series 600-699; and all Object Series except 500-599 & 910.)

7. Pupil Support Services

Expenditures for all noninstructional services provided to students, not including transportation and food. Includes expenditures for counseling, guidance, health services, psychological services, and attendance and social work services. (Includes Funds 1, 8, 9; all Object Series except 500-599 & 910.)

8. Operations and Maintenance

Expenditures for operation, maintenance, and repair of the district's buildings, grounds, and equipment. Includes expenditures for custodians, fuel for buildings, electricity, telephones, and repairs. (Includes Funds 1, 8, 9; Programs Series 800-899; and all Object Series except 500-599 & 910.)

9. Food Services

Expenditures for the preparation and serving of

meals and snacks to students. (Includes Fund 2; all Program Series; and all Object Series except 500-599 & 910.)

10. Pupil Transportation

Expenditures for transportation of students, including salaries, contracted services, fuel for buses, and other expenditures. (Includes Fund 1; Program Series 750-760 and all Object Series except 500-599 & 910.)

11. Other Operating Programs

Expenditures for general fund operating programs necessary to a district's operations but not assignable to other programs. These can include federally funded community education services for students, property and liability premiums, principal and interest on noncapital obligations, and nonrecurring costs such as judgments and liens. (Includes Funds 1, 8, 9; Program Series 500-599 & 900-999; and all Object Series except 500-599 & 910.)

12. Total PK-12 Operating

Expenditures The total of the eleven preceding categories of expenditures (Columns 1 through 11). This figure includes all operating expenditures incurred for the benefit of elementary and

secondary education during the 1999-00 school year, except capital expenditures. Construction and Debt Service expenditures are non-operating expenditures.

Other Expenditures (Total Expenditure and ADM Only)

13. Capital Outlay All capital expenditures charged to the operating funds. (Includes Funds 1, 2 and 4; all Program Series; and Object Series 500-599.)

14. Community Service

Expenditures for recreation, civic activities, adult education, early childhood education, or similar programs which are not conducted primarily for elementary and secondary students, and for non-credit summer school programs. (Includes Fund 4; all Program Series; and all Object Series except 500-599 & 910.)

15. Building Construction All expenditures charged to the district's Building Construction Fund. Expenditures are for major capital projects funded by bond proceeds, state Capital Loans, state Facility Grants or Down-payment Levies. (Includes Fund 6, all Program Series; and all Object Series except 910.)

16. Debt Service Expenditures for repayment of long term debt (see No. 37) including payments of principal and interest on bonds and capital loans. (Includes Fund 7, all Program Series, and all Object Series except 910.)

Note: A summary of this data is contained in Figures 26, 27 and 28.

ENROLLMENT SIZE GROUPS

The table below lists averages for all districts in each of the ten enrollment size groups based on 1999-00 total average daily membership (ADM) served. For example, Group 1 includes all districts with 234 or fewer ADM and Group 2 includes all districts with 235 to 339 ADM.

1999-00 Expenditures Per ADM																	
	Number of Districts	District and School Admin.	District Support Services	Regular Instruction	Vocational Instruction	Special Education	Instructional Support Services	Pupil Support Services	Operations and Maintenance	Food Service	Pupil Transportation	Other Operating Programs	Total PK-12 Operating Expenditures	Capital Outlay	Community Service	Building Construction	Debt Service

ENROLLMENT SIZE GROUPS

SUMMARY STATISTICS

Lowest and Highest Values. For any specific variable, the lowest and highest values for each variable.

XXth Percentile. For any specific variable, a value chosen such that XX percent of the school districts are below the chosen value. The 25th, 50th, and 75th percentiles are called quartiles; the 10th, 20th, 30th, ... through the 100th percentiles are called deciles.

Median. For any specific variable, a value chosen such that half of the school districts are below the chosen value and half are above
