## OMNIBUS SCHOOL AIDS

\*HF0223 - Eken, McEachern, Esau, C. Johnson,  
Knickerbocker  
SF0315 - Merriam, Dieterich, Hughes, Anderson,  
Sillers

Provides \$1.97 billion to aid local school districts in the state.

### Article I - Foundation Aid (\$1.3 billion)

- increases the per pupil aid from \$1,155 to \$1,182 for 1979-80 and \$1,265 for 1980-81.
- provides for a basic mill rate of 23 mills (1980-81 school year) and 21 mills (1981-82 school year). For 1979-80, the rate is 27 mills.
- gives school districts the option of levying .05 additional state-equalized mill for 1980-81 and one additional mill for 1981-82. (A mill is a \$1 tax on each \$1,000 of assessed value.)
- provides \$1.8 million for sparsity aid for 1979-80 for small isolated school districts.
- provides for four-year averaging to aid school districts with declining enrollments.
- provides that all growing districts are eligible for fast-growth aid. Currently, districts with growth between zero and two percent are not eligible.
- replaces the four-year averaging to aid school districts with declining enrollments.
- provides state aid for grandfathered levies in districts with total property values below \$24,000 per pupil unit.
- guarantees \$600 per pupil unit to those districts which don't receive foundation aid, minus what they get from the agricultural tax credit, the non-agricultural, agricultural, and taconite homestead credits, and attached machinery aid.
- provides that the state pay for categorical aids, rather than recapturing those aids from high wealth districts, but only for districts with 950 or fewer actual pupil units.

### Article II - Transportation Aid (\$181.7 million)

- authorizes the payment of transportation aids based on a new formula using regression analysis to predict costs and determine aids.
- limits each district's loss or gain under the new formula to \$20 per pupil transported.
- provides for additional safety procedures on school buses.

### Article III - Special and Compensatory Aid (\$179.8 million)

- provides additional state aid for salaries of special education teachers by changing the formula. Allows districts to receive the greater of (a) 69 percent of salary, not to exceed \$12,000 per teacher, plus five percent of salary with no limit, (b) 70 percent of the salary with no limit.
- continues funding for one year for the pilot bilingual and Indian education programs.
- brings the state into conformance with federal rules dealing with due process in special education, expiring July 1, 1981.
- establishes tuition at the School for the Deaf and the Braille and Sight Saving Schools at the foundation aid formula plus \$500 beginning in 1979-80.

### Article IV - Community and Adult Education (\$8.9 million)

- increases state aid to school districts for operating certain community school programs. Under present law, school districts get 50 cents per capita for operating certain community school programs. This gives school districts, for 1980, the greater of: 75 cents per capita, or \$5,000, and in 1981, 75 cents per capita, or \$7,000.
- increases the amount a district can levy for community services from \$2 to \$2.50.

### Article V - Vocational Education (\$239.9 million)

- increases the AVTI foundation aid to \$2,400 per student in 1980 and establishes a new program budget formula for the second year.
- increases the AVTI tuition by seven percent for the first year of the biennium; no increase second year.
- changes the basis for AVTI tuition to a quarterly rather than a daily rate
- repeals the current post-secondary vocational discretionary levy.

### Article VI - Other Aids and Levies (\$30.7 million)

- increases the capital expenditure equalization aid guarantee level from \$75 to \$80 per pupil unit, and from \$80 to \$85 for fast-growth districts.
- appropriates \$1.35 million for a basic skills program.
- establishes a program for gifted and talented students, appropriating \$1.2 million for the biennium. Provides state aid of \$30 per gifted student to school districts which establish programs for gifted and talented.
- encourages Educational Cooperative Service Units (ECSU's) and school boards to consider the problems of dropouts.
- increases state payment for pre-school health screening programs from \$23 per child to \$25 in 1979-80 and to \$27 in 1980-81.
- provides grants for study, evaluation and start-up costs associated with pairing.
- allows school districts to make electronic fund transfers in certain cases.

### Article VII - Council on Quality Education (\$4.96 million)

- increases the CQE from 17 to 19 members, adding a special education representative and a public member.
- increases the number of early childhood and family education programs from 22 to 36.
- targets some early childhood and family education funding to AFDC areas.

### Article VIII - Teacher Mobility (\$2.8 million)

- adds AVTI teachers to the teacher mobility provisions.
- increases the early retirement incentive from \$7,500 at age 55 to \$10,000 at age 55.
- increases the early retirement incentive in cities implementing a desegregation plan to \$15,000 at age 55.
- increases the state share of the early retirement incentive from 25 to 50 percent.
- allows teachers on extended leave or early retirement to substitute teach.
- extends the application deadline for early retirement incentive programs from May 1 to June 30.

### Article IX - Libraries (\$7.6 million)

- allows the state board to make grants to multi-county, multi-type library systems.
- reduces the minimum level of support counties have to provide in order for a regional library system to qualify for an establishment grant.
- extends the current library basic system support grant formula for 1979-80 and following years.

# Appendix i

## OMNIBUS TAX BILL

\*HF1495 - Sieben, H., Searles, Anderson, I., Kvam, Tomlinson  
SF1567 - McCutcheon, Coleman, Johnson, Setzepfandt, Merriam

Provides \$715 million for various types of tax relief including income, property, inheritance and sales tax relief.

### Income tax relief

- increases the personal income tax credits from \$40 to \$55 for the 1979 tax year, \$60 for 1980; indexes the credits beginning in 1981.
- indexes all income tax brackets at 85 percent of the metropolitan area rate of inflation.
- increases the maximum standard deduction from 10 percent of income up to \$1,000 to 10 percent up to a maximum of \$2,000; indexes the deduction beginning in 1981.
- raises the eligibility ceilings for low income taxpayers under the low income credit law; indexing will begin in 1981. Present ceilings which range from \$4,800 to \$8,900 go to \$5,500 up to \$10,000.
- increases the pension exclusion from \$7,200 to \$10,000; eliminates the existing offsets for Social Security and railroad retirement and increases the earned income offset from \$13,000 of federal adjusted gross income to \$17,000; excludes the pension income of non-residents from the Minnesota income tax.
- repeals the National Guard credit and allows all active and reserve military personnel a \$3,000 income exclusion from state taxes and a \$5,000 exclusion for personnel serving outside of Minnesota, effective 1979.
- reduces the 17-percent top income tax bracket for income above \$40,000 and above to 16 percent, effective 1980.
- allows a one-time exclusion of up to \$100,000 capital gain on the sale of a home by a person over the age of 55.
- excludes gains and losses realized in a divorce.
- doubles the political contribution credit to \$50 for a single taxpayer and to \$100 for a joint return.
- allows credits for income taxes paid to a province or a territory of Canada; certain gasoline and fuel taxes; renewable energy source expenses; and, pollution control expenditures.
- allows a deduction for out-of-state losses.
- extends the deposit period for Individual Retirement Accounts (IRA's) to April 15.

### Property tax relief

- eliminates limited market value over the next two years.
- increases the homestead credit through which the state provides funds to cut homeowner property taxes. At present, a homeowner gets a credit equal to 45 percent of his taxes, with a maximum credit of \$325. This increases to 50 percent up to \$550 for taxes payable in 1980 and 55 percent up to \$600 for taxes payable in 1981.
- increases the homestead base value from \$12,000 to \$21,000 with future increases of \$1,000 for every 3 1/2 points of increase in the homestead base value index.
- reduces classification ratios for assessment purposes for certain classes of property.

--increases the circuit-breaker credit, which rebates part of a homeowner's property tax if it is in excess of a certain amount of his income. Under current law, the state pays 35 percent of a homeowner's taxes in excess of the current \$475 maximum, but no more than \$325, or a \$800 total credit. This increases the maximum credit to \$650 with the state paying 50 percent in excess of that maximum up to a \$1,000 total credit.

- increases the percentage of "rent constituting property taxes" for property tax refund purposes from the current 22 percent to 23 percent.
- increases the state share for the cost of general assistance to 60 percent in 1980 and 70 percent in 1981.
- increases the acreage from 160 to 240 acres for farm homesteads and increases the state-paid mill credit from 15 to 17 mills.
- allows a property tax credit to owners of certain "wetlands".
- reimburses counties for state-owned tax-exempt natural resource lands within their boundaries.
- repeals the five percent railroad gross earnings tax and replaces it with a property tax.
- reimburses the city of Minneapolis for a portion of the cost of pensions for non-uniformed public employees and the city, in turn, does not get an increase in state aids until 1981.
- increases aids to municipalities, effective in 1980, at a cost of \$30 million.
- increases state aids to all counties except Hennepin, Ramsey, and St. Louis.

### Inheritance and gift tax relief

- repeals inheritance and gift taxes and replaces them with an estate tax, effective 1980. The state will now levy the tax on the estate of the decedent rather than on the beneficiaries.
- bases the taxable estate on the federal gross estate subject to modifications and deductions including: a deduction of \$200,000 for residents and a marital exemption which is the greater of \$250,000 or 50 percent of the federal gross estate less lifetime gifts, value of property outside Minnesota and other exemptions other than the marital deduction.
- removes the probate court from administration of the tax.
- provides that the tax range from seven percent on the first \$100,000 of the taxable estate to 12 percent on the excess over \$1 million, but provides that the tax cannot be less than the federal death tax credit.

### Sales tax relief

- eliminates the sales tax on sewer and water charges.

### WORKERS COMPENSATION

HF0946 - Simoneau, Adams, Kaley, Niehaus  
SF0917 - Keefe, S., Laufenburger, Brataas, Willet  
Luther

Special Session - SF0001

Makes several changes in the laws relating to workers compensation. Some of the major provisions include:

- establishes and modifies procedures and requirements in the workers compensation rate-making process; permits rates lower than the approved rates and disallows certain inclusions in premium calculation.
- provides a formal procedure the commissioner of insurance will follow in the rate-making process.
- provides for automatic adjustment of rates to reflect legislative benefit changes.
- creates a mandatory reinsurance association whose members will include all workers compensation insurers and self-insurers; requires that the association be liable for all payments over \$300,000 or \$100,000 at the members' option arising from a single occurrence, beginning October 1, 1979; indexes these amounts to rises in the state average weekly wage.
- increases the number of Workers Compensation Appeals Court judges from three to five and permits no more than two to be laymen.
- permits concurrent payment of temporary partial, temporary total or permanent total benefits with permanent total benefits with permanent partial benefits, but requires payment of permanent partial in 25 percent installments each month after the first, until return to work, when the injured worker would receive the remaining payments.
- provides comprehensive procedures for rehabilitation under workers compensation.
- provides a 25 percent incentive bonus for injured workers who go through a retraining program.
- eliminates the so-called "double-dipping," which permits some injured workers to draw the basic benefit and then the same amount while retraining for another job.
- creates a state reopened case fund which will assume liability for all new claims filed after seven years, and all new reopenings of old claims seven years after the injury or three years after the last benefit payment, whichever is later.
- empowers the commissioner of labor to identify excessive charges for particular medical services and to establish reasonable charges in such cases.
- creates a study commission to examine the feasibility of creating a state competitive workers compensation fund which will report to the legislature by Jan. 1, 1981.

### OMNIBUS ENERGY BILL

HF0990 - Dean, Munger, Vanasek, Friedrich, Wigley  
SF1236 - Anderson, Humphrey, Ogdahl, Knoll, Bernhagen

Special session: SF2

Makes various changes in the laws relating to energy, appropriating \$13.75 million for energy related matters. They include:

- clarifying the procedures for declaring an energy emergency.
- prescribing the powers of the governor and executive council in an emergency.
- providing for the issuance of temporary rules by the director of the energy agency.
- prescribing additional elements of the energy allocation and conservation plan.
- providing for earth sheltered construction zoning variances.
- prohibiting local governments from banning earth sheltered construction.
- requiring certain building energy reports and audits.
- requiring the energy agency to disseminate information on the potential hazards of energy conservation techniques.
- providing for an adult and post-secondary energy education plan.
- changing energy conservation standards for existing residential buildings.
- limiting the time for application of certain variances.
- providing a method for determining certain efficiencies for air conditioners.
- providing \$10 million to local governments; school districts to cover the costs of energy audits.
- providing \$200,000 to the University of Minnesota for maxi-audits.
- requiring notice to the Minnesota Energy Agency of the proposed discontinuance of certain municipal steam heat systems.
- authorizing a weatherization program for low-income persons; appropriating \$3 million.
