

### About This Directory

This directory is not an endorsement by the Minnesota Department of Agriculture of any of the farms, markets or roadside stands listed here. These outlets have indicated that they sell Minnesota grown fruit, vegetables, cheese, honey and/or eggs. Not all of these products are available at every outlet. Some outlets may also sell meat, bedding plants, fish, processed foods, firewood, handicraft or other items outside the scope of this directory. While all outlets listed here sell Minnesota produce, some may also sell produce from outside the state. Consumers should ask whether the produce they are buying is "Minnesota grown."

Every attempt has been made to locate farmers' markets, roadside stands and pick-your-own farms, but some may have been missed. If you know of any farm outlet that sells produce directly to consumers, please contact the Marketing and International Trade Division, Minnesota Department of Agriculture, 90 West Plato Boulevard, St. Paul, MN 55107.

And don't forget, always ask for "Minnesota grown."
