SUMMARY

The charts and maps contained herein were compiled from recently released data from the U.S. Census Bureau. The Spanish Speaking Affairs Council is distributing this document in response to intense public interest in the latest population data available on Hispanics in Minnesota.

The data is assembled in four parts:

OVERVIEW looks at developments in their broadest national and statewide contexts; Hispanic population growth nationally, and in key areas within Minnesota, is shown.

THE COUNTIES includes a listing of the 10 Minnesota counties with the most 1990 Hispanics residents, as well as county-by-county census enumerations of Hispanics in the state.

Similarly, **THE CITIES** includes a list of the top 10 Hispanic cities in the state, as well as a listing of all municipalities in Minnesota with at least 1 Hispanic.

LEGISLATIVE DISTRICTS shows the breakdown by race and ethnic origin of the population of Minnesota's legislative districts. Tables presented are from the Public Law 94-171 1990 Redistricting tape.

The Honorable Arne Carlson
Governor of Minnesota
State Capitol Building
St. Paul, Minnesota 55155

Dear Governor Carlson:

On behalf of the Spanish Speaking Affairs Council, we are very pleased to forward to you these early census figures descriptive of Minnesota's Hispanic community in the early 1990's.

At the same time, we are forwarding additional copies of this publication to all Commissioners, to key Minnesota legislators, to heads of local government, as well as to all other interested agencies, organizations, and individuals throughout the state.

The U.S. Bureau of the Census will be releasing additional Hispanic data to us in the weeks and months ahead. As usual, the Council will update you promptly on all major demographic patterns as these emerge from the 1990 decennial census.

Please call either one of us, if you have any questions or comments. I would especially appreciate your office's recommendations on improvements the Spanish Speaking Affairs Council could make on future demographic publications.

Most Sincerely,

Eduardo Wolle,
Executive Director

Linda Lares,
Council Chairperson

HISPANIC CENSUS RESULTS
DISAPPOINT/ENCOURAGE by Raúl De Anda, Editor

A year after the 1990 decennial census began, the United States Census Bureau has begun releasing the data it collected.

For the Spanish Speaking Affairs Council the official 1990 census count of Minnesota Hispanics (53,884) has been a considerable disappointment. The count is almost 16 thousand short of the Council's projections (69,680) three years ago. SSAC attributes the shortfall to U.S. Census Bureau's inadequate educational and outreach programs.

However SSAC is encouraged by two bright spots in the census results so far. The first is that the Hispanic community's growth rate (68%) in Minnesota was surprisingly* larger than for the Hispanic population nationwide (53%).

The second is a reduction of the glaring 1980's "gap" of 20,000 between SSAC generated estimates of the Hispanic population in Minnesota and those advanced by the Census Bureau. In the 1990's, the difference has been reduced by over 20% -- the Census Bureau is now 4,000 closer to our agency's projections.

The Council attributes both these gains directly to its iHAGASE CONTAR! (MAKE YOURSELF COUNT) HISPANIC CENSUS CAMPAIGN of 1989-1990 in which literally thousands of Hispanic and non-Hispanic community agencies and volunteers joined hands with state, metro, and municipal governments to increase Hispanic census participation.

*Minnesota is not exactly a national Hispanic magnet as, say, California, New York, or Florida.

The **PRIMARY MISSION** of the Council is to promote the educational, social, economic, and political development of the Hispanic community in the state. The Hispanic community makes up one of the largest racial-ethnic minority groups in Minnesota. There are an estimated 69,000 permanent residents of Hispanic descent in the state and an average of 12,000 to 18,000 migrant agricultural workers come to Minnesota every year. In addition, recent arrival of individuals from the Caribbean and Central and South America continue to increase the Hispanic population in the state.

The Spanish Speaking Affairs Council serves as a referral agency and assists individuals in securing access to state agencies and community programs. For further information contact:
