Introduction

The purpose of this report is to present information on financial resources provided to undergraduates at Minnesota post-secondary institutions. The financial resources are grants, loans, and student earnings that help students pay tuition, fees, room and board, and other costs of attending post-secondary education. This report presents information for Fiscal Year 1997, which corresponds to academic year 1996-97. Corresponding information for Fiscal Years 1987, 1989, 1991, 1993, and 1995 is available from the Higher Education Services Office.

Population

The data in this report are about undergraduates attending the 121 Minnesota post-secondary institutions that were eligible to participate in the State Grant Program in Fiscal Year 1997. Data were collected on financial aid received by undergraduates who attended these institutions in Fiscal Year 1997. Fiscal Year 1997 was from July 1, 1996 through June 30, 1997.

Sources of Data

Data were obtained from two sources:

- Higher Education Services Office records were used for the State Grant Program, the Non-AFDC Child Care Grant Program, the Nursing Grant Program for Persons of Color, the Safety Officer Survivor Grant Program, the Student Educational Loan Fund (SELF), and the State Work-Study Program.
- Institution financial aid directors provided data on the amount of grants, loans, and earnings from work-study jobs and jobs at the institution by undergraduates who attended in Fiscal Year 1997. All but one of the 121 institutions eligible to participate in the State Grant Program in Fiscal Year 1997 provided data.

Data Verification

In April 1998 Higher Education Services Office staff sent financial aid directors a preliminary version of their reports for verification.

State Grant Program Data

The amounts reported for the State Grant Program were computed in April 1998 for end-of-the-year reports as contained in the Higher Education Services Office's *Report to the Governor and the 1997 Legislature*. As institutions close out their State Grant accounts, there are often adjustments made that do not appear in the *Report to the Governor and the 1997 Legislature*.

Definitions of Financial Aid Categories

Definitions of the financial aid categories used in the report are included in Appendix I.

Financial Aid Awarded in Earlier Years

Totals by program for Fiscal Years 1987, 1989, 1991, 1993, and 1995 are included in Appendix II at the end of the report.

Totals for All Institutions

Grant and Scholarship Programs:	FY 1997 Amount	Number of Undergrads	Loan Programs:	FY 1997 Amount	Number of Undergrads
State Grant Program	\$88,843,036	61,342	MN SELF Loans(b)	\$22,301,323	8,594

Appendix I. Definitions of Financial Aid Categories

Appendix 1. Definitions of Financial Aid Categories

This attachment describes the financial aid programs in place in Fiscal Year 1997, the year for which the data were collected.

Grant Programs

Grant programs require no commitment to repay from students or parents. Most grants require students to make satisfactory educational progress. Restrictions are placed on eligibility, award amounts, and use.

State and Local Grant Programs

The State of Minnesota funds the following grant programs.

State Grant Program

A Minnesota resident registering as an undergraduate at a Minnesota institution can apply for a State Grant. The award is based on the financial circumstances of students' families and on recognized tuition (and fees) and an allowance for living costs.

■ Minnesota Non-AFDC Child Care Grants

Grants are to students who have children 12 and under who demonstrate financial need. Awards are for assistance in paying for child care.

■ **Nursing Grants for Persons of Color**

Awards are to persons of color in programs that lead to licensure as a registered nurse or advanced nursing education programs.

■ **Safety Officer Survivor Grants**

Awards are to post-secondary students who are spouses or dependent children of public safety officers killed in the line of duty.

■ **State and Local Agency Grants**

These include state, county and locally funded grants, scholarships, fellowships and gift aid other than the grant programs described above. Examples of these grants are Job Training Partnership Act (JTPA) Grants, Rehabilitation Services Grants, and Minnesota Indian Scholarship awards.

Federal Grant Programs

The federal government funds the following grant programs.

■ **Federal Pell Grant Program**

Federal Pell Grants are awarded directly to students. The federal government determines the award based on the financial circumstances of students' families and on tuition and fees and allowances for living costs.

■ **Federal Supplemental Educational Opportunity Grant (SEOG) Program**

The federal government allocates funds to institutions to respond to special financial circumstances not recognized in the Federal Pell Grant Program. Students must receive Federal Pell Grants in order to be eligible for SEOG awards.

■ **Federal Agency Grants**

These grants include federally funded grants, scholarships, fellowships and gift aid except Federal Pell Grants and Federal SEOGs. Examples are Health Professions Grants, Nursing Grants, ROTC stipends, Bureau of Indian Affairs grants, Tribal grants, and Paul Douglas Teacher Scholarships. These grants do not include benefits that are considered resources in the calculation of the expected student contribution such as Montgomery GI Bill benefits and Veterans Education Assistance Program payments.

Institution Grants

Post-secondary institutions fund the following grants.

■ **Institution Awarded Grants**

Institution awarded grants include grants, fellowships, and gift aid awarded by institutions. These include awards financed by revenues generated by institutions, funds appropriated to institutions, money donated to institutions allocated for grants, and money donated explicitly for financial aid. Institutions make these awards to students with financial need and students who do not have financial need.

■ **Tuition Discounts or Remissions Provided by Institutions**

These include reductions in the posted tuition and fee charges by institutions. Examples are Community College System Allis Grants, tuition reductions awarded to staff and their families as part of employee benefit packages, and tuition reductions for other individuals such as members of a religious order.

■ **Tuition Waivers Required by Law**

This category includes free tuition provided to certain individuals. For example, State law requires that the State Universities and Community Colleges provide free tuition to wards of the state.

Private Grants and Other Grants

Various organizations fund the following grants.

■ **Private Grants**

This category includes grants, scholarships, fellowships, and gift aid provided by organizations not associated with the federal or state government or organizations not associated with the institution. Examples are grants awarded by service clubs such as Lions Clubs, PTAs, grants awarded by churches; grants awarded by labor unions and fraternal organizations; and Blandin Foundation grants to students living in northeastern Minnesota.

■ **Other Grants**

Other grants are grants and scholarships that do not fit into the categories identified above. One example is a grant from a state government outside Minnesota for post-secondary education at a Minnesota institution.

Loan Programs

Loans are defined as long term loans students (or their families) will repay after completion of their post-secondary programs. Some of these loan programs, such as the SELF and Unsubsidized Federal Stafford Loan programs described below, also require payments while students are enrolled in post-secondary education. Long term loans do not include emergency loans, and loans that cover the time between when tuition payments are due and other aid is received.

State Loan Program

The State of Minnesota has one loan program for post-secondary students, the SELF program.

■ **Student Educational Loan Fund (SELF) Program**

The Minnesota Higher Education Services Office provides loan capital. The borrower must make interest payments while enrolled in post-secondary education. The borrower repays principal and interest after leaving school. Borrowers must have a credit worthy cosigner. Borrowers do not have to show financial need to be eligible.

Federal Loan Programs

The federal government funds or guarantees the following loan programs.

■ **Federal Stafford Loans**

Federal Stafford Loans include Federal Subsidized Stafford Loans and Federal Unsubsidized Stafford Loans.

- **Federal Subsidized Stafford Loans** are made by lenders approved by the federal government. The federal government guarantees the loans, subsidizes the interest if market rates exceed the rate the student pays, and covers the interest while the student is attending. Borrowers of Federal Subsidized Stafford Loans must demonstrate financial need.
- **Federal Unsubsidized Stafford Loans** are available to borrowers without demonstrated financial need. The loan limits and interest rate are similar to those for Federal Subsidized Stafford Loans. Borrowers are charged interest while in school.

■ **Federal Ford Direct Loans**

Federal Ford Direct Loans also include subsidized and unsubsidized loans.

- **Federal Ford Direct Subsidized Loans** are made by institutions with capital from the federal government. The federal government guarantees the loans. The borrower does not pay interest while attending. Borrowers of Federal Ford Direct Subsidized Loans must demonstrate financial need.

- **Federal Ford Direct Unsubsidized Loans** are available to borrowers without demonstrated financial need. The loan limits and interest rate are similar to those for Federal Ford Direct Subsidized Loans. Borrowers are charged interest while in school.

- **Federal Perkins Loans**

The federal government awards grants to institutions to create a loan fund. The program requires that institutions match the federal contributions. Institutions make the loans to students with financial need. Students pay no interest while attending. Upon leaving, they pay a relatively low rate, currently set at 5 percent.

- **Federal Parent Loans for Undergraduate Students (PLUS)**

Loans are made by lenders approved by the federal government to parents of dependent students. The federal government insures the loans, sets the interest rate and subsidizes lenders if the rate paid by borrowers is less than market rates. Borrowers do not have to show financial need to be eligible.

- **Federal Agency Loans**

This category includes loans, other than Federal Stafford Student Loans, Federal Ford Direct Loans, Federal Perkins Loans, and Federal Parent Loans for Undergraduate Students, made or guaranteed by an agency of the federal government. Examples are Health Education Assistance Loans (HEAL), Health Professions Student Loans, Nursing Loans, and Veterans Administration Loans.

Institution Loans

There is one category for loans made by post-secondary institutions.

■ **Institution Awarded Loans**

These are loans, other than Federal Perkins loans, made by the institution to the student and his or her parents. Institution awarded loans include loans that students and their parents are expected to repay after completion of their education. Loans in this category are from institution controlled funds.

Loans Made by Private and Other Lenders

There are two categories for loans made by private and other lenders.

■ **Loans Made by Private Lenders to Students and Their Parents**

This category includes loans that students and their parents are obligated to repay. These loans have no guarantee provided by a state or federal agency. They are limited to those loans explicitly made to cover part or all of the cost of attendance. These do not include second mortgages or loans independently contracted with a private lender. Examples of these loans are Excel Education Loans, GOAL loans, SHARE loans, T.H.E. loans, Signature Loans, Collegiate Loans, and Citiassist Loans.

■ **Other Loans**

This category includes loans that do not fit into one of the categories identified above.

Work-Study Programs and Jobs at Institutions

Student earnings from jobs at the institution and work-study jobs provide some of the money needed for the cost of attendance. Since many institutions do not have records of student earnings at off-campus jobs, the information collected is only for jobs at the institution.

■ State Work-Study Program

The state funds a work-study program. The Higher Education Services Office allocates the money to institutions. Institutional financial aid directors make the awards. Employers must provide at least 25 percent of the wages paid to students awarded a State Work-Study job.

■ Federal Work-Study Program

The federal government funds the Federal Work-Study Program. The federal government makes an annual allocation to institutions. Institutional financial aid directors make the awards. Employers must provide at least 25 percent of the wages paid to students awarded a Federal Work-Study job.

■ Jobs at Institutions

Institutions employ students without subsidies from governments. This category includes only those wages paid to students appearing on the institution's payroll records. This does not include all on-campus jobs. The largest class of on-campus jobs not included are employees of food service contractors providing meals on-campus.

Appendix II. Totals by Program, Fiscal Years 1987, 1989, 1991, 1993, and 1995

Fiscal Year 1987 Totals for All Institutions

Grant and Scholarship Programs:	FY 1987 Amount	Number of Undergrads	Loan Programs:	FY 1987 Amount	Number of Undergrads
State Grant Program	\$63,327,940	62,981	MN SELF Loans	\$10,552,728	4,165
State Part-Time Grants	\$1,275,704	4,575	Fed. Stafford Loans, Subsidized	\$151,209,743	74,463
Federal Pell Grants	\$78,315,191	59,816	Supplemental Loans to Students (SLS)	\$3,597,133	1,485
