HIGHLIGHTS

Balancing the budget

Chair Mary Forsythe (IR-Edina) steered a budget balancing bill through the Appropriations Committee at a five-hour meeting Feb. 19 that would spare major education cuts, but reduce the welfare budget.

Budget proposals from the Appropriations divisions—agriculture, transportation and semi-state, education, human services, and state departments—and a farm-relief package make up the omnibus bill that attempts to balance the state budget without raising taxes.

Rep. Merlyn Valan (IR-Moorhead) outlined the $19.9 million farm-relief program that includes allocations for tuition subsidies, legal services, groundwater research, and an interest buydown program.

The House Rules and Legislative Administration Committee hears the budget balancing bill next.

Farm aid package

A $20 million farm package that aims at helping financially strapped farmers and bankrupt small businesses, while beefing up some farm programs, won approval from the Appropriations Committee Feb. 19.

The package part of the omnibus budget balancing bill calls for:
- $15 million to go for an interest buy down program whereby farmers could get a total write-off of about 50 percent on spring operating loans. Farmers with a debt-to-asset ratio greater than 50 percent would be eligible for the loans;
- $360,000 for a farmer-lender mediation program. The University of Minnesota Agricultural Extension Service would contract with mediators to help farm-lenders and borrowers with refinancing, restructuring, or paying off debt;
- $70,000 for the Minnesota Family Farm Advocate Program. The purpose of the program is to help farmers get credit and continue farming. Provisions in the bill would restore funding to part-time farm advocates and outline qualifications and duties of advocates;
- $740,000 to the commissioner of agriculture to pay sellers of seller-sponsored family farm security loans; and
- $500,000 for a legal assistance program for farmers and small business operators that the Minnesota Supreme Court would administer. Other funding for the program could come from the Rural Rehabilitation Revolving Fund.

Other provisions would target funds to:
- area AVTIs to help retrain displaced farmers;
- the Agricultural Data Collection Task Force to continue its work; and
- the University of Minnesota Agricultural Extension Service for water quality research projects and other extension services like Project Support and the Farm Financial Management Program.

Medical malpractice

A bill that aims at reducing insurance rates for the medical profession and making health care more available made its way through a second committee on Feb. 19. The Judiciary Committee recommended HF1764 to pass, but not before making several changes.

The committee removed a cap of $250,000 on non-economic damages such as pain and suffering. Author of the amendment, Rep. Dave Bishop (IR-Rochester), said a cap would affect those who would need the damages the most.
Bishop, an attorney, told about a quadriplegic woman he represented who lost her children because of injuries. "Would $250,000 be enough to compensate this woman for her pain and suffering?" Bishop asked.

Punitive damages, which HF1764 originally repealed, would remain in medical malpractice law under another amendment, but attorneys would not be able to plead them in their initial complaint. Attorneys, after completing the fact-finding process, would have to come before the court and ask to amend the complaint to include punitive damages.

The bill now goes to the House floor.

Sexual requests of children

An adult who asks a child for sex would be guilty of a felony under a bill the Crime and Family Law Committee recommended to pass Feb. 19.

HF1835 calls for a three-year penalty and/or a $5,000 fine for an adult who requests a sexual favor from a child under age 16.

Author Rep. David Bishop (IR-Rochester) said the bill would close a gap in current law.

"The solicitation itself is not an offense," he said. "It has to be accompanied by some offer, some act, some attempt, some beginning of the sexual conduct."

If the child consents to the sexual act, the bill would not call for prosecution of the adult, but a mistake about age would not be a defense.

Rights for the mentally ill

Members of the Health and Human Services Committee unanimously recommended passage of two bills Feb. 18 that would increase services to the mentally ill and expand their bill of rights.

Rep. Steve Sviggum (IR-Kenyon) is author of HF2081 and HF2082. The bills would require the commissioner of human services to create a comprehensive mental health system that reduces abuse of the mentally ill and attempts to stabilize their emotional health. The bills also extend the mental health bill of rights to people who are receiving outpatient treatment, and provide a written grievance procedure for in-house patients.

The bills come on the heels of a legislative auditor's report that says state hospitals for the mentally ill overuse drugs, seclusion, and restraints, and do not adequately prepare patients for discharge. Children often are in hospitals too long, the report says, and too many services are concentrated in the metropolitan area.

The Governor's Commission on Mental Health will spend the next year studying ways to correct those issues.

Bonding program

A bill that would authorize the commissioner of finance to sell up to $20 million dollars in bonds to bail out a farm program, got a recommendation to pass from the Agriculture, Transportation, and Semi-State Division of Appropriations Feb. 18.

HF2190 (Valan, IR-Moorhead), would instruct the commissioner to set up a program of short-term bonding to raise funds to pay lenders who loaned money to farmers under the Family Farm Security Program.

Officials from the Department of Agriculture say many borrowers going through the program can't keep up payments on their loans. And because the state stands behind 90 percent of the loan amount, it could owe lenders $16 to $20 million if loan defaults continue to increase.

The bonding program, part of the governor's supplemental budget plans, would pay lenders the principal balance due them upon default. Other payments due lenders, such as accrued interest costs, would come from general fund appropriations.

In the case of seller-sponsored, state guaranteed loans, qualified sellers could get a tax-exclusion payment if they agree to a three percent write-down on the balance of the outstanding loan.

Prior to 1985, sellers who sold property under the program to a farmer on a contract for deed, could deduct the earned interest on the loan from state income tax. But last year, the Legislature repealed the interest exclusion in efforts to simplify the tax form.
Appliance businesses

Golden Valley contractor, Tom Sedgwick, told members of a Feb. 18 Regulated Industries and Energy subcommittee that HF1909 (Piepoh, IR-Mankato) would "put utilities back in their place selling power and take them out of the appliance business."

Sedgwick says Minnesota power companies unfairly undercut independent businesses by selling and servicing appliances.

HF 1909 would prohibit utilities from selling, renting or servicing energy-consuming appliances. According to Sedgwick, who spoke for a Minnesota association of appliance contractors and dealers, Minnegasco's yearly appliance sales and service volumes are now about four times greater than the state's largest appliance dealer. "I don't know any small business who can compete with Minnegasco for advertising, mailings, name recognition, customer access and financing," said Sedgwick.

A Minnegasco spokesperson, Carl Cummins, said, "We admit we have a large advertising budget—just as we admit we are a big business. But our sales and service departments pay their own way—gas rates do not subsidize them. Our primary purpose is to see that customers have reliable appliances and service and to develop new markets for natural gas."

Loan mediation

Lenders and debtors would have an alternative to court battle under a bill the House considers soon.

On Feb. 18, the Governmental Operations Committee recommended passage of HF1969 (Boerboom, IR-Cottonwood) which allows mediation of lending disputes.

The bill would set up non-profit regional corporations that would train individuals to be mediators.

If both lenders and debtors agree, they could ask the courts for a mediator, pay the fee, and try to come up with a solution without going to court. The agreement would be non-binding unless both sides agreed to a binding agreement and consulted an advisor before they signed it.

Steve Erickson, president of the Academy of Family Mediation Services, said mediation has been successful in some pending farm foreclosures in Minnesota. He predicts mediation will become commonplace.

"There's a great deal of interest around the country in alternatives to the traditional adversarial litigation process," he said.

Tax budget balancing bill

A bill providing $133.6 million to help make up a $734 million shortfall got the recommendation of the Taxes Committee on Feb. 18. The committee rejected the governor's budget-balancing recommendations to cut $104.4 million in property tax relief.

HF2096 (Schreiber, IR-Brooklyn Park) would provide that $106.3 million of motor vehicle excise taxes would stay in the general fund rather than go to the highways and transit fund. The remaining $27.3 million would come from a Department of Revenue tax compliance program.

Under the tax compliance program, the department would have new powers to put tax liens on homesteads; suspend the licenses of insurance agents, realtors, doctors, dentists, and accountants; and use collection agencies to go after delinquent taxpayers. The department would report attorneys delinquent in paying taxes to the Minnesota Supreme Court and the Board of Professional Responsibility.

Other provisions of HF2096 would: give local governments a general increase of three percent in state aids next year, about the rate of inflation; give a one-time property tax refund next year to commercial and industrial property owners, seasonal and recreational commercial property owners, and some property owners in "enterprise zones"; and replace the 8.5 percent sales tax on liquor at the retail level with a 14.6 percent tax at the wholesale level.

The bill now goes to the Rules and Legislative Administration Committee. The committee plans to incorporate it along with other budget-balancing bills into one bill.

Property assessment notices

Homeowners wouldn't have to sift through newspaper print to learn of specific assessments against their property if HF1886, a bill Representative Dennis Frederickson (IR-Windom) is sponsoring, becomes law.

The Local and Urban Affairs Committee, HR1886 recommended it to pass Feb. 18. The bill would require municipalities to inform property owners via first class mail about exact assessments against their property if HF2096, a bill to provide $133.6 million to help make up a $734 million shortfall got the recommendation of the Taxes Committee on Feb. 18. Homeowners wouldn't have to sift through newspaper print to learn of specific assessments against their property if HF1886, a bill Representative Dennis Frederickson (IR-Windom) is sponsoring, becomes law.

The Local and Urban Affairs Committee, HR1886 recommended it to pass Feb. 18. The bill would require municipalities to inform property owners via first class mail about exact assessments against lots and land. Currently, mailings include only notices of the upcoming city council assessment hearings. To learn of specific assessments against their properties before council meetings, owners must read assessment files in the county clerk's office or look up their assessments in the city newspaper.

"Property owners need to know what their property is being assessed at so they can appeal it at council hearings if they want," said Frederickson. "The way it is now, too many people are being caught unaware."
Under the proposed bill, mailings to property owners would also explain assessment appeal procedures.

**Postsecondary options**

Junior and seniors in nonpublic high schools could take part in Minnesota's fledgling postsecondary options program under a bill waiting action in the Education Committee.

Heard Feb. 17, HF1925 (Gruenes, IR-St. Cloud) would authorize the state to reimburse colleges for private and parochial students' tuition when they take postsecondary courses as part of their high school education. Currently, only public high schoolers receive such aid.

According to Bob Wedl, Minnesota Department of Education, the postsecondary options program, which passed last year, serves primarily students who have surpassed their high school course offerings in one or two subject areas. About two percent of the program's 1,700 participants transferred last September from private into public schools solely to qualify for the reimbursements.

Wedl also pointed out that 30 percent of these 1,700 students attend postsecondary schools on a full-time basis while receiving both high school and college credits.

HF1948 (Gruenes, IR-St. Cloud) would discourage full-time enrollment by prohibiting tuition, transportation, and book reimbursement if students take college courses for college credits.

**Child abduction**

Divorced parents would no longer have 14 days to return an abducted child before facing a felony charge if HF1978 (Kiffmeyer, IR-Big Lake) becomes law.

The bill, which the Crime and Family Law Committee recommended to pass Feb. 17, calls for reducing the 14-day grace period to 3 days. And it would allow no grace period if the parent does not return the child voluntarily.

Rep. Ralph Kiffmeyer, author of HF1978, says the bill clarifies existing law. It arose from a recent Minnesota case where a mother kidnapped her child, but the Court of Appeals rejected a felony charge against her because police located the child within 14 days.

Such action encourages police to delay a search, according to Paul Kempainen, special assistant attorney general. "Police and prosecutors are simply not going to take seriously child abduction cases for the first 14 days, knowing that no felony is going to come out of it," he said.

Under present law, a convicted parent would go to jail for one year, and/or pay a $3,000 fine.

**Farm property taxes**

Farmers with late harvests would have a one-month grace period for paying second-half property taxes under a bill the Local Government Finance Division of the Taxes Committee recommended on Feb. 17.

Author of HF1759, Rep. Terry Dempsey (IR-New Ulm) says the bill would allow owners of agricultural property more time (until Nov. 15) to pay the second half of their property taxes without penalty. If the owners failed to pay by Nov. 15, they would pay the same penalties as all other property owners, he said.

The bill now goes to the full Taxes Committee.

**Boating while intoxicated**

Boaters who drink and drive would face the same penalties as drunk drivers on land, under a bill that will go to the House floor.

Rep. Kathleen Blatz (IR-Bloomington) is author of the measure that would apply not only to motorboats but to all watercraft, including rowboats and sailboats.

Blatz said she decided to broaden the bill when she heard of a young boy who drowned last summer when his drunken adult companion tipped over their boat.

The bill provides penalties and fines similar to those that apply to DWI offenses on land. Officers of the Department of Natural Resources would stop errant boats and give field sobriety tests to operators and then take the operators to the nearest location of a breathalyzer.

On Feb. 17, the Crime and Family Law Committee meeting adopted and recommended to pass Blatz's strike-everything amendment, replacing the language in the Senate bill, SF31 (Diessner, DFL-Afton). SF31 would apply only to people operating motorboats of sixteen horsepower or more.

**AIDS investigations**

The Health and Human Services Committee Feb. 14 adopted an AIDS amendment to HF1594 (Carlson, J., IR-Moorhead), and recommended passage of the omnibus policy bill as amended. The amendment by Rep. Joel Carlson would give the Health Department authority to investigate cases of Acquired Immune Deficiency Syndrome (AIDS).
The amendment would authorize the commissioner of health to identify suspected AIDS victims and determine their point of contact with the disease. The Health Department could not release that data to law enforcement officers, employers, landlords, insurers, or anyone else who might use it against the suspected AIDS victim.

But Rep. Karen Clark (DFL-Minneapolis) objected that the amendment's language was overly vague, and left AIDS victims open to possible bias. “My concern is over privacy,” she said. “When individuals are identified for public health purposes, that information could be used against them.”

The bill would also restrict further AIDS funding to contact tracing procedures that help identify potential AIDS victims. Clark argued that the bill should also finance AIDS education and testing sites.

Pound seizure law

Minnesota’s pound seizure law makes it one of six states that requires community pounds to sell animals for research—if their owners don’t claim them.

On Feb. 13, the General Legislation and Veterans Affairs Committee recommended a bill that would make several changes to that law. Under the legislation, community pounds could not give or sell dogs or cats for research. After holding the pets for five days, the pounds would have to give them away or have the animals put to sleep.

Also, beginning July 1 of next year, any institution doing research on animals could not accept dogs or cats for research unless research was the purpose for raising the animals.

Author of HF1016, Rep. Dave Fjoslien (IR-Brandon), says the main problem is the stealing of the pets: “This is going on in the district that I represent and virtually every other district in the state. The only way we are going to eliminate the stealing of animals is to dry up the use of the animals.”

The bill now goes to the floor of the House.

Committee deadlines

On Feb. 10, the full House adopted a Senate concurrent resolution providing session deadlines for the Legislature in accordance with Joint Rule 2.03.

Deadlines are:
- After Feb. 28, neither the Senate nor the House will act on committee reports on bills in the house of origin.
- After March 8, neither the Senate nor the House will act on committee reports on bills originating in the other house.
- After March 13, neither house shall act on bills other than those in: 1) reports of conference committees; 2) messages from the other house; 3) reports of the Committee on Rules and Administration in the Senate or the Committee on Rules and Legislative Administration in the House; or 4) messages from the governor.

Legislators

Who represents you at the State Capitol?
The House Information Office can tell you which legislative district you live in, and who represents that district.

Legislators’ districts, addresses, phone numbers, office locations, biographical details, and photos.
The House Information Office publishes the Official Directory of the Minnesota Legislature and the Members Directory with committee assignments. You can get copies in the House Information Office.

What legislation did your representative introduce?
The House Index Department has a Cathode Ray Tube (CRT) which shows information on a television-like screen. The CRT lists each member’s name and the bills s/he sponsored in the current session. Staff members will help you use the CRT.

Where members sit in the House Chamber
The House Information Office publishes a Seating Arrangement of the Minnesota Legislature with members’ photos.

United States Congress
The House Information Office can give you names of Minnesota’s members of Congress.

to write your legislator, address him/her as follows:
The Honorable (name)
Minnesota House of Representatives
(or Minnesota Senate)
State Capitol
St. Paul, MN 55155
Dear Representative (or Senator) name:

Bills

Need a copy of a bill?
The Chief Clerk’s Office can give you copies of bills and resolutions.

Want to know a bill’s author, status, or committee assignment?
The computerized House Index tracks all bills through the legislative process. You can get the information you want about bills on the CRT. House Index lists bills by committee and by over 150 topics (e.g. environment, taxes, education) on the CRT.

You can call the House Bill Status Line, a 24-hour recorded message on the day’s committee action on bills, (612) 297-1264.

Which bills became law?
Bills that became law are on the CRT in House Index, and the House Information Office publishes brief summaries of new laws each session. Contact the Information Office to get on the mailing list for the summaries.

Committees

For committee meeting schedules
Call House Calls, (612) 296-9283, for a 24-hour recording of up-to-date information on committee schedules (time, place, and agendas). The House Information Office and the Chief Clerk’s Office have copies of daily schedules.

Committee action during interim
The House Information Office summarizes committee action during the interim (the time between the end of one session and the beginning of the next) in Interim magazine. (Same mailing list as for new law summaries).

Standing committees and committee assignments
The Members Directory and the Official Directory, list committees and committee assignments. Both are available in the House Information Office and Chief Clerk’s Office.

Government

The Legislature—how it works
The House Information Office has brochures on Minnesota and its government, including: How a Bill Becomes a Law; Citizen’s Participation Course, a test-yourself quiz on the legislature; and the Government is for Everyone information packet with single sheets on: how to contact your legislator, where to get information, Minnesota facts, how legislators make voting decisions, and an explanation of the differences between state and federal government.

For youngsters, the House Information Office provides The Road to Minnesota Laws, a cartoon version of how a bill becomes a law; and Joey’s Visit, a coloring book.

Proceedings in the House
The Chief Clerk’s Office can answer your questions. The office publishes the Journal of the House, the official daily record of legislative action.

House Agendas
The Chief Clerk’s Office has copies of the schedules of House floor action (e.g. Calendar, General Orders).

Structure of Government
The House Information Office publishes Three Branches of Government, a wall chart showing the structure of state government. Staff members will help you find various state departments and agencies, and furnish phone numbers.

Capitol Tours
The Minnesota Historical Society gives regular daily tours of the State Capitol, (612) 296-2881.

In the Senate
The Secretary of the Senate’s Office (612) 296-2343 and Senate Index (612) 296-2887, Rm 231, State Capitol, provide services similar to the Chief Clerk’s Office and House Index. The Senate Information Office, Rm B-29, State Capitol, (612) 296-0504, provides services similar to those of House Information. Call the Senate Hotline, (612) 296-8088, for committee meeting schedules.
INFO

How a bill becomes a law

- A bill is an idea for a new law, or an idea to abolish or change an existing law. Several thousand bills enter the legislative process in Minnesota each time the Legislature meets.

- Minnesota has a bicameral Legislature, or two groups of elected citizens—senators in the Senate—representatives in the House of Representatives—who study, discuss, and vote on bills, acting for the people of Minnesota. Bills begin their legislative journey in either the House or Senate, or both. To become a law, all bills must pass both the House and Senate and go to the governor for his approval and signature.

- The Idea
Anyone can propose an idea for a bill—an individual, a consumer group, corporation, professional association, a governmental unit, the governor. Most ideas come from members of the Legislature. The revisor of statutes puts the ideas into proper legal form as a bill for introduction. Only legislators can introduce bills into the process.

- Chief Author
The legislator who sponsors and introduces the bill in the Legislature is the chief author. The chief author's name appears on the bill with the bill's file number to identify it as it moves through the legislative process. The chief author may select other authors, whose names also appear on the bill—no more than five authors on a bill.

- Introduction in the legislature
When the author introduces a bill in the House, it gets a House File (HF) number (HF264, for example), indicating the chronological order of the bill's introduction. In the Senate the bill gets a Senate File (SF) (SF224, for example). Each HF usually has a companion SF in the Senate. All revenue-raising bills must begin in the House.

- Committee consideration
At introduction, the bill has its first reading (the Minnesota Constitution requires three readings for all bills—on three separate days). The presiding officer of the House or Senate refers it to an appropriate standing committee for committee action. All committee meetings are open to the public. A committee may: recommend passage of a bill in its original form; recommend passage after amendment by the committee; or make no recommendation, in which case a bill may die when the session ends. After acting on a bill, the committee sends a report to the House or Senate, stating its actions and recommendations.

- General orders
After adoption of the committee report in the House and Senate, the bill has its second reading and goes onto General Orders of the Day. In the Committee of the Whole, legislators discuss bills on General Orders. They may debate the issues, adopt amendments, and present arguments. They may vote to recommend that a bill "do pass," recommend postponement, or recommend further committee action.

- Calendar
The calendar is a list of bills the Committee of the Whole recommends to pass. At this point a bill has its third reading. Amendments to the bill must have the unanimous consent of the entire body. Legislators vote on it for the final time.

By committee recommendation, non-controversial bills can by-pass General Orders and go directly onto a Consent Calendar, usually passing without debate. Every bill requires a majority vote of the full membership of the House and Senate to pass.

- Conference committee
If the House and Senate do not agree on a bill, a conference committee of three to five senators, and an equal number of representatives, meets to reach an agreement. If both bodies then pass the bill in compromise form, it goes to the governor.

- Governor
When a bill arrives at the governor's office, he may: sign it, and the bill becomes law; veto it (return it, with a "veto message," stating his objections); pocket veto the bill (after final adjournment of the Legislature); exercise his right to line veto portions of appropriations bills. If he does not sign or veto a bill within three days after receiving it, while the Legislature is in session, the bill becomes law.
