

# Individual Amendment Data

legislature has submitted to the voters for ratification or rejection since statehood.

Legislative Manual, published on a biennial basis by the Office of the Minnesota Secretary of State. Other numerical data were extrapolated from the reported vote totals by the House Research Department. Data related to legislative approval of proposed amendments were compiled by the staff of the Minnesota

The columns contained in the spreadsheet reflect the following data:

- **Amendment Description:** A brief description of the content of a proposed amendment.
- **Election Year:** The year in which the proposed amendment appeared before the voters at an election
- **Ratified?:** A proposed amendment that was ratified by the voters is marked “Y”; a proposed
- **Other Year(s) Proposed.** This column lists, where applicable, additional years that the substance of a particular proposed constitutional amendment appeared on the ballot. These data were compiled by the

## Legislative Approval Data

- **Final House Vote.** This column lists the date a final vote was taken in the House of
- **House YES/House NO.** These columns list the final yes/no vote on the proposed constitutional
- **% House YES.** This column lists those voting yes on the proposed constitutional amendment in the House of Representatives, as a percentage of the total number of seats in the House of Representatives at
- **Final Senate Vote.** This column lists the date a final vote was taken in the Senate to approve the
- **Senate YES/Senate NO.** These columns list the final yes/no vote on the proposed constitutional
- **% Senate YES.** This column lists those voting yes on the proposed constitutional amendment in the

## Voter Ratification Data

- **YES/NO Votes:** These columns list the total number of “yes” and “no” votes on the question itself; blank ballots are not included in the calculations. This "yes" column is used for determining ratification
- **Total votes at Election:** This column lists the total number of voters casting ballots at the election. In several years prior to 1900, this number is not available and was not used for determining ratification; in most cases, the number of votes cast for the highest office appearing on the ballot appears in this

- **% YES/NO at Election:** These columns list the percentage of “yes” and “no” votes, taking into account all voters at the election. (Though blank ballots are included in the total number of votes at the election, they are not considered a “yes” or “no” vote in the calculations here. As a result, the
- **% YES/NO on Question:** These columns list the percentage of “yes” and “no” votes, taking into account only those voters who affirmatively marked a "yes" or "no" on the proposed constitutional amendment. Blank ballots are not included. For amendments proposed prior to 1900, a “yes” percentage
- **Blank Ballots on Question:** These columns list the raw number of ballots on which the voter did not record a “yes” or “no” vote, and the percentage of ballots at the election that this raw number
