The Legislative Reference Library has had the same mission for over 50 years: to supply unbiased information that supports the legislative process.

Do you want to know how other states have addressed public policy issues? Do you need to research an unfamiliar topic for a meeting? Do you need statistics or background information for a speech or bill? Did you hear about a book or article you would like to read? Are you wondering about the history of the Legislature or state government? Ask us!

Library staff are nonpartisan and all requests are confidential.
